FORMER MINNESOTANS HOLDING REUNION AND PICNIC AT DASH POINT.

Former Minnesotans are enjoying a general reunion and outing today. At 9:30 this morning a large party of members of the Minnesota League left for Dash Point where they spent the day. All afternoon, boats were leaving every 20 minutes to carry the crowds to the picnic grounds. This evening a clam bake will be held and the affair will be wound

up with a picnic supper, beginning at 6 o'clock. The boats will continue to run every 20 minutes as long as there are passengers, and it is expected that, before night, a great crowd will have gathered on the scene of festivities. The league is arranging for the entertainment of the delegation of Minneapolis business men who will come to Tacoma August 3. Governor Johnson of Minnesota is expected to be here for the occasion and the affair will be wound

YOUNG EXPRESS CO. CLERK ADMITS A \$10,000 THEFT; THEN REGRETS CONFESSION

(By United Press Leased Wire.) CHICAGO, July 20.—"I realize now that I was a fool to tell the detectives that I took the money and where they could find it. I should have stood pat," were the words in which Clayton T. Zimmerman, jr., the young clerk of the Adams Express company, who was responsible for the disappearance July 12 of a package containing \$10,000 in currency, regretted the confession he made yesterday to the police. The stolen package was brought to the express company's office late in the evening by a messenger from the National Bank of the Republic. It was addressed to the Second National Bank of Monmouth, Ill.

According to the confession he made, Zimmerman, who was alone in the office, secreted the package, and continued his work. About midnight he opened the bundle, and stuffed his pockets with five and ten-dollar bills it contained. The wrappings and string he threw in a vacant lot, and after wrapping the bills in a newspaper, he hid them behind a panel in the bathroom in his lodgings. In the version of the affair he told the police, the boy said: "The police sweated me many times, but they could learn nothing. Finally they took me to my room, and started to talking and questioning again. It was there I decided the game was up and told them where they could find the money. They went and got it. I realize now I was a fool to give Zimmerman is 20 years of age. He was employed in the "out money" office of the company at a salary of \$55 a month, and handled immense sums of money each day.

BLOODY SKIRT EVIDENCE IN SAYLER CASE

(By United Press Leased Wire.) DANVILLE, Ill., July 20.—The finding of a bloody skirt belonging to Mrs. J. B. Saylor, which had been hid under the carpet, throws more light on the murder of Saylor, for which Dr. Miller and Mrs. Saylor are held. The prosecution says Mrs. Saylor evidently sat on her husband as he died. Her skirt shows the bloody imprint of his watch chain.

McGrath is the marathon dictator of the coast, having under his control by contract the majority of the California professionals. He is also in close touch with Pat Powers and Harry Pollock, who control the eastern flyers. The proposed race will be the biggest ever pulled off outside of New York, according to the Californian.

AIRSHIPS IN N. Y. CELEBRATION TO FOLLOW PATH OF HUDSON AND FULTON UP THE HUDSON RIVER

NEW YORK, July 20.—The throes of excitement in New York during the Hudson-Fulton celebration on the Hudson river, Sept. 25 to Oct. 9, will be largely to local pride and interest. But the country at large will watch the ceremonies because of the air flights, which will be a part of the observances. A prize of \$10,000 has been offered by Jos. Pulitzer's paper for the air navigator who makes the

best time from New York to Albany, following the Hudson river. Prof. Thos. Baldwin, father of the dirigible balloon in America; Glen Curtiss, maker of the successful Curtiss-Herring aeroplane, and other masters of the air, have entered for the race. Henry Hudson, in 1609, in his sailing boat, on the first trip that a white man ever made up the Hudson, spent at least 15 days in going to the site of Albany. Robt. Fulton, in his Clermont, the first successful steamboat, departed from the wharf at New York, which was filled with jeering crowds, and 32 hours later was at Albany. If the sailors of the air have good luck their time will be much less than either of these records. Baldwin believes he can travel 30 miles an hour; this would make his time five hours.

