

A VERY LARGE
part of the so-called high cost of living is made up of wasteful duplication of delivery service. A dozen delivery wagons stopping in one block to serve as many homes, often more than once and to deliver orders so small that they represent a considerable loss to the grocer. Then, too, the cost of bookkeeping adds very materially to the selling price of goods to say nothing of interest required to carry accounts, and losses from bad debts all of which must be added to the price of goods and paid by those who pay. Those are the features that we have eliminated by our system. We sell for cash only and deliver only orders of one dollar or over without charge for the service. That's the reason we sell

Lightning Kills Few
In 1906 lightning killed only 169 people in this whole country. One's chance of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madsen, of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver, nerve and kidney remedy and blood purifier on earth. Only 5c at Ryner Malstrom Drug Co.

WILL RYAN FOLLOW HARRIMAN'S ROUTE

THOMAS F. RYAN.

Will Thomas Ryan's trip to Europe end as did the late E. H. Harriman's last journey to foreign climes for health destroyed in the strenuous money-getting campaign he waged, and which resulted in his coming back to America to die?

That is the question Wall street financiers are asking themselves. It has long been public knowledge that Ryan's health has been shattered in his quest for financial supremacy. A year ago he practically retired from active business life and began to build up physically, but recently it is said that he has grown worse. On board the steamship Adriatic it was noticed that his face was pale and drawn and his shoulders bent. Ryan has already shifted much of his financial burdens upon the shoulders of his son, Allan, who will probably succeed his father in the councils of the tobacco trust and the New York and Philadelphia traction companies, the strongholds of the Ryan fortune.

STOLEN SWEETS SOUR.

ANN ARBOR, Mich., June 21.—A troubled conscience has brought a check for \$4.20 to the Women's league of the university. It was accompanied by a letter from the sender, stating that he was one of the several students who in 1902 stole a freezer of lemon ice cream from the league, and that the amount of the check covered the cost of the stolen delicacy at 90 cents a gallon and compound interest to date. His name was not given out.

SHE KNEW HIM.

(By United Press Leased Wire.)
SANTA BARBARA, Cal., June 21.—Coming across the continent from Baltimore to wed a man she had never seen Mrs. Ann Marliath, Attwater, 50, singled out Lucian Beal, 60, a wealthy rancher of Goleta, by means of a red rose worn on the lapel of his coat today and 15 minutes later they were man and wife.

"My, but you are a fine looking old chap!" said Mrs. Attwater as she embraced Beal, "let's hurry to the courthouse."
The couple became engaged through a matrimonial bureau.

THINKS HE'S LION

ATLANTIC CITY, June 21.—The police found a man on Kentucky avenue today trotting about on all fours and roaring in imitation of a lion. He is caged in the city lockup, where he disports attired only in his birthday suit. His identity is a mystery.

His first move when placed behind the bars was to rip every stitch of clothing from his back, tear it into strips and toss it into the corridor. He raves about being a lion and imagines Roosevelt is pursuing him.

Moose Took Precautions

Those Moose are cautious if anything. They staged their first Tacoma minstrel show last night at the Tacoma theater and when the curtain went up the grand ensemble was protected from the big audience by a fine wash of fish net that absolutely prevented the crowd from doing any damage to the artists on the stage.

When it was discovered that the precaution was unnecessary it was removed and the Moose proceeded to give a first class minstrel show. It repeats tonight.
