THEATRICAL

Advance Sale For New Play

Tickets for "The Poor Little Rich Girl," which will be seen for three nights at the Tacoma theater, beginning next Monday, were placed on sale today by members of the Children's Home board at the Sherman Clay Co. The sale will be continued tomorrow. Those buying tickets of the Home committee may obtain seat reservations at the theater Friday.

FAMILIAR HEADLINER IN PANTAGES BILL

"A Day at Ellis Island," an act that has appeared in Tacoma on a previous occasion, heads the new bill at Pantages theater this week.

No. 1—"A Day at Ellis Island." The act has special settings and represents comedy and a big lot of sentiment in the immigration station in New York. Fair.

No. 2—The Oxford trio, three clever performers who play a basket-ball game while mounted on bicycles. A real novelty that pleased last night. Good.

No. 3—Reed's bulldogs. One of the cleverest animal acts in the vaudeville world and the dogs work with a willingness and enthusiasm that is refreshing. Bulldogs invariably wear an expression that invites laughter—for they laugh themselves, do the bulldogs—and Reed put his act over very nicely. Excellent.

No. 4—Miss Von Bracht, soprano. This artist has a pleasing if somewhat over-cultivated voice, but her selection of songs is good and she wears beautiful gowns. Excellent.

No. 5—Dunlay and Merrill, a young man and a young woman. It is the familiar song-and-patter act rounded out with a fetching beauty that Miss Morrill makes the most of. Good.

No. 6—Nadell and Kane, another of the eternal nut acts. Some of the gags too strong for a family audience and should be blue-penciled. Fair.

No. 7—Comedy movies. Very Good.

Hawaiian Play Sunday Night

"The Bird of Paradise."

Oliver Morosco will present Richard Walton Tully's Hawaiian romance, "The Bird of Paradise," at the Tacoma theater Sunday night. This gripping play of a woman's soul takes place under the shadow of Pele and is lighted by its lurid fires and made musical with the weird sounds of native instruments and voices.

SURE WAY TO GET RID OF DANDRUFF

End Itching Scalp and Stop Falling Hair—At Once

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

If you want to keep your hair looking rich, do by all means get rid of dandruff for nothing destroys the hair so quickly. It not only starves the hair and makes it fall out, but it makes it stringy, straggly dull, dry, brittle and lifeless, and everybody notices it. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need. This simple remedy has never been known to fail. "adv."

Among the officials who made the trip were President J. M. Hannaford, Chairman W. P. Clough of the board of directors, George T. LIQUOR MEN START FIGHT

OLYMPIA, Dec. 1.—The first guns of what is expected to be a long legal siege against the Washington state prohibition measure were fired this afternoon in Judge Claypool's court when attorneys of the "wet" and "dry" forces clashed on the legality of the law recently passed.

A preliminary skirmish that brought on today's fight was started at a night session of the court last evening when attorneys representing M. & K. Gottstein, wholesale liquor dealers of Seattle, applied for and received a temporary restraining order against the enforcement of the prohibition law. By the writ Governor Lister is temporarily restrained from enforcing the new law, and the further legal fight devolves about an effort of the liquor men to make the order permanent.

The complaint filed last night attacks the constitutionality of the law on many grounds. It is asserted that the law should take effect in 30 days, instead of next year. That the announcements of election, and "pink pamphlets" containing copies of the initiative bills were mailed illegally is also asserted.

Attorneys admitted today that the restraining order is only a forerunner of a long legal fight, and that the suit was instituted yesterday in order to have it on record before tomorrow—December 3—which will be 30 days after the last election.

SEATTLE, Dec. 1.—The federal land offices at Olympia and this city are to be combined and centered in Seattle.

Will Dedicate State Building

SAN FRANCISCO, Dec. 1.—A house warming and dancing party will dedicate the Washington state building at the Panama-Pacific exposition tonight. Prominent men from Seattle and Tacoma and officers of the exposition commission will talk during the evening. More than 1000 guests have been invited.

DOES YOUR HAIR SHOW YOUR AGE?

Of course white hair and gray always suggest age, but often faded, dull and brittle locks make us think even young people are old, while a lustrous, heavy head of hair is naturally associated with youthfulness and forces us to credit its owner with being young. Perfectly healthy hair is always beautiful and is very easily acquired if proper care is given to the hair and scalp.

In washing the hair it is not advisable to use a makeshift, but always use a preparation made for shampooing only. You can enjoy the best that is known for about three cents a shampoo by getting a package of canthox from your druggist; dissolve a teaspoonful in a cup of hot-water and your shampoo is ready. After its use the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. Your hair will be so fluffy that it will look much heavier than it is. Its lustre and softness will also delight you, while the stimulated scalp gains the health which insures hair growth. "Advertisement."
