30,000 SINGERS ARE WANTED FOR HUGE CHORUS SUNDAY

The biggest bunch of singers ever gathered for one concert are expected to blend their voices in the Stadium next Sunday. Fully 30,000 vocalists are wanted to take part.

This will be the most gigantic musical event ever offered in Tacoma. The natural facilities offered by the Stadium give scope to the singers that would be impossible anywhere else.

A band of 40 pieces will assist the vocalists Sunday afternoon. In addition to playing a

selected program of special numbers, the band will accompany the voices. W. R. Flussett will be in charge of the instrumental music.

Old favorite patriotic, sacred and sentimental airs will be sung Sunday, and the singers are expected to bring the music with them, as the books are not ready yet.

Tacoma should boost this concert. It is a big thing in a musical way, and if a success, will be but a prelude to a series of monster concerts in the vast amphitheater.

Remedy Used By Three Generations

Mothers Who Took It When Children Now Giving It to Their Children.

There must be genuine merit to an article that has stood the test of two generations of users.

In the field of medicine none has had greater success, nor retained that success to a greater degree, than Dr. Caldwell's Syrup Pepsin, which is now being used by three generations of people. Its use in families is constantly becoming more general. The reason, primarily, is that it has merit. It is what it represents itself to be, a laxative-remedy; it does not make exaggerated claims nor use coarse language to set forth its virtues.

WM. ROSWELL TAYLOR.

It is a medicine, but so mild and gentle a medicine that thousands of mothers give it to their infants, and yet, in a slightly larger dose, it is equally effective for grown-ups. It is for any disorder of the stomach, liver or bowels, for constipation no matter how chronic, for dyspepsia no matter how severe, for biliousness, sour stomach, gas on the stomach, headaches, drowsiness after eating and similar complaints arising from a clogged-up condition of the bowels. It is pleasant to the taste and does not grip. It can be used with safety and good results by anyone at any age or in any condition of health, and that person's health will improve. Every druggist sells it and the price is only fifty cents and one dollar a bottle.

Thousands of families through-

out the country are never without Syrup Pepsin in the house, among them Mrs. W. A. Taylor, 717 Lincoln Ave., Beloit, Wis. She has five children and gives Dr. Caldwell's Syrup Pepsin to all of them as needed. Little William used to cry half the night with cramps and pain, but since being given Syrup Pepsin he does so no longer. The use of this remedy will teach you to avoid cathartics, salts, purgatives and physics generally as they are entirely too harsh. Syrup Pepsin cures gradually, but the cure is comfortable, safe and permanent.

Families wishing to try a free sample bottle can obtain it paid for by addressing Dr. W. B. Caldwell, 419 Washington St., Monticello, Ill. A postal card with your name and address on it will do.

Today she found another sample hardly up to requirements.

Lung Trouble Yielded to This Medicine

If you are suffering with serious lung trouble, it will pay to fully investigate Eckman's Alternative, a remedy which has caused many recoveries. One follows:

"Gentlemen:—In the winter of 1903 I had an attack of Grippe, followed by Pneumonia, and later by Lung trouble. In the winter of 1904 I had a cough, night sweats, fever and raised quantities of awful looking stuff and later I had many hemorrhages; at one time three in three successive days. Three physicians treated me. I was ordered to the mountains, but did not go. Eckman's Alternative was recommended by a friend. After taking a small quantity I had the first quiet night's sleep for weeks. My improvement was marked from the first. I gained strength and weight and appetite. I never had another hemorrhage and my cough gradually lessened until entirely gone. I am perfectly well."

(Abbreviated.)
(Affidavit.) ANNIE F. LOUGHRAN.

STEAMSHIPS PLYING OUT OF TACOMA MUST PAY TAXES

Steamships operating between Tacoma, Seattle and Alaska, as well as other territories or states that are owned here, must begin to pay taxes to the local county treasuries, after an exemption of 12 years, according to an order by Judge Chapman today. If the order is sustained by the state supreme court, it will affect every steamer operating out of Puget Sound, and will result in the enriching of Pierce county, alone, by several thousand dollars annually.

The decision came today when Judge Chapman sustained Deputy County Attorney Fitch's demurrer to the suit of the Alaska Coast company, in which the steamship company asked exemption of the \$1,000 taxes fixed by County Assessor Cooke on the steamers Jeanie and Bertha, operating between Tacoma and Alaska.

The company brought forth the old Hamilton bill, passed in 1911, vetoed by the governor and re-passed by the legislature, in which exemption from taxation is given all ocean vessels plying between Washington ports and other states, territories or islands.

By this bill, taxes are exempted if the steamers are registered in the local customs office.

Prosecutor Fitch showed that the law was unconstitutional, in that vessels operating under it could not be taxed by any community. Judge Chapman acquiesced in the viewpoint, and sustained the demurrer over the objections of Attorney W. C. Murray, for the steamship company.
