

DESERTED WIVES SEEK RELIEF

Deserted two months after the wedding, Mrs. Frances Madden, wife of Asa Harold Madden, was granted a divorce today by Judge Chapman, and authorized to collect from her husband all costs of the suit. Madden, although his wife has not seen him since he left home on October 28, 1911, is said to be living in Pierce county. They were married August 17, 1911, in Vancouver, B. C. According to the decree, Mrs. Madden's name is changed to her maiden name, Frances Cowley.

Mrs. W. A. Hildebrandt of Tacoma filed suit for divorce in the superior court today. They were married at Vancouver, Wash., on New Year's day, 1906, and Hildebrandt suddenly disappeared in March of the following year. Mrs. Hildebrandt declares that she knows of no reason for her husband's disappearance and that she has not seen or heard of him since.

A verdict of \$300 against the Washington Paving company was given to Mike Morris and Elizabeth Morris yesterday afternoon by Judge Easterday.

What So Precious As a Healthy Baby?

Every Youngster Can Have Fine Digestion if Given a Good Baby Laxative.

In spite of the greatest personal care and the most intelligent attention to diet, babies and children will become constipated, and it is a fact that constipation and indigestion have wrecked many a young life. To start with a good digestive apparatus is to start life without handicap.

But, as we cannot all have perfect working bowels, we must do the next best thing and acquire them, or train them to become healthy. This can be done by the use of a laxative-remedy very highly recommended by a great many mothers. The remedy is called Dr. Caldwell's Syrup Pepsin and has been on the market for two generations. It can be bought conveniently at any drug store for fifty cents or one dollar a bottle, and those who are already convinced of its merits buy the dollar size.

Its mildness makes it the ideal medicine for children, and it is also very pleasant to the taste. It is sure in its effect, and genuinely harmless. Very little of it is required and its frequent use does not cause it to lose its effect, as is the case with so many other remedies.

Thousands can testify to its merits in constipation, indigestion, biliousness, sick headaches, etc., among them reliable people like Mrs. James R. Rouse, of Marquette, Wis. Her little son Howard was fifteen months old last April, but he was sick with bowel

HOWARD ROUSE.

trouble from birth and suffered intensely. Since Mrs. Rouse has been giving him Dr. Caldwell's Syrup Pepsin all his trouble has disappeared and the boy is becoming robust.

Thousands keep Dr. Caldwell's Syrup Pepsin constantly in the house, for every member of the family can use it from infancy to old age. The users of Syrup Pepsin have learned to avoid cathartics, salts, mineral waters, pills and other harsh remedies for they do but temporary good and are a shock to any delicate system.

Families wishing to try a free sample bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

POLITICAL GOSSIP

R. A. B. Young today took out blanks on which to file his candidacy for city commissioner at the spring election. He has his eye on the finance job. Young was secretary of the progressive party committee and was largely responsible for their victory last year in the county. He knows the political game, is an old newspaper man, is progressive and has made good as a business man. His friends say he will have to be reckoned with in the finals.

E. O. Heinrich, chemist, who holds the record for being bounced from a city job the oftentimes of any man in town, took out blanks Monday to nominate himself for mayor. Heinrich had the job of city chemist created for him at \$150 a month. When Fawcett became mayor he did not think the city was getting value received and fired Heinrich. When Seymour came in he put Heinrich back to pay him for his political support and to repudiate Fawcett. But Seymour soon tired of him, and to get rid of him cut his pay to \$75 a month and got him to resign. Then Owen Woods picked him up and had a new job created for him with a high sounding title as chemist of municipal construction. Heinrich lasted a few months with Woods, and Woods concluded the city was not getting the worth of its money, and Heinrich was let out again.

That civil service charter amendment is proving a tooth-pulling affair. The civil service

commission has been working months on it, but has not yet got it before the council. President Ellsworth spoke to the Logan Improvement club on it last night, and it is expected to have it ready now in a day or two.

Mrs. J. S. McKee, president of the Federated Women's Clubs of Washington is here to confer with the board today. She says she thinks the federation will try to steer clear of the state-wide prohibition question, as it is linked up with party politics.

The Tacoma Railway Men's Political club is quietly getting ready to get busy again. The club started to boost some railroaders into jobs. It got a few, but never was able to land the high places.

Mrs. Nettie Hallenbeck, state prohibition party chairman, returned yesterday from a tour through Snohomish county.

