

RETURNING EL PASOANS BALANCE LIST OF THOSE LEAVING DURING WEEK FOR SUMMER RESORTS

By OLIVE P. LANDEN.

NOW that the middle of the season is past and summer's work has begun, a number of El Pasoans are returning from mountain and coast and from motor trips to California and other points. In fact, returning El Pasoans balance the list of those leaving for summer resorts last week.

The days at home are quite filled with parties and other diversions and the past week really had not an idle day for society, despite its having been the warmest week of the summer thus far.

The most important of the social events for this evening is a dinner to be given at the Toltec club in honor of Gen. Julian S. Carr, of North Carolina, by Mr. and Mrs. Hal Aldridge, whose guest he is during his visit here.

On Sunday another honor affair will be given for Gen. Carr. It will be a reception to be tendered in his honor at the Woman's clubhouse.

Advertisement for hair tonic. '18 The most common form of hair trouble (which is really a scalp trouble) is dandruff. There are two kinds of dandruff, dry dandruff and dry dandruff. The dry dandruff usually comes first. Obstinately, however, dry dandruff sets in without passing through the oily stage. Dandruff is a given disease and could not be held in a healthy scalp. Care of the scalp in these times, essential in all cases to remove the disease. One clearly defined cause, now recognized by doctors, is overwork, worry, or neglect of the scalp in any way. Clean habits also cause dandruff. Cleanliness is essential to good hair, just as it is essential to good health. The main cause of stopping dandruff and subsequent baldness lies in treating the scalp by cleanliness and the use of some known tonic recognized as efficient from actual experience. Mexican Herb Hair Tonic is known to be useful health-producing and highly efficient in all dandruff cases. Much depends upon thoroughness in treatment. As much, in fact, as upon the remedy used. All medication of any part of the human body must be systematic and intelligently done. Hair can be saved by thoughtful care.
