

MAKES MORE MONEY THAN ANYBODY ELSE

Who, John D.?

NO; ROBERT W. WOOLLEY--EVER HEAR OF HIM?

ROBERT WICKLIFFE WOOLLEY, DIRECTOR OF THE MINT, ON THE JOB.

WASHINGTON, D. C., June 27.—The man who makes more money than anybody else in the United States is Robert Wickliffe Woolley.

He doesn't earn more—he just makes more. Woolley is the director of the mint, and he bosses the job of coining all the money, gold, silver, copper and nickel,

that Uncle Sam uses.

Besides that, he coins all the pesos and subsidiary coin used in the Philippine islands, and turns out millions of pieces of minted coin for the South and Central American countries.

Uncle Sam has three big mints; one at Philadelphia, which is now coining money for Cuba, Ven-

ezuela and Salvador; another at Denver, which is minting minor coins—one-cent and five-cent pieces—and a third at San Francisco, now executing United States coinage and Philippine coinage.

"For the first time in the history of the mint," said Woolley, "we are about to make coins out-

side of a government mint. This is at the San Francisco exposition, where a special act of congress permits to mint the 50-cent pieces of special design to commemorate the exposition. We are also now minting and will deliver before the end of June the other coins of this special exposition issue consisting of \$50 gold pieces, \$2.50 and \$1.00 gold pieces."

OIL NEWS

TO THE STOCKHOLDERS OF THE CRESCENT OIL CO. and everybody who is interested in the oil development in Thurston county: Work was started at the Crescent well Saturday morning with Mr. Slater in charge and Mr. Rolly Downes in the box. Mr. Perry Malone, former head driller, who is responsible for the statement that "We have a real oil well," arrived in Tenino at 2:57 o'clock this morning and immediately took up the work as head driller, all with the approval of Mr. J. C. Canyon, president; Mr. Abe Flewellen, vice president; Mr. Emery C. Williamson, secretary and treasurer, and Mr. C. Christopher.

The war hatchet has been buried, the pipe of peace smoked, and all is harmonious, and work will progress as rapidly as a double shift can push it, with the one result of making GOOD NOW.

The committee has been untiring in its efforts to raise the necessary funds—the judgments against the well have been paid off and released, and several other large and pressing bills have been paid. But we still NEED MORE MONEY and you can get Crescent stock at 8 cents per share, but only until Wednesday night at 10 o'clock. Don't put off any longer. GET IN AND HELP. Send or bring your money to Mr. A. B. Kirk, 1001 National Realty Building.

Remember, your committee receives the money, pays the bills and will report direct to you, and will see that your interests are protected.
