Soccer Race Is Developing Fine Sport

During the remainder of the three weeks yet left in the race for the selection of the "Pig St." soccer teams in the Tacoma grammar league some of the best play and material ever seen in the Northwest is expected to be turned out. Supervisor Kelly, who has been the power behind the movement to fix soccer permanently as a grammar school sport, is tickled to death with the race. It is developing a grade of sportsmanship far in advance even of Mr Kelly's fondest dreams.

DEFENDERS WEAR FINE NEW JERSEYS

The Rogers Defenders, one of the grammar soccer teams in the lead for the "Big Six" race, have made their appearance in the brand new jerseys, which have just arrived from England. Nearly every team in the league will attempt to obtain jerseys. They aid the spectators to follow the plays more easily.

TURK SUB TO RESCUE IN A PANIC

NEW YORK, Nov. 29.—How a Turkish submarine, after it had stopped the British steamer Barulos in the Mediterranean, rescued many of the passengers who had jumped overboard in a panic, was told today by Eleanor Franklin Eagan, a writer and an eye-witness, who arrived on the steamer New York. "When the submarine appeared and fired a shot across the bow of the Barulos a panic instantly followed," she said. "Passengers rushed for the boats. Women, unable to get to the boats, threw their children into the sea and jumped in after them. Frightened sailors cut the ropes of lifeboats. They crashed into the water and emptied their human loads. Save Passengers. "I was caught in the rush and forced over the side into the sea. It seemed that I had no sooner struck the water than the submarine appeared under the bows of our ship. The sub crew were pulling people out of the water to her deck. The officer, who appeared to be an Austrian, was holding up his hands shouting to the people in the water to be calm. "I heard him say in perfect English, 'For God's sake go back to your ship. We are not murderers.'" In all, 25 were drowned in the panic.

160 Lots Being Sold for Taxes

Pierce county disposed of 160 pieces of property Saturday for delinquent taxes, the majority going to the county for lack of bidding. Of the \$2,600 in delinquencies only \$500 were sold to outside bidders. County Treasurer Carr said the bidding and sale was much lighter this year than last.

Campbell Must Hang

JOLIET, Ill., Nov. 29.—"Chick Joe" Campbell, negro trusty, must hang for the brutal murder of Mrs. Edmund Allen, wife of the former warden of the state penitentiary. The jury returned a verdict of guilty today and recommended death. After Mrs. Allen was outraged during the absence of her husband, her apartments were fired to hide the crime.

DRAWBRIDGE AIDS BANDITS

EVANSVILLE, Ill., Nov. 29.—After binding the watchman, five automobile bandits blew the street railway company's safe early today and escaped with the contents. A nearby policeman fired several shots which were unheeded. Authorities commanded a passing automobile and kept up a running fight, in pursuit of the robbers, whose car was going 50 miles an hour. The bandits barely crossed the Chicago river bridge when the draw opened, shutting off pursuers.

Warmer Winds Scatters Snow

Warm winds starting last night and continuing today robbed Tacamans of a chance to throw snowballs. The snow which fell yesterday—an inch in all—was the earliest fall since 1911 and promised a little real winter. Today's forecast calls for light, moderate winds and several days of rain. The high wind storms which were reported at Tatoosh and Northhead, on the Columbia river, have dropped to nearly half the velocity of the night before.

Takes Up Problem Of Country Church

COLUMBUS, O., Nov. 29.—One of every nine country churches has been abandoned in recent years. Only one-third are increasing in membership. Eighty-three per cent have less than 100 members; 21 per cent have less than 25. Only 6 per cent have individual preachers. A large proportion of preachers receive about the same pay as a day laborer. Less than 40 per cent of the rural population are church members. These facts, shown in an extensive survey of Ohio, whose results were announced today, are applicable to most states, according to officers of the Commission on Church and Country Life. Plans for scientific surveys in all states, including Washington, will be formulated at the national convention of the Commission on Church and Country Life, to be held in Columbus, Ohio, Dec. 8, 9 and 10, with President Wilson and Gifford Pinchot among the speakers.

ATHENS, Nov. 29.—The Greek reply to the allies' latest note was handed to the entente ministers Sunday, it was announced today. The contents of the note were not made public. It is believed that while the note is conciliatory, the message fell short of granting the allies' demands.

PREPARE FOR SLAVS

PARIS, Nov. 29.—Germany is making preparations to resist the expected Russian attack on the Balkans.