A bunch of resignations will be dropping at the city hall soon. All city employes who want to run for office have to resign. As a result of this little provision city hall men will have to drop sure things for a chance. A. E. Metzger will have to give up \$150 a month; Ed White, \$175; Norton Taylor, \$125; Dudley Eshelman, \$100.

The Ministerial alliance at its meeting Monday afternoon decided to try to get up a federation with other reform forces to fight for state prohibition in Tacoma. A meeting will be held tomorrow to try to organize.

MITCHELL MAKES DENIAL OF CHARGES

ROSLYN, Jan. 27.—Nearly 200 men and boys crowded the streets to receive Bert G. Mitchell, secretary of the Y. M. C. A., whom the Seattle papers credited with having stated that Roslyn had been morally regenerated from a black town to a white town in the last two years. Mr. Mitchell fortunately did not arrive, and before his appearance in the city the cooler judgment of business men tempered the feeling of the crowd.

On Mr. Mitchell's arrival he at once repudiated the statements in the press and declared that the facts had been garbled by the officials of the Seattle Y. M. C. A., giving out publicity for the Sunday meeting. He asserted that instead of defaming Roslyn that he had lauded the cleanliness of the city. A mass meeting was held this evening at the association, at which Mr. Mitchell made a statement concerning the entire matter.

FIND SACRED CORN

WASHINGTON, Jan. 27.—A Cherokee sacred corn, believed to be sprung from the original plant found in North America, has been discovered by the department of

agriculture after years of search. It was learned today. This kind is softer and sweeter than the common corn and will be used to improve the strain.

Registration Is Falling Off

Registration is falling off in bad shape. Three of the registrars have been let go and there is not enough work to keep the others busy. Yesterday but 274 names were added. This makes a total of but 11,566 with only 3,188 women and 8,378 men.

SPECIAL RATE IS SOUGHT

The Associated Charities this morning requested the city to give a special rate on light and water to the association for its building on Commerce street. Last year the charities association found permanent employment for 149 men and 96 women, and got temporary jobs for 785 men and 255 women. They gave beds to 476 free lodgers and 865 meals free with 789 baths, besides looking after the poor.

She's in Style

OLEY, Pa., Jan. 27.—Elliott Herbine, a poultry fancier, has a freak hen, which is covered with a growth of fine fur about five inches long, in lieu of feathers. In all other respects the hen is of the Rhode Island species. Herbine will endeavor to breed hens with fur.

YEAST MAN TALKS TO CITY BAKERS

Julius Fleischmann, the big yeast maker, at a banquet tendered him by the Master Bakers' association of Tacoma last night discussed the question of how to make good bread with the bakers. He also urged all to co-operate to get good results as if one baker makes poor bread it reflects on all bakers' bread in the public estimation.

HOW YOU MAY THROW AWAY YOUR GLASSES

The statement is made that thousands wear eyeglasses who do not really need them. If you are one of these unfortunate, then these glasses may be ruining your eyes instead of helping them. Thousands who wear "windows" may prove for themselves that they can dispense with glasses if they will get the following prescription filled at once: Go to any active drug store and get a bottle of Optona; fill a two-ounce bottle with water and drop in one Optona tablet. With this harmless liquid solution bathe the eyes two or four times daily and you are likely to be astonished at the results right from the start. Many who have been told that they have astigmatism, eyestrain, cataract, sore eyelids, weak eyes, conjunctivitis and other eye disorders, report wonderful benefits from the use of this free prescription. Get this prescription filled and use it; you may so strengthen your eyes that glasses will not be necessary. Thousands who are blind or nearly so, or who wear glasses would never have required them if they had cared for their eyes in time. Save your eyes before it is too late! Do not become one of these victims of neglect. Eye-glasses are only like crutches and every few years they must be changed to fit the ever-increasing weakened condition, so better see if you can, like many others, get clear, healthy, strong, magnetic eyes through the prescription here given.—Adv.

PROGRESSIVES PLAN BIG CAMPAIGN

The names of two live Progressives in every precinct in Pierce county are being furnished by Burns Poe, secretary of the party's local league, to the executive committee of the national organization. The same thing is being done in every other county of the Union to perfect the national organization, and thus put in touch with the national headquarters many of the party's workers. The national executive committee has sent word that it expects to take a prominent part in the coming senatorial campaign.

Churchill Ready For New Party

LONDON, Jan. 27.—A new political party, imperialist in policy and taking a middle course between the Liberals and the Conservatives, may be formed by Winston Churchill as a sequel to his clash as lord of the admiralty with Lloyd-George on the question of a larger navy.
