And Now Comes Moving Pictures

When the Carpathia landed every newspaper man in New York was on edge to get the first story. So were the moving picture men. The "Animated Weekly" company, which hired a tug and got pictures by flashlight as the boat swung into the harbor, developed them on board and was showing them in New York before noon, claims a scoop on its rivals. The Circuit theater here received the pictures at noon yesterday.

Kid To Play In Store Window

The Tacoma day nursery will give an object lesson tomorrow in the Rhodes Bros. store windows where the youngsters will be turned loose to play. The people will be able to see what the work in this organization is doing and boxes for contributions will be placed in the store to raise funds to carry on the movement.

Peculiar After Effects of Grip This Year

Leaves Kidneys in Weakened Condition.

Doctors in all parts of the country have been kept busy with the epidemic of grip which has visited so many homes. The symptoms of grip this year are very distressing and leave the system in a run down condition, particularly the kidneys which seem to suffer most, as every victim complains of lame back and urinary troubles which should not be neglected, as these danger signals often lead to more serious sickness, such as dreaded Bright's Disease. Local druggists report a large sale on Dr. Kilmor's Swamp-Root which so many people say soon heals and strengthens the kidneys after an attack of grip. Swamp-Root is a great kidney liver and bladder remedy, and, being a herbal compound, has a gentle healing effect on the kidneys, which is almost immediately noticed by those who try it. Dr. Kilmor & Co., Binghamton, N. Y., offer to send a sample bottle of Swamp-Root, free by mail, to every sufferer who requests it. A trial will be made of one who may be in need of it. Regular size bottles 50c and \$1.00. For sale at all druggists. Be sure to mention Dept. K.

Baggs: How do you like shaving with a safety razor. You probably find it different from going to a barber shop.

Waggs: Oh, no, not at all—I also have a phonograph.

OLYMPIA—Impatient because the fire burned slowly, Henry Raymond poured gasoline into the stove. The fire's speed was accelerated instantly, and Henry is taking his meals from the sideboard.

PORTLAND, Ore.—When only four chicks came from 117 eggs in his incubator, George W. Galtner was puzzled. Later he asked to have Mrs. Daphne Louisgnot and Minnie Johnson arrested, saying he had found that they boiled the eggs.

NEWBERG, Ore.—"The town was to quiet. I thought it needed wakening," remarked Thuren Marie, captured here, explaining why he burned buildings in Klammath Falls, Ore.

LOS ANGELES, Cal.—After diving head foremost through the glass windshield of his own automobile and the machine with which it collided, Harold Holdsworth and the maid in whose lap he landed shook hands warmly and trotted away together. Both cars were wrecked.

NEWPORT BEACH, Cal.—The longest man-eating shark ever captured in Southern California was netted here by J. V. Edinburgh. The fish measured 30 feet. Four horses pulled the net ashore.

Up Go Lumber Prices.

Representatives of most of the mills from Willapa Harbor to Bellingham met at the Tacoma hotel yesterday and it was the unanimous opinion that the lumber rates should be boosted at least 50 cents a thousand.

Girl Swats Man To Save Life

(By United Press Leased Wire.) VENICE, Cal., April 26.—To Miss Margaret Thompson, A. J. Fauvere, son of a millionaire mining man, today owes his life.

Miss Thompson was the only person near when Fauvere caught a cramp while swimming. She swam to him and while he attempted to grapple he around the neck delivered a stiff right to his head that made him tractible. The girl kept Fauvere afloat until the lifeguards arrived.

ENDS CATARRH

Sprays, Douches, Snuffs and Ointments Won't Kill the Persistent Catarrh Germ,

HYOMEI, THE ANTISEPTIC AIR

When you can go to any drug store in any civilized community on earth and buy for only \$1.00 a remedy that will quickly rid you of hawking, spitting and snuffing, why do you allow the devilish germs of catarrh to undermine your health and destroy your efficiency?

Quit sprays and douches. Liquid cannot penetrate into the necks, folds and crevices of the irregular mucous membrane. Neither can it get into the bronchial tubes that lead to the lungs and where germs thrive and multiply.

If you believe that liquids reach the air tubes, try to swallow a little water the "wrong way." Such a test will effectually demonstrate to you the idle theory that sprays and douches can cure catarrh.

HYOMEI is a pleasant antiseptic air which, when breathed penetrates into the folds and crevices of the sore-germ-infested membrane and also goes deep into the air cells of the lungs, killing all germs.

A HYOMEI outfit costs \$1.00. Extra bottles of HYOMEI, if needed, 50 cents. "Crown Drug Co. guarantees it."
