

## MOTHER'S PENSION INCLUDED IN TALKS OF CANDIDATES

It was a regular love feast before the Voters' Educational association at Y. M. C. A. yesterday afternoon when progressives, republicans, democrats and socialist candidates appeared to tell the women why they should be elected to office.

Dr. N. Jolidon Croake, progressive woman candidate for legislature in the 37th district, presided and called W. B. Coffee, democratic opponent, for the first speaker. The women were with Mrs. Croake to start with and Coffee made a hit with them. At the finish it looked as if the vote

would go for Croake and Coffee. Coffee said he was for the mother's pension. He wanted to build a better engineering school at W. U. and a better domestic science school at Pullman. He would fight against the present unjust method of assessing railroads in the state and would work for legislation to cut out the delinquent tax certificate scalpers.

He declared really the woman's pension for mothers would not cost any more than it costs society now.

Alice Yarnell, socialist candidate, also caught the audience. She is running in the 36th district. She was for mother's pension and a lot of progressive ideas. "I think every district should send one man and one woman to the legislature," she said. So did the rest of the women, apparently.

Harry Phelps, republican, got around the mother's pension by declaring he was for "something better," compulsory state insurance.

Wilbur Fairchild, candidate for the senate in the 28th on the progressive ticket was redhot for the mother's pension and other advanced legislation for women. He also declared the state convicts should be put to work building good roads. C. E. Beach, progressive candidate for state school commissioner, boosted the mother's pension. He said we should pay mothers not as charity but because they were rearing citizens for the state and it was due them.

J. W. Bryan, progressive candidate for congressman at large, said the only thing worth while is to work for humanity and the socialists and progressives ought to be together as they are both preaching the doctrine.

## STOMACH STARVERS EAT ANYTHING NOW

NO INDIGESTION OR UPSET STOMACH FOR "PAPE'S DIAPYPSIN" USERS.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapypsin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapypsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapypsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

## FINE SITE SAYS GENERAL WOOD

"Fine site—one of the best I have seen," said General Leonard Wood after he had looked over the Nisqually prairie as available for a brigade post, maneuver ground and general army headquarters for the Northwest.

"The location is ideal," he continued. But that is as far as he would go. Whether he will recommend the Tacoma site or some other he refused to say, but urged Tacoma to get busy with the proper authorities at Washington.

General Wood after viewing the site was taken for a ride up the mountain road and reached the Nisqually power plant jux at dark last evening. He was brought back to the Union club for dinner, leaving for Portland later.

## MUST EXPLAIN

Orders from the chief of police, which are intended to put a stop to street accidents, are being carried out to the letter with the result that E. S. Drake, a motor man, will appear in court today to explain why he failed, as is alleged, to ring his gong at a street intersection.

### PANTAGES

A big feature which has been on the Pantages circuit just long enough to wear off the "newness" will open here Monday afternoon when Miss Hazel Bess Lagenour, the first woman to swim the Golden Gate, will be seen here in her second week in vaudeville. Miss Lagenour made her debut in Vancouver last week and was the sensation of a remarkably strong bill. The act opens with motion pictures of Miss Lagenour's sensation feat of swimming the Golden Gate. From her initial dive into the choppy, storm tossed waters, where the tide runs at the rate of 12 miles an hour, until she lands on the opposite shore, pulled back by a strong undertide, the pictures are exciting.

Although from her feats, an audience may be prepared for a very Amazon of a woman, Miss Lagenour is both petite and pretty. Following the motion pictures, she giving what is said to be a most charming water pantomime and then follows the real act. Huge motors pump water into a glass tank at the rate of 15 miles an hour. Against this current Miss Lagenour swims, showing her prowess in the water.

Millard Brothers, known in vaudeville as Bill and Bob, will present a burlesque bicycle act. "De Vere of the Chorus," is the title of one of the best sketches ever seen upon the Pantages circuit.

DeLea and Orma, billed as "Six Feet of Comedy," are reported to have been "riots of fun" in the eastern Pantages theaters.

### GRANGERS FAVOR STORAGE PLANT

Charles Earl, a granger, shipped a consignment of produce to a commission man. The consumer paid \$52 for the good, but Earl got just \$13 out of it.

Other grangers told similar stories at the first meeting of the state grange at the Commercial club last night, when Mayor Seymour in welcoming the body to Tacoma, launched his project for a municipal cold storage plant to get away from the commission men and reduce the high cost of living.

John Mills, W. J. Langdon and other grangers, also commended the mayor's scheme as one that will benefit both farmer and consumer.

The grange is meeting again today in the court house, considering the regular quarterly business of the state organization.

### COLUMBUS DAY IS OBSERVED

Columbus Day is being celebrated today and all public offices are closed in honor of the occasion.

In the schools special exercises were held yesterday and prizes were given for the best essays on Columbus. Ernest Hoover won first in the high school, and Floyd Oles second.

Today the Knights of Columbus, the Catholic organization which is really responsible for getting the day legislated into a legal holiday, is celebrating. It will be topped off tomorrow night with a big banquet at the new St. Leo's school, where music and oratory will be provided in plenty.
