PHILADELPHIA FANS MAD WITH JOY

IF JONES GOES TO BENCH WHO'LL GET TOGA?

MAY BE PRETTY SCRAMBLE FOR THE PRIZE

Will John L. Wilson be elected United States senator is a question agitating the politicians. There is a movement on foot to have Senator Wesley Jones appointed judge to take the place of the late Judge Whitson. It is said that John L. Wilson is behind the movement, and in that event he would be the logical candidate from King county. Mr. Wilson could cite the fact that he retired in order that Judge Burke could have the solid backing of King county and that Judge Burke did not run fast enough race to keep the political track warm. There are many people in the state who think that Wilson would have made a better showing, and between them and the old time politicians, Wilson would have quite a good chance down at Olympia after the election of Mr. Poindexter had been consummated. There is a possible chance that Jones may be appointed judge and then not resign until after the legislature had adjourned. In that event it is presumed that Gov. Hay would appoint Wilson, as the governor supported Wilson up (Continued on Page Three.)

(United Press Leased Wire.) NEW YORK, Oct. 19.—A report is being circulated today that the American women attending the society dinner tendered last night to Mayor Yuki Osaka of Tokio "topped off their cafe with cigarettes—dainty cigarettes with 'old gold' tips and paper elaborately monogrammed." Whether the report be true or not it is yet too early to know definitely but the story going the rounds today is that the society women at the banquet smoked many cigarettes and sipped much wine. None of the Japanese women, according to the report, smoked.

HOLDS WOMAN AS SUSPECT

(By United Press Leased Wire.) LOS ANGELES, Oct. 19.—Mrs. Belle Lavin, arrested in San Francisco on a "Jane Doe" warrant, charging murder, arriving in Los Angeles today in custody of Detectives Jones and Carroll. She was placed in the county jail. The detectives took their prisoner from the train at a suburban station to avoid a curious crowd that had collected at the Arcade depot. The officers refused to permit their prisoner to talk.

Mrs. Lavin was arrested yesterday upon one of the six warrants issued in Los Angeles two days ago. It was alleged that one of the men suspected of knowing something of the Times dynamiting had been seen at her home.

'THEN IT HAPPENED'

Our Daily Discontinued Story.

Percy Picadilly was a golfer. Oh, how he did love golf! One drawback to his sport was his nearsightedness. He couldn't see much beyond his pince-nez (such name for eyeglasses). Percy hadn't overpaid any of the caddy boys lately, so they framed up something on him. During a match play they substituted an invalid egg for his golf ball.

Not noticing the difference, Percy swung for it with his driver. Oh, blanc mange! (THE END.)

Just Because She Loved Jim, Girl Stole to Improve Looks

The scriptures say that "The love of money is the root of all evil," but it was the "love of Jim" that made a shoplifter of a miss who stood at a bargain counter of one of the Tacoma department stores yesterday. When taken to the manager's office and searched she had a gaudy brilliant pin, a lace collar and some white gloves. The manager looked at the shabby girl before him, then at the trinkets she was trying to get to add to her personal grace. So she resolved to get what she needed to get Jim, and having no money, she proceeded in the only way that seemed to offer.

The manager looked at the shabby girl before him, then at the trinkets she was trying to get to add to her beauty. Then she went out, still sobbing, still shabby, still loving Jim in that hopeless way.

UNCLE SAM MAY ORDER RECOUNT

(By United Press Leased Wire.) WASHINGTON, D. C., Oct. 19. A new census enumeration for Tacoma may be ordered soon as the result of protests by Tacoma commercial organizations since the banded charges of padding of the returns from the Washington city were made.

SENSATION IN GRAFT CASE

(By United Press Leased Wire.) NEW YORK, Oct. 19.—Charges that will tear open the political and financial centers of New York and reveal a corrupt ring that would have surpassed the wildest dreams of Boss Tweed were contained in testimony given today before the house committee investigating the alleged wholesale bribery of members of the 1908 legislature to defeat the anti-race-track gambling bills. The names of leading financiers—James R. Keene, Harry Payne Whitney, Charles Hyde—of politicians and leaders in the racing game and in politics, were mentioned as originators of a bribery fund to purchase votes against race-track legislation.

