Walking Through Fire With Weird Incantations! Natives of Pulo Penang Descend Into Fiery Pits and are Not Harmed

He walked through the fire as though he were walking along a country road.

Editor's Note—It is hard to believe that any man can walk barefoot through a fiery furnace and come out unharmed. But the strange practice of "fire walking" unquestionably prevails in some parts of the world, though seldom these can be explained. This account is taken from "The Strange Adventures of Capt. Quinton," by special arrangement of the Times with The Christian Herald.

BY CAPT. ROBERT QUINTON. We look back with a sort of vague curiosity to the biblical account of the "passing through fire" and other kindred abominations which was practiced in honor of Baal, Ashtoreth and Moloch in the days of the Hebrew prophets; but it seems like a breath from these long-forgotten ages to find that the same religion still survives and the same weird, uncanny ceremonies are being performed today.

"CASCARETS" FIX SOUR STOMACHS

Sluggish Bowels cause Gases, Indigestion and Food Fermentation.

Get a 10-cent box now. That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

LIKED TO PLOW

SAN JOSE, CAL., March 6.—When neighbors protested and sent an investigating committee to stop pretty 17-year-old Miss Dora Clay from plowing in her father's orchard the demure dame said: "Plowing is no harder than basketball," but she agreed to quit.

were placed on top of the logs and the fire was lighted before daylight.

Two medical men with us examined the feet of the performers, as well as their entire bodies, and found nothing unusual about them.

There were 10 "dancers," and they wore only breechcloths of common calico and anklets of dried fern leaves, which are highly inflammable. They also wore wreaths of the tree upon their heads.

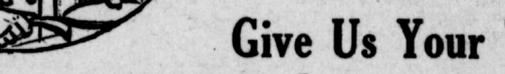

Starting in single file, they walked slowly and measuredly across the red-hot stones, chanting in a low monotone. They walked back and forwards in the heat, showing not the slightest inconvenience.

One dancer tied a white handkerchief to the end of a long bamboo pole and held it all of two feet above the red-hot stones. The handkerchief instantly scorched and burned up.

The performers remained in the pit for about 10 minutes, and then marched out. The doubters examined their feet carefully, but were obliged to admit that they were perfectly normal, and I noticed that the loin cloths and anklets of dried fern leaves showed not the slightest evidence of being scorched.

(The last of Capt. Quinton's adventures, which will appear in this paper Saturday, tells a thrilling story of "A Night in the Jungle."—Ed.)

SAYS PREACHERS ARE TOO BUSY

At the Methodist preachers' conference for Olympia district at Mason church last night where Bishop Cooke presided, Rev. C. A. Bowen of Olympia declared preachers were too busy with social service these days to do real effective work. He thought the real business of the preacher was preaching and if he put too much time on other work his preaching would not be effective.

Had Serious Lung Trouble—Now Well

Sufferers from Lung Trouble are often misled in the belief that nothing will save them. Rest, clean air, wholesome food and regularity in habits do much in aiding to restore health, but something else is needed. Many people who have taken Eckman's Alternative have testified that it was this medicine which restored them to health.

Read this: "Gentlemen: Through your instrumentality I have been saved from a premature grave. On December 14, 1904, I was taken with Typhoid Pneumonia which developed into Lung Trouble. In February, 1905, I went to Fort Worth, Texas, and later to Canon City, Colorado. After being there two weeks my physician informed me that my case was hopeless. Three weeks later I returned home, weighing 103 pounds, the doctor having given me no assurance of reaching there alive. On July 14, 1905, I began taking Eckman's wonderful remedy for Lung Trouble. Today I weigh 155 pounds. I am stout and well and can do any kind of work about my grain elevator." (Artificially abbreviated.)

(Above abbreviated; more on request.) Eckman's Alternative has been proven by many years' test to be most efficacious for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Stubborn Colds and in rebuilding the system. Contains no narcotics, poisons or habit-forming drugs. Sold by leading druggists. Write the Eckman Laboratory, Philadelphia, Pa., for booklet telling of cures and additional evidence.
