### CONGRESSMEN HAVE TO TAKE UPPER BERTHS

(By United Press Leased Wire.) WASHINGTON, D. C., June 28.—Many senators and congressmen who are riding westward today in Pullmans are occupying upper berths because of the rush to Reno. The lowers were reserved in advance by Eastern fight fans and the statesmen were forced to accept upper berths, in spite of strenuous objection.

#### AT THE TACOMA.

"Schmaltz's Night Off," by Watson, Hutchinson and Edwards, at the Grand this week is a whole show in itself, and the crowd was kept in uproarious laughter in the first presentation yesterday. Billy K. Wells, the Hebrew monologist, also made a hit with his string of nonsense. Ward and Weber, in dancing specialties, and the Rio brothers, in strength tests, were above the common run, and Miss Mabel Moore, the female Samson, is a marvel of muscular development as well as an accomplished aerialist.

#### AT THE PANTAGES.

Charles Lindholm, in "The Man from Minnesota," is a wholly original character at the Pantages this week. The "Three Dreamers" in song and dialogue are good, and Rayton and Wilson in "Two Henocop Inspectors" have a clever burlesque. Violette Wagner sings well, and Walino and Georgette have some new dances.

#### AT THE GRAND.

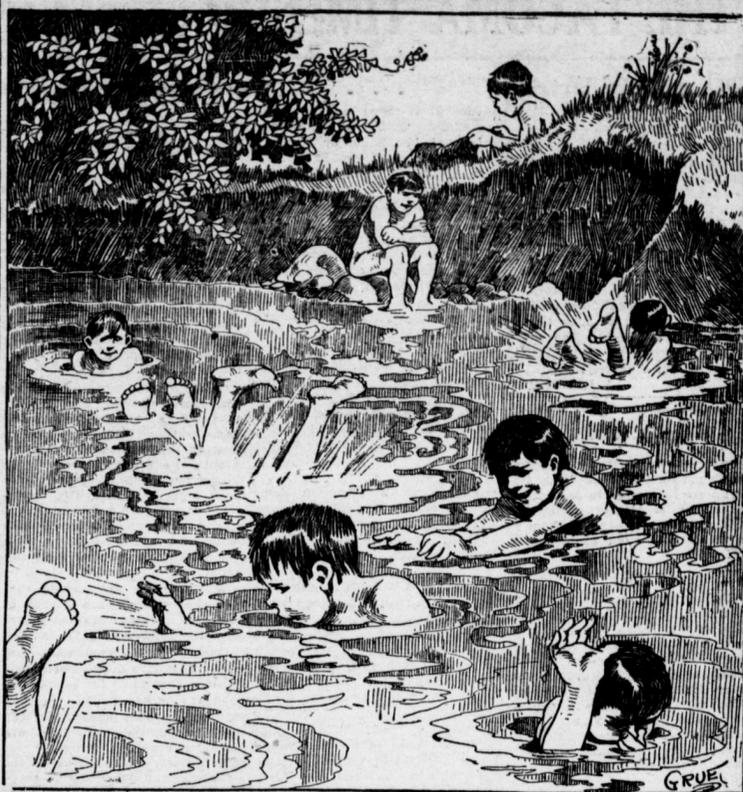

Sidewalks of New York. "The Sidewalks of New York" drew a big crowd to the Tacoma last night for the opening performance by the Swain stock company. The production was up to the standard established by this company in the past few weeks in Tacoma.

### NOME FANS TO BUY A WIRE

(By United Press Leased Wire.) SEATTLE, June 28.—Up in Nome where the snow hasn't melted yet, the fight fans are raising \$6,000 to buy the lone wire into Nome on the day of July 4 and get the fight by rounds from Reno. The returns would be sent by cable to Sitka, there relayed by cable to Valdez, from Valdez to St. Michael by land line with one relay and from St. Michael to Nome by wireless. The cost is small considering, but practicability of the scheme is doubted.

### What Shall T. R. Do?

The Times Saturday asked its readers to tell in short letters their ideas of how Roosevelt can best serve the interests of the nation? The letters began coming in yesterday and here are some of them:

Editor the Times: Ex-President Roosevelt is the only man (besides Elbert Hubbard) who has the courage of his convictions. Col. Roosevelt will undoubtedly do what he sees fit—and I sincerely hope he sees fit to accept the presidency. JEANETTE R.

