

WILSON'S GENERAL STORE

PEARL STREET,

ELLENSBURG, WASHINGTON.

Dec. 1st we enter upon our eighth year of business in Ellensburg. We thank the people for the generous patronage bestowed upon the store during all these years. We shall strive still harder to merit your patronage in the future. The business has steadily grown from the beginning and with the experience we have gained backed by capital sufficient to pay Spot Cash for every dollar's worth of goods that comes into the store, we feel that we can more than ever make it to your advantage to trade here.

This is none too soon to begin making your Holiday purchases. We have many things that should interest you should you contemplate making presents. . . .

In the Dry Goods department we have Ladies' Jackets and Capes, starting at \$3 for a good serviceable garment, running up through the various grades of quality and price to the finest at \$15.

Ladies' Kid Gloves at 50c, 75c, \$1, \$1.2
Feather Boas at all prices.
Blankets, starting at 50c per pair for cotton ones, running up to \$7.50 for the finest all wool.

Dress Goods we have in all qualities and prices. We have a special bargain in all wool dress goods at 24c per yard. We also have exclusive novelties in Dress Goods no two alike. Nothing could be more suitable for a present.

Fine Cashmere Hosiery for ladies and children, 25c, 40c and 50c per pair.

A large line of Carpets, Rugs, Lace Curtains and Portiers.

In the Grocery Department you will find everything usually kept in a grocery store, including all the reasonable things that are so necessary to good living. We have Cranberries, Sweet Pickles, Pop Corn, Sweet Cider, all kinds of Spices, fine Apples,

Seeded Raisins. Cleaned Currents, Olives, Fine Eastern Ham. Breakfast Bacon and Lard.

Don't think that all Savon soaps are alike. Our Royal Savon Soap is not the common soap usually sold as Savon. Try a box and you will not be satisfied with any other.

Pure New York Buckwheat and genuine Vermont Maple Syrup.

The saving in the Shoe Department seems to us greater than anywhere else. We sell shoes on the same margin we do groceries. You can buy a Ladies' Shoe here for \$2.50 that you cannot match for a dollar a pair more. You may pay \$5 for a pair of shoes but you cannot get a better pair than we sell for \$2.50.

School Shoes, 8 to 13. \$1. a pair; 13 to 2, \$1.25.
Felt Boots, German Socks, and Rubbers of all kinds.

Your Patronage is Solicited.

Respectfully Yours **R. B. WILSON.**

AN ENTERPRISING DRUG-GIST.

There are very few men more wide awake and enterprising than the Perry Drug Co., who spare no pains to secure the best of everything in their line for their many customers. They now have the valuable agency for Dr. King's New Discovery for Consumption, coughs and colds. This is a wonderful remedy that is producing such a furor all over the country by its many startling cures. It absolutely cures Asthma, Bronchitis, Hoarseness and all affections of the Throat, Chest and Lungs. Call at above drug store and get a trial bottle free or a regular size for 50 cents and \$1. Guaranteed to cure or price refunded.

Army Music in England.

Since 1857 every army musician in England must have passed through a course of instruction at Kneller hall—the former residence in Twickenham of Sir Godfrey Kneller. The bandmen are supposed to be mere private soldiers and receive the regulation shilling a day, plus a penny extra for the guards, and sixpence per diem to provide themselves with furnished rooms.

It is of course absurd to suppose that first rate performers would be satisfied with this miserable stipend when they could easily earn £2 or £3 a week by mere evening work at the theaters. They therefore receive a varying extra allowance from the band fund of the regiment, the government contributing £80 a year per regiment toward the cost of music and instruments.

The bandmaster, who is a warrant officer and is under the military orders of the drum major, nominally gets 5 shillings to 6 shillings per day, plus £70 a year from the band fund. Both bandmen and their conductor, however, derive the greater part of their income from private engagements, and trades unions congresses have more than once protested that the employment of the army bands at fetes, garden parties, bazaars and so forth is unfair to the civilian professional bandmen.—New York Times.

How to Look Good.

Good looks are really more than skin deep, depending entirely upon a healthy condition of all the vital organs. If the liver be inactive, you have a bilious look if your stomach be disordered, you have a dyspeptic look; if your kidneys be affected, you have a pinched look. Secure good health and you will surely have good looks. "Electric Bitters" is a good alternative and tonic. Acts directly on the stomach, liver and kidneys. Purifies the blood, cures pimples, blotches and boils, and gives a good complexion. Every bottle guaranteed. Sold by the Perry Drug Co. at 50 cts a bottle. 5

American Roses Abroad.

The London Garden is exceedingly complimentary in its notice of roses on their own roots received from America and expresses surprise at their strength and vigor of growth. The varieties received are chiefly teas, such as Catherine Mermet, The Bride and Perle des Jardins—a trio of the highest merit. The American roses are stated to be stronger than any the English gardeners have been able to raise. The own-root rose is slower at first, not much, however, if started in the right way. It is pronounced the healthiest and longest lived when the soil is warm enough for this mode of propagation.

Helpful Hints.

It is time to pot callas that have been dormant since June.

In setting out raspberry plants try to place them where they will not suffer for moisture. Lack of moisture about fruiting time is sure to ruin the crop and profit.

Sow some pansy seed for next spring's flowering.

The canna can be kept over winter, or it may be raised from seed each year.

Meehan assures the readers of his Monthly that any kind of greasy matter applied to the base of the tree will keep the borer away. The best thing that we know of is wheel grease, made up with various fats in connection with pine tar. Pine tar alone has been found efficacious, but the danger is from its being confused with gas tar by fruitgrowers not well informed. Gas tar is very likely to destroy the tree.

Orchard and Garden has come to the conclusion that after all the introductions of late years the best currant for the amateur to grow is the White Grape.

of men. To revive patriotism the workers must own and enjoy the prouets of their toil. Therefore every wage earner should be interested in how he is being dealt with under present conditions. A little investigation will do no harm. Mark Morris.

Sherman Talks of Secrets

CHICAGO, Dec. 20.—A special to The Tribune from Washington says:

Former secretary of State John Sherman in an interview tells an interesting cabinet secret which in the days before the war was frequently suspected but never established. With considerable emotion the ex-secretary said:

"I tried to prevent this foolish war with Spain. As a matter of fact negotiations were already in progress to purchase Cuba from Spain when the war feeling suddenly rose and swept everything before it. And Spain would have accepted the terms.

Pointed Paragraphs.

If you want justice, find how to get it.

The army of the unemployed is still growing despite "prosperity."

Improved machinery is doing the work while men are looking for work to do. If you don't believe it investigate.

If you want to own the products of your toil you must own and control the means of production and distribution.

How silly it seems to see one man working ten hours, producing fourth-fifths more than he receives in wages, and ten men begging to work one hour that they may earn a crust. Still "prosperity" is raging far and near—principally far. "What fools these mortals be."

A chance to earn a living is due every citizen, and when this inalienable right is denied the love of country vanishes from the hearts