The charges were contained in the testimony of Congressman Poehler, then a state senator, and of District Attorney Elder of Kings county.

FIRE ESCAPE. The city council today passed an ordinance amending the building code so as to require fire escapes at the discretion of the building inspector on three-story buildings. Heretofore fire escapes could not be forced on anything below four stories.

WELLMAN'S CAT TO GO ON THE STAGE

Walter Wellman, as told in last night's Times, was picked up by the steamer Trent yesterday morning at 8 o'clock. It appears that Wellman and his party spent an exciting three hours trying to float their lifeboat. The balloon was brought down within five feet of the ocean and after escaping from the bumps of the balancer, which was a long string of gasoline cans stretched from the balloon to the water, the party, including the cat, were taken safely aboard the steamer.

(By United Press Leased Wire.) ATLANTIC CITY, N. J., Oct. 19.—With Walter Wellman declaring his intention to "cross or bust" and with the journalist-explorer being offered financial means for further efforts, Wellman, in all probability, will shortly make another attempt to reach England in a dirigible. Wellman's crew is eager to make a start across the Atlantic and Joseph Salus, the original financial backer of Wellman's plans, has offered to assist Wellman financially to build a bigger and more powerful balloon. A representative of Salus will meet Wellman in New York soon and will offer him any amount of money he may need.

Came Near Drowning. That Wellman and his party were near drowning while the Trent was trying to pick them up was made known in a message received here late today from Operator Ginsberg of the Trent's wireless. The Trent missed the lifeboat by inches in rounding-to to a line to its occupants. The sea was rough and several attempts were made before the line finally was cast true.

Agents After Crew. Scores of theatrical agents armed with blank contracts are awaiting the arrival of the Trent at her dock this afternoon. Wellman will be seized and hauled about like a bargain counter clerk if the impatient attitude of the agents is any indication. Every member of the crew will be bid for and one agent has been instructed to secure even the cat.

Hurricane Wrecked Scores of Vessels

(Bulletin.) ATLANTA, Ga., Oct. 19.—The Florida hurricane struck Savannah late this afternoon, cutting off all communication with the coast city. All of Florida and half of Georgia is isolated as far as land communication is concerned.

HAVANA, Oct. 19.—The damage done by the Florida hurricane is far greater than at first reported. The Key West cable, which failed while the storm raged, was restored this afternoon and reports of scores of wrecks filled the first dispatches. The British steamship Inventor rescued ten sailors of the Spanish bark Hugo and six sailors of the American schooner Martin. Others aboard the lost vessels were drowned.

The Norwegian steamer Fos is stranded at Boca Grande island and the German steamer Herman Fresh is disabled in Alligator bay.

The condition of the vessels was not reported in the earlier dispatches.

EXPECTS NO TROUBLE IN SPAIN

(By United Press Leased Wire.) MADRID, Oct. 19.—Insisting that the loyalty of the army is as great as ever and that "there is absolutely nothing to be feared" from recent events in Portugal, Premier Canalejas today declared his utmost confidence in a continuation of peace in Spain.

Crippen Trial Is Delayed

(By United Press Leased Wire.) LONDON, Oct. 19.—The trial of Dr. H. H. Crippen, charged with wife murder, was temporarily delayed today by the illness of a juror, who was attacked by vertigo. The jurymen returned to court this afternoon and the trial was resumed. There was talk for a time of a re-trial and the summoning of a new jury.

Inspector Dew of Scotland Yard was the principal witness this afternoon. He declared that Crippen stood over the very place where his wife's body was buried and assured him that she had left the country and that he would do all in his power to aid the authorities in finding her.

Sleepy Town Citizens Sure That Mack's Men Will Win Series

(By United Press Leased Wire.) PHILADELPHIA, Oct. 19.—If Father Penn was excited yesterday and Monday, it would be hard to describe his appearance today with the Philadelphia baseball team two games to the good and the world's championship apparently well within their grasp. Subdued excitement gave way to hilarity yesterday and became exuberant optimism today.

