SEVEN WONDERS CONTEST WELL BEGUN; NOW GET YOUR LIST IN

By the Seven Wonders Editor. Well, boys and girls, the first batch of your answers in the Seven Wonders of Tacoma contest were so interesting that we put them right out on page one, where all the big folks who have not yet learned to read the school department would see them. Don't fail to turn over to them just as soon as you finish reading this, your own department. And now put your thinking caps on and see if you cannot get out lists that will be even better than those submitted by Frances, Lena and Harley. I would make one suggestion. Be explicit; for example: I think Frances Harris did much better to list the St. Paul lumber mill as one of her wonders than she would if she had said something like "lumbering industry" or "lumbering." A great many teachers today held little classroom discussions of Tacoma's wonders and a large number of others have signified an intention of doing the same tomorrow. If your teacher hasn't done this, suppose you suggest the idea to her. We can't any of us think too much or know too much about our home city. Don't forget the rules of the contest. Here they are again. Study them over, then write your list and mail it in. There are 23 prizes and you have a good chance of landing one of them. Who is eligible to take part? Every pupil of any public or private school in Pierce county. There will be no hard and fast limits to what may be considered a wonder of Tacoma. For instance, we would decide a con-

Advertisement for Charlie Chaplin's 'A Night In the Show' at the Apollo. Includes a large illustration of Charlie Chaplin in a top hat and a long coat. Text: 'NOW Is Your Chance to See Me Charlie Chaplin I will be at the Apollo for 4 solid days, beginning tomorrow, in my latest 2-reel comedy. "A Night In the Show" This is absolutely new and I appear in full dress and a high silk hat. Oh, but I will make you laugh. 4 Days Starting Tomorrow at the APOLLO 1131-33 Broadway. A Big Feature Affair.

In case a large number of contestants agree on the same seven, the prizes will be awarded to those having the seven in the order of their importance and on the basis of the little essays regarding Wonder No. 1. All lists must be in The Times office by noon, Dec. 6. They should be addressed to Seven Wonders Editor, The Times, Tacoma.

STADIUM MEETING PLANNED

Following the annual custom of a Thanksgiving assembly, students of Stadium high school have arranged a strictly local talent meeting for tomorrow. Supervisor Ball has prepared special music. President Wilson's Thanksgiving proclamation will be read by Harry Nubert, while Edward Everett Hale's "A Man Without a Country" will be recited by Dean Hart. Myrtle Calkins will give "The Lie."

Pupils Hear Missionary

Dr. Sidney L. Gulick, for 26 years a resident of Japan, spoke before the students of Lincoln Park high school today on Oriental problems. Principal Parker announced that a special assembly would be held tomorrow morning, when the honor students for the year thus far would be announced. All students who have maintained an average of 90 or better in all four subjects will be placed on the roll.

Rain Holds Up Schedule

The continued rain is congesting the grammar school soccer league schedule. Each day of wet sees the postponement of several games and the boys just entering the official season are thirsting for blood, especially those who are slightly in the rear. Besides the postponed games of yesterday, the following games are scheduled for today: Central vs. Rogers, Logan vs. Franklin Juniors. The Shermans will play the Grants on Wednesday, while the Longfellow and the Bryants are scheduled to tangle on the same day.

Sophomores Take Game

The Lincoln Park sophomore basketball team yesterday defeated the seniors in one of the hardest fought games of the inter-class series. The sophs got an early lead and ran up a large score before the upper classmen got started. Basketball will stop now until after the Thanksgiving holidays when the players will again take the floor.

Mat Man's Arm Broken

George Hick, one of Lincoln Park's best wrestlers in the 135-pound class, broke his elbow yesterday in a workout on the mat, and will be out of the game for the rest of the season. Lincoln is strong in this division, having Captain Picker and Caton to rely on.

The second week of official grammar school soccer brought 30 teams into the race for the selection of the "Big Six" sometime before the Christmas holidays. The play is developing many expert players and a spirit that is commendable. Principals and officials of the league are just as much pleased with the school which are turning out several teams nightly for play within the school as the teams which are entered in the leagues.

TURN DOWN THE LEGISLATION WAY SAN FRANCISCO, Nov. 23. —The American Federation of Labor late night voted in favor of securing the eight-hour day through economic measures rather than by legislation. The resolutions committee recommended in favor of legislation was turned down, President Gompers declaring that the socialist party was back of themovement.