Editor the Times: Col. Roosevelt should be president of the United States of America for the remainder of his natural life. Those who criticize him today lack the tact and ordinary wisdom which he possesses. It would be best for them to study more and gain a fraction of his knowledge. A PROSPECTIVE CITIZEN.

Tacoma, June 27, 1910.

Dear Sir:—In answer to question, "What shall we do with T. R.?" will reply: Forget him. An eminent literature of France pronounced him a reincarnation of the American game of bluff. In Germany he was called the greatest humbug of the twentieth century. In Sweden he was analyzed to be composed of much past, some present, and a very little future. In Norway, a minister, leading

A WOMAN'S GREAT IDEA is how to make herself attractive. But, without health, it is hard for her to be lovely in face, form or temper. A weak, sickly woman will be nervous and irritable. Constipation and kidney poisons show in pimples, blotches, skin eruptions and a wretched complexion. But Electric Bitters always prove a godsend to women who want health, beauty and friends. They regulate Stomach, Liver and Kidneys, purify the blood; give strong nerves, bright eyes, pure breath, smooth, velvety skin, lovely complexion, good health. ### BAT. NELSON ARRIVES IN RENO

(By United Press Leased Wire.) RENO, Nev., June 28.—Batling Nelson, armed with a typewriter, arrived today.

He was given a great welcome by the crowds at the station, and burdened with the word machine, had hard work to get to an automobile. A big crowd followed him from the station to his hotel and jammed into the corridors, where Bat held an informal reception. Gov. Dickerson arrived quietly last night. Today he said that he had no reason to change his attitude regarding the fight, and that there would be no interference so far as he was concerned. Fair and Scalp Specialists, 416 S 9

### Diamond Ring Free

FOR A SUGGESTION We want a "catch line" or phrase of not more than eight words to use with the above illustration of a Diamond Ring as a savings bank in advertising our method of selling diamonds on credit, as explained below.

We will give, absolutely free, a \$20 Diamond Ring to the person sending in the best suggestion. Write your suggestion on a piece of paper, sign your name and address, and mail or bring it to Andrews Jewelry Co., 1130 Pacific avenue, Tacoma, on or before July 2. ### Diamonds on Credit

The Andrews method opens to you the easiest way to obtain a Diamond Ring, Pin, Brooch, etc. It places the sparkling stones within the reach of every individual who is able to make a small payment each week.

The best way to save a small amount each week is to buy a diamond at Andrews' on the weekly payment plan, because, first, you are making a wise investment, as diamonds are going up in price steadily; second, YOU ARE BOUND TO SAVE THE SUM EACH WEEK, thus starting a habit of saving which will be valuable to you as long as you live; third, you gain prestige and oftentimes strengthen your credit by its possession, in addition to the pleasure wearing it gives you.

Our Terms Are a Little Down Then a Small Payment a Week You simply come to Andrews' and select a diamond, make a small initial payment, and arrange to pay a certain sum weekly or monthly until it is paid for. We try to make it as agreeable to our customers as if it were a cash deal.

# Second Five Hundred Gas Ranges Given Away Free

Our offer to give away 500 Detroit Jewel Gas Ranges Absolutely Free was snapped up long before the ten day period expired. So many women were disappointed by not getting stoves that we have decided to duplicate our original proposition.

A Second Five Hundred Gas Ranges Have Been Ordered, to be distributed and installed on exactly the same terms--- without one cent of expense to you.

The morning after we advertised our first 500 free stoves, people were waiting for our showrooms to open.

Many women, dreading hot kitchens during this summer, called up by telephone and asked to be sure to save them a stove.

There were not enough stoves to satisfy all, therefore our Second and Last Offer.

Gas at present rates is cheaper than any other fuel for cooking.

All the heat in a gas stove is put to work; none is wasted making summer days hotter.

We not only give you the stove and connect it up, but we run the service pipe from street main to house free.

See the range yourself and be sure that our offer is one of the most generous ever made by a local business house.