THE BALDWIN AND THOS. BALDWIN
Thos. Baldwin was the first American to successfully make a steerable balloon. In 1905, over New York city, Roy Knabenshue, one of his pupils, made a long voyage that astounded the city. In connection with the celebration of the water feats of Hudson and Fulton on the Hudson river, Sept. 25 to Oct. 9, Baldwin and other air navigators will race from New York to Albany, over the Hudson, for a prize of \$10,000 offered by the New York World.

CLERMONT AND FULTON
Several men had tried, with little success, to run boats by steam, when Robt. Fulton took the problem in hand. On Aug. 17, 1807, amid jeers and hootings, which turned to praise, his Clermont steamed out into the Hudson river from Hoboken, N. J., and made a trip of 150 miles up the Hudson, the time being 32 hours. The natives were astounded, and one miller rowed out into the midstream, declaring that he saw a mill running up stream.

THE HALF MOON AND HUDSON
Henry Hudson thought America was only a short distance wide. Sept. 2, 1609, he discovered the entrance to the Hudson river and sailed up that stream, hoping to reach the Pacific ocean. The Indians gazed at him and his boat in wonder. The feasts at which he took part were in the traditions of the Indians for 250 years.

AT THE PANTAGES.
A show somewhat better than usual is the one at the Pantages this week. One of the best acts in vaudeville is the pony, dog and monkey act. The tricks of the little ponies "Madison" and "Banner" are made far more interesting by the comical part taken by the colored comedian who tries to throw them. He is continually being bitten, kicked and battered by the ponies and the audience is kept in an uproar. The jumping dogs are very good, as is also the little monkey which makes a dive from the ceiling to the stage. The Continentals, a mixed quartet, is made up of first class singers. The render several selections that made a great showing with last night's audiences. Mr. and Mrs. Lichfield in a rural playlet are good. Lichfield's manner is something out of the ordinary and very pleasing.

MAY START NEW CITY GOVERNMENT JAN. 1

The charter committee struck a snag last night when it attempted to fix the time for holding city elections. In order not to get the antagonism of present city officials the committee concluded to set the election for commissioners next April. It was discovered, however, to do this would leave the city without government between the time the new charter is adopted and the old one voted out, as the new abolishes the old completely. There is much opinion against having the city election in the spring anyway. Then the registration is likely to be small. Besides the officials then take their new places in the middle of the fiscal year. City officials generally are in favor of having city officers elected in the fall or winter to take office January 1. Then each administration could start in on a new fiscal year. The whose matter was referred back to the sub-committee to unravel. The committee adopted the recall provision requiring 25 per cent of the vote at the last election and not less than 2,500 in any event to call an election to oust an official.

AT THE GRAND.
The headliner at the Grand this week is the Damman Acrobatic Troupe. They do all the usual acrobatic tricks with a few new ones added, and their work is above the ordinary. Matt Keefer's modeling was well received yesterday. He has an excellent voice and is seldom surpassed as a yodeler. "The Advance Agent," a clever and interesting little farce, and Eddie Girard is a fine comedian. The Grand scope is one of the best yet presented.

BOY TRIES TO WHIP MAYOR

(By United Press Leased Wire.) PORTLAND, July 20.—Because Charles Rowley, of Troutdale, interfered when Mayor Fox ordered Miss Irene Latourelle to go home, Rowley engaged in a rough and tumble fight with the mayor, and the mayor charges, threatened to kill him. Both Rowley and the girl have been cited to appear in juvenile court. Rowley, who is but 16 years of age, went out walking several nights ago with Miss Latourelle, who is 15 years old. When they encountered Fox and he ordered the girl home, Rowley took exception to his remarks and proceeded to demonstrate his dislike for the mayor in no uncertain manner. Then Mayor Fox sent his son to serve citations on Rowley and his mother, Mrs. Mary Rowley. Rowley went to Probation Officer Teuscher, of the juvenile court, with the complaint that the papers were not properly served. Teuscher proceeded to serve the papers himself, that there might be no question.
