MANITO CLUB TO OPPOSE GRANT

When their franchise runs out the members wanted it to just operate along without a franchise until the government or the city or state got ready to take the matter up. "If they have no franchise we can compel them to give the service or quit but if they have a franchise for a specified time they can laugh at us," said one man and that was the general opinion.

CLAIMED HE HAD DROPSY

Some time ago I had an attack of grippe which finally settled in my kidneys and bladder. I doctored with the doctors and they claimed I had dropsy. I tried other remedies and got no relief from any of them. My condition was such that I was unable to work for about two months and the annoying symptoms caused me a great deal of trouble and pain. I was hardly able to turn over in bed. Seeing one of your Almanacs, I decided to give Dr. Kilmer's Swamp-Root a trial and after taking several bottles was able to resume my work again. I cannot say too much in praise of your Swamp-Root as the results in my case were truly wonderful.

Yours very truly, ROBERT BALLARD, Mansfield, Pa. Sworn and subscribed before me, this 7th day of May, 1912. RAY C. LONGBOTHUM, Notary Public.
