water from a spring which is pumped up by a ram. Mr. Conner will have, when his dairy is completed, one of the most sanitary dairies around Tacoma, he declares.

Wapato Park Dairy, near the Seven Mile road house, covers an area of 140 acres. C. Allenbarter,

the proprietor, has had his cows tested and segregated. The Wapato Park Dairy delivers daily to 300 customers. C. Allenbarter is building a new dairy at Garden-ville where he says he will build one of the most up-to-date dairies in the state.
