## DON'T WANT TO BE TOLD OWN BUSINESS

Acting for the board of county commissioners, Chairman Reed yesterday declined an invitation to meet with the Central Improvement league in the Commercial club rooms on the night of May 29.

"The purpose of the meeting is merely to tell us our own business, to remedy our many defects, and to tell us where we are at," said Chairman Reed. "None of us will attend. We do not want to be regulated. We may not know the whole works, but we'll try to get along for the present without outside assistance."

## AT THE TACOMA

The three part Cines-Klein drama is the feature picture of the new program which opened at the Tacoma yesterday and will continue the rest of the week. It is a thrilling story and the three reels contain many novel scenes, a feature for which Cines productions are noted. In addition to the above there are two excellent Lubin comedies, "Clarence at the Theater" and "Fixing Auntie Up," and a very interesting Melles film of travel, "The Northern Islands of New Zealand."

If you were asked if you still believed in fairies you would probably turn an amused smile upon your questioner and feel sorry for the intellect that prompted such a query. Of course, you gave up believing in fairies a long, long time ago. But be careful and bide a wee. If it should so happen that you go to see Maude Adams in Barrie's "Peter Pan" you will be asked this same question and do you know what you will do? You will wave your handkerchief, clap your hands and give other outward manifestations of not being nearly as old as you thought you were. "Peter Pan" is a fairy play but one designed by the clever Scottish dramatist for grown-ups who were once real boys and girls.

## PANTAGES

## MAKES YOUR BACKACHE VANISH, DRIVES RHEUMATIC PAINSAWAY

Eases Stiff, Sore, Swollen Joints and Muscles, Relieving Backache and Bladder Disorders After Few Doses are Taken.

This is what Croxone, the new scientific discovery, does for sufferers of such troubles. It promptly relieves these diseases because it reaches the cause. It soaks right into the walls and linings of the kidneys and cleans out the stop-ped-up, inactive organs like water does a sponge—neutralizes, and dissolves every particle of uric acid and makes the kidneys sift from the blood all the waste matter and poisons that lodge in the joints and muscles to scratch and irritate and cause rheumatism. It soothes and heals the delicate linings of the bladder and leaves the kidneys in a clean, strong, healthy condition, so they can filter the blood and keep you well.

If you suffer with backache—have pains in the neck or sides—nervous or dizzy spells—a few doses of Croxone will relieve the congestion and you will be surprised how quickly all kidney, bladder and rheumatic troubles will disappear.

Croxone is different from all other remedies. It is so prepared that it is practically impossible to take it into the human system without results. An original package of Croxone costs but a trifle, and all druggists are authorized to return the purchase price if Croxone should fail in a single case.

## Two World Famous Divas Applaud Musical Marvel

Tarquini and Tetrizzi—devotees of the Autopiano.

The Autopiano is a blessing to humanity. It should be in every home, for it brings with it culture and refinement which only the compositions of the great masters afford. I find I can play the great operas with the same feeling and expression with which I sing them. I love to play it—it is wonderful—there is no player piano equal to it. Faithfully yours,  
*Luiza Tetrizzi*

Luiza Tetrizzi, the world's greatest lyric soprano, and Tarquini, who captivated the hearts of all in the recent Lombardi Grand Opera season, are staunch believers in the boundless possibilities of the Autopiano.

My American tour has made me a strong believer in the great good to be accomplished by the Autopiano. There is no musical instrument so valuable to the student of operas. Its really artistic effects seem incredible. Now every one can know and enjoy the best of music. I have gained much good in using the Autopiano.  
*Carminia Tarquini*

While thousands of music-lovers might be satisfied with ordinary musical effects, it seems reasonable to say that to the temperaments of Tetrizzi and Tarquini nothing short of the most artistic music effects would be satisfying.

Wouldn't you feel yourself fortunate to have the guiding advice of either Tetrizzi or Tarquini when you came to make your selection? Their judgment points unequivocally to the Autopiano. And yet the choice of Tetrizzi

and Tarquini is reinforced by the greatest of musical authorities. Seven International Expositions have within a few years given the Highest Grand Awards to the Autopiano. It is the choice for the battleships of the navy and of countless musical men and women of the highest renown.

If it is the best player piano you want, the Autopiano will more than satisfy you, and its reasonable price brings it within the reach of every family.

For those who want a smaller instrument the Classy Bungalow Piano satisfies everyone.

Player pianos which have come to us of late in part payment for the new and highly improved Autopiano and other perfected types of Player Pianos carried by Eilers Music House, are now on sale for less than half price—as low as \$325 and even \$365. Free music rolls included. Pay \$10 a month. Eilers Music House, the Nation's largest dealers, 943-5 C street.
