THEY HAD A HARD TIME KEEPING LITTLE JOSIE AWAY FROM BROTHER

(By United Press Leased Wire.) I had to come. Please take me in. Little Josie Steffens, 14 years old, sister of Willie Ritchie, whose real name is Geary Steffens, new lightweight champion of the world, made good her threat to go to Daly City to see her brother fight Ad Wolgast on Thanksgiving day. Her father laughed at Josie's assertion, but at noon the little girl stole away, and when Willie Ritchie drove up to the arena in a big automobile the first person he saw was his sister. The champion, astounded, jumped from the machine. "No use talking, Geary," she said. "I just couldn't stay home."

RITCHIE GOES TO STAGE SUNDAY

(By United Press Leased Wire.) SAN FRANCISCO, Nov. 30. — Billy Nolan, manager of Willie Ritchie, is being deluged with theatrical offers. He has accepted one week's engagement at the Empress theater here beginning Sunday afternoon, after which he will make a tour of the coast, then going East for a long engagement. It may be six months before Ritchie defends his title. "I am going to take Ritchie along just as I did Battling Nelson," said Nolan. "There is no money in fighting suckers, and when we fight it will be against the best boy we can find, and for the biggest money." Tom McCarey of Los Angeles has wired Nolan asking him to do nothing until he receives a mailed offer of a match with Joe Rivers. Ritchie is the happiest boy in the world today. He still is unable to realize the full importance of his victory over Wolgast.

WORLD'S MOST REMARKABLE ATHLETE WEIGHS 115 POUNDS

FACTS ABOUT FRANK GLAHE, WHOM BOARD OF MEDICAL MEN PRONOUNCED MOST WONDERFULLY MUSCLED MAN IN THE WORLD. Two pictures of Frank Glahe, showing his wonderful muscle development. Frank Glahe is probably one of the most remarkable athletes in the world. He has already been pronounced the most wonderfully muscled man in the world for his weight by a board of Chicago physicians. Frank will become part heir to the \$300,000 estate of his uncle, Frederick J. Glahe, "The Free Lunch King" of Chicago, who died some months ago. Glahe was born in Dortmund, Germany, 24 years ago. Won the wrestling championship of the northwest for three years. Won from the 115-pound A. A. U. champion in 56 seconds. Has so much muscle that he dare not rest from heavy lifting because of the cramps which knot his huge arm sand back. Lifts 500 pounds with his hands alone. Puts a 100-pound dumbbell above his head with either hand. Lifts a 50-pound dumbbell above his head 20 times with either hand. Chins bar five times with either hand. With a wrestling bridge, lifts and supports a 200-pound man on his stomach. Runs 100 yards in 11 seconds. Broad jump 13 feet. Has a lung capacity of almost 300 cubic inches. Has an arm as large as the 225-pound Jim Jeffries. Lifts 100-pound barrels from morning to night without fatigue, and wrestles in the evening with men who are 40 pounds heavier. Has never had his shoulders pinned to the wrestling mat. Has wrestled three hours straight with several different men.

WOLGAST WON NOTHING IN THURSDAY'S FIGHT

(By United Press Leased Wire.) SAN FRANCISCO, Nov. 30.—Ad Wolgast, ex-lightweight champion of the world, and his manager, Tom Jones, fought Thursday's battle for one cent if the statement of Tom Corbett, betting commissioner, here today, is true. Corbett said that \$60,000 was lost by Wolgast and his partisans when Willie Ritchie won. He declared that Wolgast and his manager together bet their guarantee for the fight, \$15,000, and that when the bruised and weary Ad saw his title slip after his fight blow he had the added regret that not one cent was added to his bank account for the battle that cost him his crown.

FITZGERALD AFTER RACE WITH LOCAL SKATER

Jimmy Fitzgerald, the little runner who won the handicap race at the Glide rink several weeks ago, was in town yesterday looking around still in hopes of arranging a race with George Hagedorn, the local champ roller-skater. Jimmy has gone back to Seattle where he will meet Peter George, the Greek runner, and Al Morgan, in a 5-mile event at the Broadway rink next Friday night.

