WHERE RUSSIANS MAY BATTLE WITH TURKS

War map of northern Asiatic Turkey, showing Turkey's Black sea ports and Russian frontier. Much of this country is famous in Bible history. Note that Mt. Ararat, where Noah landed, is in Russian territory. The island of Cyprus was one of the first places Christianized after the death of Jesus. The term "Christian" was first used in Antioch, which is shown on the map. Aleppo is over 1,500 years old. It has been the scene of all sorts of catastrophes—pestilence, earthquakes, massacres. Alexandretta, which should be distinguished from Alexandria in Egypt, was founded by Alexander the Great in B. C. 333, or 2,247 years ago. Smyrna is the birthplace of Homer, the poet. One of the earliest Christian churches was started there.

TANGOING IN ORIENTAL GARB TO BE NEWEST DANCE CRAZE

Is the tango dead? Answer: No! Ah Yoke, dainty Celestial maiden, is one of its enthusiastic exponents. Combining the Oriental costume with the American dance steps this little Chinese girl has obtained a Terpsichorean novelty that is the envy of her Occidental sisters. She is a native of the Chinese quarter of San Francisco and learned the tango from American children.

OLYMPIA KINDER SPEEDY—PRIMARIES A WEEK AHEAD

OLYMPIA, Nov. 11.—When small towns outside Olympia held primary elections yesterday it became known that this city held its primaries just one week too soon. The law fixes the date for election in third-class cities on the first Monday after the first Tuesday in December, and the primary is to be held four weeks earlier. December comes in on Tuesday this week, so Olympia held its primaries five weeks before election day. No new primary election will be held.

CARRANZA YIELDS TO U. S.; MEXICO CITY FEARS SIEGE

MEXICO CITY, Nov. 11.—Gen. Carranza will today issue a public manifesto guaranteeing safety to the inhabitants of Vera Cruz. In return for this public declaration of peace the American troops will be withdrawn. This announcement is contained in a telegram sent to Washington last night. Carranza asks the United States to name a definite date for the evacuation of Vera Cruz by the American troops. This city, in the meanwhile, is calmly awaiting an attack by Zapata forces. The streets are deserted, but the minister of war declares that there is a sufficient force of soldiers to repel the Zapatistas. Carranza yesterday relieved three generals, commanding a force of 50,000 men, of their commands because of alleged insubordination. Villa's forces, 15,000 strong, are reported to be marching south of Encarnacion de Diaz on their way to Mexico City. But they must overcome a force of 40,000 between de Diaz and the capital. This army is still loyal to Carranza.

SAVE YOUR HAIR IF FALLING OUT OR DANDRUFF--25 CENT DANDERINE

Ladies! Men! Here's the quickest, surest dandruff cure known. Little Danderine tonight—now—anytime—will surely save your hair. Get a 25 cent bottle of Knowledge's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp. Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. Aover: the scalp.

QUENIULT

The following is a news item in Monday night's Tribune:

ON HIS RETURN FROM QUINIAULT, JOHNSON TALKS OIL

The discovery of oil in the Olympic peninsula would affect Washington the same way as the discovery of gold in the Yukon did in 1897, according to Congressman Albert Johnson, who returned to Tacoma after a visit to the Quinault reservation, made in company with Dr. Samuel Elliot, Indian commissioner, who went to the reservation Friday morning to investigate the condition of the Quinault tribe. Congressman Johnson declared that he had no doubt that the oil was there and it was only a question of time before it would be discovered. "We had a fine trip," said Congressman Johnson. "I am much interested in the oil situation. While I was unable to visit the wells that are now being sunk, I feel sure that oil is there and that it probably lies in a large lake somewhere on the peninsula. It is merely a question of hitting the right spot."

The mud volcano on our property is a sure indication of oil, according to the greatest oil authorities, and we have been unable to find in any of the great authorities a single failure to find oil under any of such gas-vents.

Our capital stock is only \$200,000, all of which is common stock and non-assessable. Par value \$1 is the same price as 20 cents a share if our capital stock were \$1,000,000. A share of our stock is worth five times as much as it would be if we were capitalized at a million dollars. We are selling this stock for \$1 a share for a short time.

Our trustees and officers are: J. A. Paulhamus, an oil man of fifteen years' experience, president; W. H. Paulhamus, president of the Puyallup & Sumner Fruit Growers' Association, secretary and treasurer; E. F. Gregory of E. F. Gregory Co., real estate, vice president.

Call at Room 210 National Realty Building, or write for particulars, or mail remittance for the stock you want.

PHILADELPHIA, Nov. 11.—Flirting by the freshmen "co-eds" at the University of Pennsylvania is strictly under the ban. The ban was established by the sophomore girls. Just why it was is not known, but the stringent rule has been laid down by the upper-classmen. Any violation is punishable with a three-cent fine.

It is reported that the sophomore girls hope to collect enough fines to give a tango party to their admirers in one of the downtown cafes.

ARREST LAST BANK SUSPECT

SEATTLE, Nov. 11.—Halg Kanzenas, 29, an Armenian, was today taken to Mt. Vernon after being arrested on the street here last night. He is believed to be the last of the bandit gang that held up the Sedro-Woolley bank a month ago. He vehemently denies that he was implicated in the deed. Companions of the prisoner hinted that Halg had buried \$6,000 and his automatic gun north of Seattle. He will be brought before the bank cashier today for identification. All the other members of the gang were shot to death by a sheriff's posse during the pursuit after the bold robbery.

Nearly Robbed By Two Thugs

One of the boldest "strong-arm" operations of the season was attempted at 9 o'clock last night on a brightly lighted downtown street. Harry Micklethwaite, 718 South J street, an engineer, was walking up the 11th street hill between C and D streets when two burly strangers leaped upon him at the entrance to "Opera court" and attempted to drag him into the dark area-way.

At Second Siege

LONDON, Nov. 11.—A Central News dispatch from Vienna says that preparations are being rushed for the second siege of Premysl. It is reported that the Russians are equipped with new eight-inch French guns.

CLUSTER LIGHTS

Cluster lights for street illumination will be installed in a portion of the North End residence district if a majority of the property owners wish them.

A resolution was introduced in today's council session providing for cluster lights in the area bounded by North 3rd, North Yakima avenue, North 9th and North Cliff avenue. Property owners will have an opportunity to remonstrate before the resolution takes effect.

Theater Trouble

City Building Inspector W. Scott Snyder today recommended to the city council that the license of the Gem Moving Picture theater on Portland avenue be cancelled. "I visited the theater Nov. 7 at 8:45 p. m., and found the rear fire exit locked and barred, and some movable chairs in the aisles," reported Snyder. The council decided to allow the manager to appear at the city hall next week and give an explanation.

OLD AND NEW WAY

The Hyomel Remedy for Catarrh, Colds and Croup a Most Valuable Discovery. The discovery of Hyomel has made a wonderful change in the treatment of catarrh, head colds, and similar ailments—you simply breathe a medicated air using a small inhaler that comes with every complete outfit. Hyomel is a combination of antiseptic oils that mixes with the air so that its health-giving medication may go directly to the sore, raw, inflamed lining of the nose, throat, and bronchial tubes. It almost immediately stops the disagreeable nasal discharges, quickly relieves that choked-up feeling, heals and strengthens the delicate tissues. The strongest evidence of Hyomel's curative value for catarrh, head colds, asthma, etc., is that your well-known druggist, Crown Drug Co., sells it under a guarantee to return your money if you are not satisfied. Do not delay treatment for Hyomel is not only harmless but pleasant to use, and nothing to pay if not cured.
