It seems to us that the chairman of
the populist party ought to call the
county central committee together pretty
soon and begin to outline the work or at
least come to some conclusion as to what
action will be taken by the three parties
this summer. The democratic party and
silver republicans might also profit by
getting together in like manner pretty
soon.

It reports be true that J. F. Brown,
county commissioner, has moved to
Skagway, then the appointment of a
county commissioner will be the next
thing in order. Great care ought to be
exercised in this matter, and we hope
and believe this will be the case. How
would P. H. Fogh, of Roslyn do for a
position of that kind? He's from the right
district too. Fogh's all right.

Some thoughtless person or persons
have been throwing bones and scraps
of horses in Wilson creek up above the
public school building. It is presumably
some one training dogs for Alaska, and
they take this means of disposing of the
refuse. They are perhaps not aware that
many families use this water, and
even if they did not such things should
not be allowed, for besides creating an
offensive odor it breeds disease.

front of it and see how you appear on
all sides, without turning around. The
mirror cost Mr. Collins about \$100 laid

Otto Faulman, section foreman on

passenger train No. 3. He and one of
his hands had been in Wenatchee all
day. They were nearly across the Col-
umbia river bridge on a hand car when
they saw the passenger train almost on

before he could get out of the way, the
train struck him and his car, landing
him on the rocks below and killing him
instantly.

School closed at the Cove last Friday,
Miss Agnes Hinman having taught a six
months' term. A few of the parents
came the last day, bringing their dinner
and having a sociable time. The attend-
ance the fore part of the term was un-
usually large and would no doubt have
continued so if it had not been for the
prevalence of the measles. A large num-
ber of the students succumbed to the
disease, and the teacher not being ex-
empt had the disease also. We regret
very much to see Miss Hinman leave
the community as she has made many
warm friends during her stay here.
May success follow her wherever she

Another Honored Citizen Passes Away.

Walter A. Bull died at the resi-
dence of H. Livingstone, in the
Horse Spring Culee, near Loomis,
Okanogan county, Wash, on Mar.
4, 1898. Mr. Bull was born June
20, 1838, in Albany, New York.
When ten years old he went to Ra-
cine, Wis., where he lived about
ten years. He was a railroad con-
tractor and did a vast amount of
work on the Union Pacific when it
was being constructed. He left
the U. P. Co., when they reached
Odgen, and brought his wagons
and outfit across the country to aid
in building the road from Portland
to Tacoma in 1869. He came as
far on the road as this valley, and
concluded to locate here which he
did July 5th, 1869, and has re-
mained here ever since until a year
or so ago, when he went up into the
Okanogan country for the purpose
of trying to regain lost health. At
one time Mr. Bull was the largest
land owner in the county and the
famous Bull ranch near town will
for many years to come keep his
name fresh in the minds of the
people. He engaged in the mer-
chandise business in this city in
an early day, carrying a general
stock of goods in his store, which
stood on the south side of the street
opposite the clothing store of C. L.
Collins. His ranch was used as a
hay ranch, the product of which has
always found a good market. He
gave employment to a large num-
ber of men and was always a
prominent figure in every enter-
prise calculated to build up this
city and surrounding country.
Some years ago misfortune over-
took him and like most large in-
vestors, he over reached himself,
becoming involved and losing a
great deal of property. He was
always a personal friend of ye
editor, and contributed largely to
our success in getting a strong
foot hold with THE DAWN in this
city, also contributing \$50 each to-
ward establishing The Kittitas
Standard and the Localizer, and
gave some toward establishing the
Capital.

He leaves a wife and several
children, among whom we mention
John, Lewis, Charley and Grant,
all of whom are courteous, and
highly respected young men of the
valley.

Death of Edward J. Fogarty.

Edward J. Fogarty was born in
County Killkenny, Ireland, on
September 21, 1831. He came to
America in 1850 and located in
Springfield, Ill., where he engaged
in general merchandise business in
that city. On August 20, 1854, he
married Miss Elizabeth Dunne, at
St. Louis, Mo. Seven children
were born of this union, of whom
five are now living—John B.,
Michael J., Edward F., Simon P.,
and Elizabeth F. (Mrs. J. F. Travers,
now residing in Rosland B. C.).
He came to Washington July
21, 1888, where he resided until his
death.

The deceased has been suffering
from asthma, which weakened the
heart, causing paralysis. He was a
neighbor and great personal
friend of Abraham Lincoln. He
will be sadly missed in this com-
munity, as his was a pleasant word
for every one brought in contact
with him. His death occurred on
Tuesday morning about 9 o'clock,
and the funeral was held at St.
Andrews' church at 10 o'clock

Thursday morning, Rev. Sweets
celebrating the requiem mass. The
church was beautifully draped for
the occasion, and the numerous
floral offerings were beautiful and
appropriate.

A large number of friends wit-
nessed the ceremony and follow-
ed the remains of this kind hearted
old gentleman to their last resting
place. The family have the sym-
pathy of a large number of friends
and acquaintances in their loss of
kind husband and indulgent father.

Mrs. Travers was unable to at-
tend the funeral on account of sick-
ness in her family, and Mr. Travers
being on the delayed train did not
arrive until 3:30 p. m.

If every man could live an out-door life,
passing his time with gun and fishing-rod
and canoe, there would be less illness in
the world. Unfortunately, the demands of
modern civilization will permit very few
men to live this ideal, healthful life.

Many men have to pass the day shut up
in offices and stores, and the nights in close
apartments in crowded cities. They get
little out-door exercise. One of the results
of this unhealthy, sedentary living is the
awful prevalence of that dread disease—
consumption. One-sixth of all the deaths
each year are due to this relentless enemy.
Formerly physicians pronounced this dis-
ease incurable. It is now generally known
that there is a marvelous medicine that for
the past thirty years has been curing con-
sumption almost without a failure. It is
Dr. Pierce's Golden Medical Discovery. It
cures 95 per cent. of all cases of consump-
tion, bronchitis, asthma, laryngitis and
other diseases of the air-passages. It is the
great re-builder. It tears down, carries off
and excretes old, inert tissues and replaces
them with the firm tissues of health. It
restores the lost appetite and makes the
digestion perfect.

"Four years ago I had an attack of grip that
left my throat and lungs in a bad condition,"
writes Mrs. Mary Hartman, of 300 Harker St.,
Mansfield, Ohio. "The doctor said I had dis-
ease of the throat and bronchial tubes. I
continued to grow worse. I had pain in the upper
part of my chest and a severe cough, which
grew worse at night and in the morning, with
heavy expectoration. I would cough up mat-
tery scabs, after which I would experience a
burning and smarting sensation in my throat.
I took the doctor's prescriptions without num-
ber, but they did me no good. I took sixteen
bottles of cod liver oil and was as bad as ever.
Then I took five bottles of Dr. Pierce's Golden
Medical Discovery, and three of the 'Pellets.'
I began to improve in every way and now en-
joy good health and have taken no medicine for
over six months."
