

CANNIBALS TRY TO EAT PARTY OF AMERICANS

Dr. Hamilton Rice's Wife Is With Expedition; Escapes After Hot Fight.

NEWPORT, E. I., May 1.—An attack by ferocious cannibals of large stature and scantily clad on the party of Dr. Hamilton Rice, which is exploring the Amazon region, is described in a letter received here from Chester Ober, geographer with the expedition. Dr. Rice and Ober killed two cannibals and the rest fled.

Mrs. Rice, formerly Mrs. George D. Widener, of Philadelphia, is with the party.

Secrets Of The Movies Revealed

Q. What percentage of the entire cost of pictures do the actors receive in salaries?

A. Figures of most of the film organizations dispel the general belief that stars absorb most of the revenues. Last year it cost one of the large companies \$12,000,000 in all its departments and the stars received just a percent of this, about \$200,000. More than twice as much was paid for positive films as in stars' salaries.

Q. What producer is famous as a scolder and yatcher?

A. J. Stuart Blackton.

Q. What star of today was once called "snub-nose, freckle-face"?

A. Pauline Starke, film beauty, was when a young girl a prettier failure because of her retreating nose, gray eyes and freckles.

Q. What color of hair and eyes have Tom Moore and Bill Hart?

A. Both have brown hair and blue eyes, although Bill's hair is darker.

Q. What kind of features photograph best for the movies?

A. Generally heavy features.

Q. Who is Mrs. H. Palmerson Williams?

A. In the movies she is Marguerite Clark.

Q. What well known star played leading parts in both "Les Misérables" and "A Tale of Two Cities"?

A. William Farnum.

In our next issue you will learn how many weeks a movie is expected to pay for itself.—(Copyright, 1924, Thompson Feature Service.)
