

"CASCARETS" FOR SICK HEADACHE

Bilious, throbbing headache means bowels are clogged and liver stagnant.

You're bilious, you have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched. No wonder you feel ugly, mean and ill-tempered. Your system is full of bile not properly passed off, and what you need is a cleaning up inside. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and intestines can be quickly cured by morning with gentle, thorough Cascarets—they work while you sleep. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and your head clear for months. Children love to take Cascarets, because they taste good and never gripe or sicken.

COMMERCIAL CLUB AFTER FUNDS

Five days in which to raise the remainder of the \$60,000 deficit fund with which they hope to wipe out their share of the building debt of the Tacoma building, is what is facing the Commercial club today.

Before November 5, election day, the club intends to have the deficit settled, that the event may be celebrated at the first of the club's regular winter dollar dinners.

Election returns will be given over a special wire to those who attend the dinner on that night.

With the clearance of the debt the club will begin a number of plans for new improvements in the city. Several changes in the by-laws will be made.

DREADNAUGHT IS LAUNCHED

NEW YORK, Oct. 30.—In the presence of President Taft, Secretary of the Navy Meyer, Governor Dix, Mayor Gaynor and high officers of the army and navy, the United States battleship New York, the newest of American dreadnaughts, was successfully launched today at the Brooklyn navy yard. The new sea fighter is the strongest of Uncle Sam's war vessels. She will go into commission May 19, 1914. The New York was christened by Miss Elsie Calder, the 18-year-old daughter of Congressman Calder, with Kathleen Fitzgerald, the nine-year-old daughter of Congressman Fitzgerald, acting as flower girl.

HAUNTED HOUSE HALLOWEEN PARTY

Use the silhouettes shown here for your decorations, either tracing direct or copying them roughly on a much larger scale.

A "HAUNTED HOUSE" HALLOWEEN PARTY! How about it? All sorts of parties may be planned for the last night in October—All Hallow's eve. But as Hallowe'en seems naturally to be the night of pranks and simple fun, the Times suggests that it would be heaps of pleasure and little expense to have a "haunted house" party this year.

It is nearly always possible to find an empty house in the neighborhood. The chances are you will be able to get it for nothing or for a mere song from the owner when he knows it is for a harmless Hallowe'en event. If, by any chance, the house can't be secured, a big shed will do equally well if it is "spookified" in the proper manner.

HERE'S A SAMPLE INVITATION

The trimmings for the "haunted house" and the decorations for table, the menus, the invitations and the games can all be made and planned at home. The only purchases needed are black silhouette paper, some crepe paper rolls in orange color and white, some paste and some candles. Scissors, a little time and ingenuity should do the rest. The "sprite" atmosphere will be doubly enhanced if some full-length sheets are hung as draperies in the room which you have chosen for your games.

The pastimes for this party should be the old-fashioned ones: bobbing for apples, hide and seek, fortune-telling and a ghost story hour. The stories should be told in the spookiest-looking room in the house, where there are many draperies which will easily move gently in the slight wind from cracks in the windows or doors. The room may be hung with candle lights high up, encased in scooped-out pumpkins, figured with queerly marked nose, mouth and eyes. If there is an open fireplace so much the better. The embers should glow and flicker, but should not be allowed to burn up brightly. Should there still be need of "atmosphere" large silhouettes of

Witches and choice spirits of darkness will hold high carnival at the "Haunted House" Thursday, October 31st, at 8 o'clock. Don't go past 1214 Blank st. Watch for the witch. Look straight ahead and walk fast or the "goblins" will get you if you don't watch out. Yours for a spooky time.

FOR WOMEN VOTERS

An educational meeting for women voters will be held tomorrow afternoon at 2 o'clock at the home of Mrs. J. W. Brock-

the fire will cast strange shadows. Silhouettes of cats, bats, owls, etc., in smaller size will add to the appearance of the room and take away from the bareness of the walls. It will be best to confine the merry-makings to one or two rooms, as an attempt to prepare a whole house for the event would be a big, tiresome undertaking. There should be nothing of a nature which will really frighten the guests at this party or any party given on Hallowe'en. Remember the occasion is one intended for real fun and merriment. And it should be kept in mind that the "spooks" of Hallowe'en walk but once a year and then FOR FUN.

HALLOWE'EN HINTS. An unique use of the cats and goblins would be to paste them on drinking glasses, the latter to be filled with milk. The "black and white" effect of these when placed on the table will prove novel and pleasing. An original costume for Hallowe'en is always timely. Paste any of your "cut outs" in scattered effect, or in decorative borders, on a sheet and pillow case. A witch's hat made of black paper might be worn, too. Costumes for the "haunted house" party might be the old, old sheet and pillow case, a very simple witch's costume made from large-figured cotton goods or crepe paper, a witch's hat made from black paper and a broom stick. Or, if you like, there may be a postscript to the invitation saying, "Wear your oldest clothes; the ghosts are modest."

