To Dye or Not to Dye Is Hair Question for Beauty Seeker of 40

TO DYE OR NOT TO DYE!
Idah McGlone Gibson as she is today—with white hair.
BY IDAH M'GLONE GIBSON
I don't think there is anything in a woman's life more tragic than when she discovers she is growing gray.

"Silver threads among the gold" may be poetical, but silver threads among brown tresses that have been the pride of one's youth always seem the first guide to the wilderness of dead hopes. It's all very well for your friends to say that nature knows her business, that when the hair turns white the complexion also changes color, that it is more becoming, and that it does not make you look any older. You and your friends both know that they are only trying to comfort you. White hair, whether it is becoming or not, always suggests age.

Purely Matter of Taste.
And while it is changing! While it is all shades and patches and looks more like a stick of striped taffy candy than anything else! I, for one, do not blame any woman for calling in the aid of her hairdresser.
Take heart, my dear woman-of-40-years, there is nothing immoral in dyeing your hair! It is only a question of taste—your own individual taste.
If you feel that you would be happier, or if being a business woman you feel sure that white hair will hurt your chances of reaching the goal for which you are aiming, color your hair by all means.

Some of your relatives and near friends—who feel privileged to say any unpleasant thing they think to you—will probably tell you "you don't fool anyone but yourself."

Expensive and Slavery.
They are not right, of course, for you will probably fool the casual acquaintance completely if your hair is carefully colored and while others may know you are "touching it up" they will never stop to imagine that it is very gray, and as for fooling yourself, you must have found out by the time you are 40 years old that most of your happiness consists of self-delusion!

THIS KIDNEY MEDICINE MAKES FRIENDS EVERYWHERE

About four years ago I had a severe attack of Kidney trouble and Gravel of the Bladder. I was afflicted this way for one year and had severe pains in my back and shooting pains in my bladder; I got so bad that I was not able to work for about two months; I could not rest at night; I read so much and heard so much of Dr. Kilmer's Swamp-Root I decided to try Swamp-Root; after taking several bottles I was restored to good health and I have not been troubled with my kidneys and bladder since. I cheerfully recommend Swamp-Root to others with kidney and bladder troubles.

Yours respectfully,
P. H. FLEMING,
802 E. 14th St., Pittsburg, Kansas.

Personally appeared before me this 5th day of May, 1915, P. H. Fleming, who subscribed to the above statement and made oath that the same is true in substance and in fact.

JOSEPH KEYS,
Justice of the Peace.
In and for the County of Crawford and State of Kansas.

PROVE WHAT SWAMP-ROOT WILL DO FOR YOU
Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample size bottle. It will convince anyone. You will also receive a booklet of valuable information, telling about the kidneys and bladder. When writing, be sure and mention the Dept. M. Regular fifty-cent and one-dollar size bottles for sale at all drug stores.

GIRLS! TRY IT! HAVE THICK, WAVY, BEAUTIFUL HAIR

Every particle of dandruff disappears and hair stops coming out.

Draw a moist cloth through hair and double its beauty at once.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this— Danderine a cloth, with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once, Danderine dissolves every particle of dandruff; cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair—fine and downy at first— but really new hair growing all over the scalp. If you care for pretty, soft hair and lots of it surely get a 25-cent bottle of Danderine from any drugstore or toilet counter, and just try it.
Save your hair! Beautify it! You will say this was the best 25 cents you ever spent.

AN AZTEC T. R.

This statue was carved centuries before the real T. R. ever bared his teeth. The figure was an Aztec diety and in its day was worshipped pretty much as thousands in this country now worship our own Teddy. The statue was unearthed in the City of Mexico.

BATTLE AGAINST JIT ORDINANCE

BELLINGHAM, Jan. 12.—A demurrer filed yesterday by C. H. Allen against the city of Bellingham completed the first step in the battle against the jitney law. An injunction against the enforcement of the law is asked.

TRY THIS IF YOU HAVE DANDRUFF

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.
By morning, most if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.
You will find, too, that all itching and digging of the scalp will stop instantly, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.
You can get liquid arvon at any drug store. It is inexpensive, and this ounce is all you will need. The four ounce jar has never here today after eluding a sub-terfuge been known to fail.
