### Postmaster Sends Xmas Warning

If you are going to send any packages east for Christmas better do it this week or not later than next week at least.

Postmaster Stocking has issued his annual warning against the Christmas crush. Packages not sent early are likely to be delivered on time. Seventy extra clerks were put on here last year, but still they could not keep up with deliveries. The same is true of eastern offices, so those who want packages delivered should mail them early.

### DON'T SCOLD AN IRRITABLE CHILD.

IF TONGUE IS COATED, STOMACH SOUR, BREATH FEVERISH, GIVE "SYRUP OF FIGS" TO CLEAN THE BOWELS.

Your child isn't naturally cross, irritable and peevish, Mother! Examine the tongue; if coated, it means the little one's stomach is disordered, liver inactive and its thirty feet of bowels clogged with foul, decaying waste.

Every mother realizes after giving delicious "Syrup of Figs" that this is the ideal laxative and physic for children. Nothing else regulates the little one's tender stomach, liver and bowels so effectively, besides they dearly love its delightful fig taste.

For constipated bowels, sluggish liver, biliousness, or sour, disordered stomach, feverishness, diarrhoea, sore throat, bad breath or to break a cold, give one-half to a teaspoonful of "Syrup of Figs" and in a few hours all the clogged up waste, sour bile, undigested food and constipated matter will gently move on and out of the system without gripping or nausea, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children; it is composed entirely of luscious figs, senna and aromatics it cannot be harmful.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting genuine old reliable. Refuse anything else offered.

Men and women employed in factories and shops on the tide flats have started the circulation of a petition for a street car line to convey them to and from work.

### A Staple Medicine For All Families

From Infancy to Old Age a Reliable Family-Laxative is Most Needed—Try This One.

It is inconceivable in this day of general intelligence that any family would be without a simple remedy for the minor ills of life, for often by giving such a remedy in time a serious disease can be frustrated and a life saved.

For example, if at the first sign of a cold a simple laxative-remedy like Dr. Caldwell's Syrup Pepsin were given the beginning of a serious lung affection or of typhoid fever might be avoided. And also in headaches, nervousness, etc., a small dose of this remedy would relieve the congestion and replace distress with comfort. Mothers give it to tiny infants and little children, and grown people take it with equally good effect.

Thousands of good American homes are never without it, among them the homes of Mrs. V. M. Hull, Wyacoona, Wis., and Mrs. Ivory Lumbert, Mankato, Minn., who say they would as soon be without the necessities as without Syrup Pepsin. It saves the health of the family, and it saves doctor's bills. It is a guaranteed cure for any form of stomach, liver and bowel trouble, constipation, indigestion, biliousness, gas on the stomach, headaches, drowsiness after eating, etc. Have no hesitancy about giving it to any member of the family, however young or old, for it contains nothing injurious to the youngest person.

MRS. V. M. HULL

A bottle can be obtained at any nearby drug store for fifty cents or one dollar. The latter size is more economical and is bought by those who have already convinced themselves of its merits. Syrup Pepsin users learn to discard strong purgatives generally as they are too great a shock to any average system.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 415 Washington St., Monticello, Ill., and a free sample bottle will be mailed you. Results are always guaranteed or money will be refunded.

### NO SHOES ALLOWED IN JAP HOSPITAL; STOCKING FEET RULE

Dr. Helen Babcock, a prominent woman physician of Seattle, returned recently from a tour of the Orient, during which she studied professional conditions in Manila and cities in China and Japan.

Tip-toeing in stockinged feet through a Japanese hospital in Kobe, while the patients looked curiously at her, was one of the feminine medic's experiences. The Japanese custom of removing the shoes before entering an abode also applies to the medical institutions Mrs. Babcock found out to her amusement and that of the hospital attaches.

In accordance with the rule Dr. Babcock took off her shoes, placing them among others at the entrance of the hospital. After an inspection of the wards and operating room she prepared to leave the institution.

"If I were a little lighter it would be easier for me to button my shoes," laughed Dr. Babcock, "but I thought I would let the rickshaw man try his hand. He was evidently unfamiliar with buttons and buttonhooks, for he started to button with the wrong end of the hook. Attracted by the unusual sight about a hundred Japanese gathered about. The rickshaw man tried his best but couldn't get the combination.
