STADIUM GIRLS TO ORGANIZE

A start was made this morning at the first all-girls' assembly of the year at Stadium high school to organize for vocational guidance.

The movement, now under the direction of Mrs. R. E. Friars, of the mathematics department, was started last year, but nothing definite was accomplished.

Mrs. William B. McCreery, a former high school teacher, spoke to the girls today. It is the hope of the authorities to form clubs similar to the vocational clubs started by the boys this semester.

Many girls are interested in work after they finish school other than teaching, declared Principal Hunt today, and it is the intentions of those at the head of the movement to obtain speakers in different fields of women's work to speak to the girls.

Mrs. J. A. Reed of Seattle will speak to the mothers tomorrow on the same idea, hoping to interest the parents in the movement.

Perkins to Drill Team On Passes

Coach E. E. Perkins has started to build a new style of football play for Stadium.

With Crumb out of the game completely and Nelson in such a condition he may not play again this year, Coach Perkins realizes that the Stadiumites must give up the mass formations and add more plays if Stadium expects to win again from the heavy Lincoln Park eleven.

Coach Colbert at L. H. S. will devote his time to making his players hang on to the ball. The team realizes the costliness of fumbling and will pay particular attention to this phase of practice during the next several days of turnouts.

Lincolites are optimistic as to the outcome of the next game. Many go so far as to express an opinion that they will defeat the north enders.

First Game at Puyallup November 1

Puyallup high school sophomores and juniors will play the first interclass basketball game of the season on November 1. The freshmen are expected to have a fast team this year despite the reputation that class has for losing games.

The girls of the high school recently elected Lillian Annen as coach and Lucille Pence manager. Teams will be organized soon, and the girls will start out for another championship. Last year they held the sectional championship.

Eukelele Club Flourishing

The Eukelele club of Stadium high school met yesterday afternoon in one of the class rooms for a weekly practice under the supervision of Miss Mason.

The club has sent to California for special eukelele music which is expected within a short time. The club is limited at present to two or three old standbys which do very well for starters, but the club is ambitious and desires the newest there is in Hawaiian music.

DANDRUFF SOON RUINS THE HAIR

Girls—if you want plenty of thick beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

Kapowsin Girl Celebrates Her Third Anniversary

Doris Marian McMillan is the daughter of Mr. and Mrs. McMillan of Kapowsin, and just celebrated her third birthday party, which was enjoyed by 17 of her playmates. Presents galore were given this little up-county miss in recognition of the love and appreciation of her friends, of which she is blessed with an abundance. It need not be said that Doris is an outdoor girl and enjoys a perfect disposition, which runs hand in hand with health.

Urges Mothers to Study Movies

Charlie Chaplin and his saw-dust bricks and Theda Bara and her sensuousness may be all right, but Principal C. A. Stanley of the Central school is doubtful as to the influences of these two screen stars on grammar school pupils. In a talk yesterday afternoon to 500 parents of the Central district he warned them of the lurking dangers in ill-chosen pictures, showing the possibility of weakening the child's moral fibers by too much of the wrong kinds of moving pictures.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

WITH THE THEATERS

Real Countess Singing On Tacoma Stage Today

Few persons who have attended the Pantages theater this week have realized that they have been listening to a real countess, Marie Von Dornum, in addition to witnessing an excellent vaudeville bill.

Countess Von Dornum is an American girl, born in Buffalo, N. Y., but she married Count Paul Von Dornum in Berlin shortly before the beginning of the war. She had been on the concert stage in Europe, after having been developed and tutored by Madame Tetrazzini, who heard the young woman sing in America a few years ago and became enthusiastic over her voice.

The countess is busying herself with American vaudeville on a contract that terminates as soon as the war ends. For she is impatient to return to her husband, who is fighting somewhere on the German battlefields. Her soprano solos are accompanied by two harpists and a trombone.