PUMPKIN-FACE MENUS.

The MENU cards should be simple and in the spirit of the occasion. Why not cut pumpkin shapes out of pumpkin-colored paper, putting the mouth, eyes and nose in in black or merely cutting them out. The clear spaces on the face may be used to write in the menu. Print the word MENU across the top of the pumpkin shape in black ink. These cards may also serve as place cards by writing the name of a guest on the back of each one of them.

Both speakers are orators of widely different types. Fishburne is the southern, polished, conservative type, and Bone the aggressive, radical, western, breezy orator with a vocabulary that beats the dictionary itself. There will be fun at Moose hall tomorrow night.

Democrats are going to make a whirlwind finish for Lister this week in Pierce county. Bob Evans will speak at Dempsey mill at noon today, F. C. Robertson of Spokane at South Tacoma shops. Tomorrow, Dr. R. A. Gove and J. D. Fletcher will speak at St. Paul mill and Milwaukee shops. J. J. Anderson will speak at the smelter at 4:30. Friday noon Bob Evans will speak at Defiance mill, and John T. Bibb at Old Town mill. Tom Vance will speak at South Tacoma hall tomorrow night, and a meeting will also be held at Gilbert hall.

What—Me Marry Again? Nix, Says Edna Goodrich

(By United Press Leased Wire.) TORONTO, Ont., Oct. 30.—That she is not engaged to Ralph Herz, the comedian, and does not intend to marry him is the emphatic assertion here today of Edna Goodrich, the latest divorced wife of Nat Goodwin.

"Why, I not even sure that I know Mr. Herz by sight," declared Miss Goodrich. "I can't possibly understand how such a story could have been started."

MAY HAVE A NEW CATHEDRAL

Consideration of two propositions of greatest importance to Episcopalians of Tacoma will be the order of a meeting tonight of St. Luke's Memorial and Trinity vestrymen.

Either the vestrymen will decide to consolidate the two parishes and build a church large enough for the two, or will conclude to erect a cathedral on the site of the Annie Wright seminary.

Bookkeeping for the assessment rolls in the city controller's office was reported to the city by the state bureau of inspection yesterday, and will probably be adopted. It proposes to wipe out a lot of the present crude methods, make less work, keep better records and save both the city and property owners.

Both the controller and commissioner of finance have approved the new idea which is the suggestion of George A. Liebes and Fred L. Mills, state checkers, who reviewed the city books.

Times Political News of Tacoma and Pierce Co.

The big debate between George Fishburne, democrat, and Homer T. Bone, socialist candidate for prosecutor, will come off tomorrow night at Moose hall. Admission will be free, and the hall probably will be packed. Bone challenged Dow and Burmeister also, but they refused to go into the combat, but Fishburne accepted, despite the protests of his party managers, who declare it against all party prece-

dent and wouldn't "do any good." Both speakers are orators of widely different types. Fishburne is the southern, polished, conservative type, and Bone the aggressive, radical, western, breezy orator with a vocabulary that beats the dictionary itself. There will be fun at Moose hall tomorrow night.

ELDERLY FOLKS! CALOMEL, SALTS AND CATHARTICS AREN'T FOR YOU.

Harmless, gentle "Syrup of Figs" is best to cleanse your stomach, liver and 30 feet of bowels of sour bile, decaying food, gases and clogged-up waste.

You old people, Syrup of Figs is particularly for you. You who don't exercise as much as you need to; who like the easy chair. You, whose steps are slow and whose muscles are less elastic. You must realize that your liver and ten yards of bowels have also become less active.

Don't regard Syrup of Figs as physic. It stimulates the liver and bowels just as exercise would do if you took enough of it. It is not harsh like salts or cathartics. The help which Syrup of Figs gives to a torpid liver and weak, sluggish bowels is harmless, natural and gentle.

When eyes grow dim, you help them. Do the same with your liver and bowels when age makes them less active. There is nothing more important. Costive, clogged-up bowels mean that decaying, fermenting food is clogged there and the pores or ducts in these thirty feet of bowels suck

this decaying waste and poisons into the blood. You will never get feeling right until this is corrected—but do it gently. Don't have a bowel wash-day; don't use a bowel irritant. For your sake, please use only gentle, effective Syrup of Figs. Then you are not drugging yourself, for Syrup of Figs is composed of only luscious figs, senna and aromatics which can not injure.

A teaspoonful tonight will gently, but thoroughly, move on and out of your system by morning all the sour bile, poisonous fermenting food and clogged-up waste matter without gripe, nausea or weakness.

But get the genuine. Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna." Refuse, with contempt, any other Fig Syrup unless it bears the name—prepared by the California Fig Syrup Company. Read the label.