Not a man in Philadelphia but who is bubbling over with good feeling, as a substantial indication of the odds on the world's series, which opened up with Philadelphia a despised short ender, switched today to exactly the reverse and thousands upon thousands of dollars of athletic money is going begging.

Baseball Mad. Philadelphia is baseball mad. A fan will bet ten against five that Philadelphia takes the series, even

money that the team will win tomorrow's game; five against ten that the Cubs won't win a game and fifty to one that Eddie Collins will steal second base if he ever gets on first. And then he will stake his life against nothing but Collins gets several hits. So far the much vaunted ferocity of the Cubs has failed to assert itself. Instead it has been the staid Quakers who are like demons. The seventh inning of yesterday will go down in baseball history as the most slashing inning ever witnessed in a world's series, and it is doubtful if the Chicago team (Continued on Page Three.)

IN ANY EVENT WE'LL COUNT OUR NOSES

Nothing has been heard from Washington in reply to the bombardment of the White House and the census and labor departments of the government by Tacoma, William Jones, T. E. Ripley and a third man to be picked today will hasten to the national capital as soon as they can gather the dust desired and will personally present a demand on the part of this city for a recount of noses.

Secretary Sommers of the Chamber of Commerce will be there by tonight, ready to undertake the work. Congressman Poindexter, Senator Piles and all the Washington congressional delegation will be asked to unite in a demand for a recount of the people here.

If it fails, Mayor Fawcett says he is in favor of starting injunction proceedings to prevent the census department issuing any such statement of the Tacoma census as it contemplates, if such action can be done. He will submit the proposition to Judge Stiles this week to see if the city could bring suit on such an issue.

If this fails, then the city will probably take up the matter of a census and carry it through on such a basis that there can be no dispute as to results, and the department at Washington will be shown up properly.

Cub Rooters Will Be There With Big Noise

(By United Press Leased Wire.) CHICAGO, Oct. 19.—Chicago fandom today is arranging a program of concerted rooting in tomorrow's contest between the Philadelphia Athletics and Chicago Cubs on the home grounds. Every variety of noise-maker, with the exception of dynamite and big guns, probably will be employed to send Connie Mack's Americans aeroplaning.

The reserved seats for the first game tomorrow have been sold and the reserved tickets for Friday's game likewise have been disposed of. Should the Cubs win tomorrow, Friday's crowd will be a record breaker, but if they lose, it is predicted the gate receipts of the fourth game will be considerably diminished.

STEAMER MAY BE LOST IN STORM

(United Press Leased Wire.) GALVESTON, Tex., Oct. 19.—The steamer Progresso, plying between Savannah and Galveston, is four days overdue and it is feared that she has been lost in the hurricane that has been sweeping the gulf. Every effort is being made to pick up the vessel, but without success.

RAILWAY MEN TO ARBITRATE

(By United Press Leased Wire.) WINNIPEG, Oct. 19.—Half an hour before the time set for striking, at 4 o'clock, the street railway men received a telegram from international headquarters directing that arbitration measures be adopted to settle their grievances, which were the dismissal of prominent men of the union for alleged breach of regulations of the company.

Packers Before Judge Landis

(By United Press Leased Wire.) CHICAGO, Oct. 19.—Members of the Chicago packing corporations who recently were individually indicted on charges of conspiracy in restraint of trade, appeared before Judge Landis in the United States court this afternoon to plead.

Attorney Mayer asked for a delay and his argument indicated that he also ask for a change of venue.

ACTS LADY GODIVA BEHIND THE CURTAIN

MISS BESSIE ABBOTT.

PARIS, Oct. 19.—Miss Bessie Abbott, the famous young American prima donna, sails today for New York to appear in Mascagni's new opera, "Ysobel," in which she will play the part of Lady Godiva, who rode through Coventry years and years ago clad in her beautiful locks of golden hair and a hopeful smile.

But Miss Abbott insists that she will not do any disrobing stunt—not so you could notice it. The fact is she will wear a blue velvet cloak while she crosses the court yard of the palace to where the white horse waits, and then, just before mounting the gallant steed, Lady Godiva's cloak begins its slide from the lovely shoulders which supported it, and as the watchful audience gathers one deep breath it falls—that is, the curtain does.
