### Populism Versus Pauperism.

By many these are considered synonymous terms, at least I heard one old plute say they were. But they are not.  
True populism means prosperity. Prosperity for all, not for the few.  
Populism or peopleism means Americanism, no more, no less, that is all.  
Populism means death to all monopolies.  
Populism means government ownership and control of all public or semi-public enterprises.  
It means money at cost, for the people the same as for the national bankers.  
It means transportation at cost. It means telegraph and telephone service at cost.  
It means employment for the idle masses at productive labor.  
It means homes for the homeless. It means lands for the landless. It means schools for the schoolless.  
It means justice instead of hand me down charity for all.  
It means law for the lawless.  
It means the reorganization and regeneration of society.  
It means few if any real paupers. It means fewer jails, prisons, poorhouses and soup houses.  
It means less tramps, hoboes and bums.  
It means that blessed and happy condition that Christ told us of nearly twenty centuries ago. It means "peace on earth and good will to men."  
Do you want it? If you do study direct legislation and vote for it. M. N. in Chicago Express.