INDISPOSED BIG MEN SPOILED H. S. TEAM

The disastrous results of the 1912 season for Tacoma High when indications pointed to one of the best teams in its history has brought out a great deal of questioning as to the reason why the Blue and Gold should have been so humbled. It was known by practically every student in school that the men did not train properly, that the veterans were too sure of their ability to hold their places without conditioning. Now it appears that the big men, with exceptions, were the chief offenders in this way, depending on their weight to beat out rival candidates. The little men were the hardest and most conscientious workers. Coach Perkins knew what was the trouble and did his best to remedy it, but many of the big men leagued together and worked against him. Perkins had some doubt in his mind as to whether he would attempt to coach the team next year but the actions of the men this year have made him determined to show Tacoma that poor coaching was not the reason for the defeats. Attacks on Coach Perkins do not seem right when his record with the most unpromising material is remembered.

NOTES OF THE TURKEY GAME

For the first time since the Lincoln and Queen Anne teams came into Northwest football, Tacoma was beaten by both teams the same season. Lincoln's last victory over Tacoma was in 1908. The Red and Black won the championship that year. With the passing of "Dub" Coblenz, one of the greatest football careers in the history of Tacoma High was finished. "Dub" was in every play and his 90-yard run to a touchdown at the kickoff was never equaled here. Rushmer's block of the kick-out was another bit of work the equal of which was never before seen here. The scrappy blond hopped three feet into the air to grab it and lit on his ear, knocking him groggy for a tim. The prettiest tackles of the game were made by "Boney" Larson. One of them was a headlong dive when a Lincoln man had a clear field ahead. Had Larsen and Deegan clung to forward passes thrown to them. The Blue and Gold might have won the game for there was no one ahead of either of them. The lack of rangy ends and a bigger quarterback were shown plainly in the Lincoln game. Not that the local boys did not play well, for the little ends and Beyer fought for all there was in them.

Short Sport

(By United Press Leased Wire.) NEW YORK.—Tom Sharkey, one time heavyweight pugilist, is to desert the white lights of Broadway and go to California to enter the hotel business, according to announcement here today. "Is it your health?" Sharkey was asked. "No, not exactly," said Tom. "I see a fine chance to make some money out west, so I'm going there in a couple of weeks." STANFORD UNIVERSITY, Cal. —Frank H. Hilton of Portland, Ore., a member of Stanford's Rugby fifteen, is suffering with a broken jaw here today, received in Thanksgiving's soccer game here between Stanford and the University of California team.

CHICAGO.—That he would not play with the Chicago Cubs next season, even if offered \$15,000 a year, was the statement here today of Joe Tinker, Chicago's crack infielder.

MILWAUKEE, Wis.—"It was the lack of proper training that caused Ad to lose his title." This was the explanation given today by Otto Wolgast, brother of the former champion.

PORTLAND, Ore.—With the college football season over in the Northwest, the University of Washington eleven is today being hailed as the championship aggregation. The Seattle men won all of the four conference games they participated in which Whitman college and Idaho university finished with an even break of wins and losses.

LOS ANGELES, Cal.—Joe Rivers, lightweight champion contender, plans today to invade Atlantic seaboard fight centers to make a bit of the easy money popularly believed to be waiting there for Pacific coast scrappers, to whom a six round bout is a mere warm-up.

LOS ANGELES, Cal.—Joe Rivers and Joe Mandot will meet a third time in the Vernon arena, February 22 if plans discussed today by Promoter McCarey materialize. Each has a 20 round decision to his credit and each is reported to be eager for another go.

LOS ANGELES, Cal.—Eddie Hallinan, infielder last season with the St. Louis Americans, is today a member of Har Hogan's Vernon Coasters. Hogan yesterday closed with Manager George Stoval of the Browns for the purchase of Hallinan.

