FIRST SIZE-UP OF FEDERALS IN CAMP; TINKER HAS MAKINGS OF TEAM

BY HUGH S. FULLERTON SHREVEPORT, La., March 24.—It is rather unfair to pick the best, most modern and most interesting of the training camps of the major leaguers, study their training methods and then move to the first camp of a new league and criticize a team thrown together from all sorts of material.

Magnate Weeghman of the Chicago Federal league team pitching the first Fed 1914 ball. Photographs by Durborough at Shreveport.

After watching the old teams, with their perfect organization, their coaches, trainers and veterans at work on established camps with all modern conveniences, the Chicago Federal league team looks a bit bushy. It has a lot of wretched material, a poor field, the players are strangers to each other and scarcely known to each other.

There are three first basemen: Beck, Jackson and Kading. Beck has had a lot of major league experience and is a good man. Jackson was one of the stars in the Pacific Northwest. A clever lad. He needs training and experience, but working with Tinker will help him a great deal.

FEDERALS TO START PLAY APRIL 13TH

BALTIMORE, March 24.—April 13 will be the opening day of the Federal league schedule when the season opens this spring, according to announcement made today by officials in conference here.

Notes From The Camps

With the Feds at Shreveport, La. Ad Brennan, the man who spanked John McGraw and did other meritorious things in the Nationals, is among those who think it will be as hard to pitch in the Fed league as in the ancient, if not honorable, organization.

SKATES AGAINST MEN

MISS DELLA SHERMAN, SNAPPED IN ACTION.

LOS ANGELES, March 24.—Unable to find competition among members of her own sex, Miss Sherman, a young high school miss, has entered the list against the masculine roller experts in the Southern California championship skating contest.

Miss Sherman defeated Herbert Grider and Max Herschfield, both premier knights of the rollers, in the finals here. These men are considered the pride of the Southland, and it is thought that because of her remarkable showing, she has an excellent chance to gather in the trophy.

"I consider skating the best exercise in the world for a girl, and attribute my good health to my constant use of the rollers," said Miss Sherman. "I would like to skate on ice, but since there is none in Southern California I took to the rollers instead."

COMPIL RECORDS
