QUENIULT OIL

The greatest pleasure that you could give your loved ones is a block of Queniult Oil stock in the Christmas stocking. A Christmas gift of this kind, we believe, will result in ten-fold greater joy than anything else you could give.

Our drill is down 458 feet, above which is a pressure of gas so strong that we believe it can be piped to Portland, Tacoma and intermediate points at a big profit. This assures you that the money invested in Queniult will at least not be lost. Queniult can still be bought at \$1 a share. Our capital is only \$200,000.