THE RISE AND FALL OF CLEVEREST OF 'EM ALL

(By United Press Leased Wire.) SAN FRANCISCO, Nov. 29.—Abe Attell's announcement when beaten to a standstill in St. Louis Wednesday night that he is "all in," and that he is done with the ring forever caused no little talk here today. Attell, who with the possible exception of Young Griffe was the greatest featherweight prize ring ever saw, was born and raised south of Market street in San Francisco. He began his fight career in the old San Francisco club in 1900 when he was 16 years of age. His rise was rapid, his marvelous cleverness sending him to the front like a comet. Attell's first important fight took place in 1901, when he met George Dixon, then on the down grade, and held him to a 10-round draw, repeating in a twenty-round engagement a few months ago. Following the Dixon fight, he met such tough ones as Kid Broad, Aurelio Herrera, Buddy Ryan and Harry Forbes, beating the three first named and drawing with Forbes. His first reverse came at the hands of Benny Yanger, the Chicago featherweight, who stopped him in 19 rounds. In 1903 Attell boxed a 20-round draw with Eddie Hanson, his most important battle of that year. His campaign in 1904 was extremely busy. He won decisions from Kid Hermann, Aurelia Herrera, Johnny Reagan and Young Erne, knocked out Patsy Haley, Maurice Rausch and Harry Forbes, and himself was knocked out by Brooklyn Tommy Sullivan in five rounds. From 1905 until the finish of his career he met all of the best featherweights and many of the best lightweights, including Battling Nelson, Owen Moran, Jim

Driscoll, Harlem Tommy Murphy, Freddie Welsh, Ad Wolgast, Matty Baldwin and Matt Wells. His heart and spirit were broken when Johnny Kilbane was given the decision over him in their championship fight in Los Angeles and he deteriorated rapidly. His two fights here with Tommy Murphy satisfied the fans that he was through, and while he still retained all of his old-time cleverness he no longer had the speed and stamina. While never a popular champion, Attell was admired for his wonderful ability as a boxer.

Was It a Frame-up, Johnny? (United Press Leased Wire.) JOHNSTOWN, Pa., Nov. 30.—That Featherweight Champion Johnny Kilbane of Cleveland, deliberately framed up a fight with one of his sparring partners, Tommy McGinnity of Cleveland, is the report here today which leaked out after a number of Cleveland newspaper men came down to investigate the "fight." The bout was staged by a man giving the name of R. F. Barry of Chicago, who left town immediately after the fight. McGinnity was member of Kilbane's training staff and was billed in the bout here as Tommy Duggar of San Francisco.

'IRON MAN' TO START FOR TACOMA

"Iron Man" McGinnity is ready to leave for Tacoma Monday, according to a letter received by Ed N. Watkins. He is expected here the last of the week when he will take over the Tigers, leaving later for Southern California to look over the players in the winter league there. It is expected that training will commence sometime in March. In compliment to McGinnity the annual meeting of the baseball directors will be held in Tacoma when the 1913 schedule will be drafted. The new boss has signed three players from the Sluox City team in the Western league.

JUST 23

There were just 23 of them. Their case was hopeless. This bunch of submerged humanity occupied the re-served seats at Judge Arntson's court yesterday. It was a usual "after holiday" crowd. The punishment ran all the way from a free lecture to six months in jail with plenty of fines to add to the city exchequer.

CERTIFICATES

Candidates who won out in the recent election are getting their certificates of election from the county auditor today. George H. Smith, county commissioner; Calvin J. Carr, treasurer, and Edmund Morton, constable, were the first to receive their certificates.

Vitality of Youth For Men Who Have Lost It

The force that runs the human machine is stored in the nerves. This nervous energy, as it is called, is only another name for electricity. If any organ of your body is weak or inactive it means that the nerves which control it lack strength. This must be restored back to the affected organ, can perform its natural functions. It does no good to take drugs for such a condition as this. You can only effect a cure by replacing the energy that has been lost. Drugs are poisons—electricity is life. Saturate your nerves with a glowing current from the Electra-Vita for a few hours each night while you sleep. The weak organs will respond to its influence in the same way that an electric motor starts whirling as soon as the power is turned on. Electra-Vita is a self-charged body battery which generates a steady, unbroken stream of galvanic electricity and induces it into the nerves in just the right volume. It builds up vitality and strength and cures all ailments resulting from a debilitated state of the nerves and vital organs. Men who suffer from lost strength, debility, weak nerves, cardiac and similar complaints will find that the Electra-Vita, together with the electric suspensory attachment, will quickly put them in good condition. It is a natural remedy, and those who have used it will tell you that it does all we claim for it. Mr. A. V. Whitney, Cottage Grove, Or., says: "In regard to the Electra-Vita I secured from you about a month ago, will say that I am well pleased with it. It has helped me wonderfully and I soon began to feel like a new man. My appetite is good, sleep well and I have no pains at all."
