

# BAD TASTE, SICK HEADACHE, BILIOUSNESS, CONSTIPATION

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and constipated bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will surely straighten you out by morning—a 13-cent box will keep your head clear, stomach sweet, liver and bowels regular and make you feel cheerful and bully for months.

Don't forget your children—their little insides need a good, gentle, cleansing, too, occasionally.
