**ALKALI MAKES SOAP BAD FOR WASHING HAIR**

Most soaps and prepared shampoos contain too much alkali which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulified coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoon is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.

## LOOK AT CHILD'S TONGUE IF SICK CROSS, FEVERISH

When constipated or bilious give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

While peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages, and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

## WAR ROBS "GIBSON GIRL" OF TITLE

Formerly Camille Clifford, she was the original Gibson girl, famous in the musical comedy "The Prince of Pilsen." She married the Hon. Henry L. Bruce, only son of Baron Aberdare of Wales. He has just been killed in the trenches and her dreams of becoming Lady Aberdare shattered, she has returned to this country to become a movie star.

## A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician.

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, which you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter that one's system collects.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women as well as men, take Dr. Edwards' Olive Tablets now and then just to keep in the pink of condition.

## Erect Carriage Means Much In Beauty Quest

Written and Illustrated by IDAH MCGLONE GIBSON.

Said a woman to me the other day: "Do you think I can wear a large hat?"

I looked at her for a moment. "You think I am too old," she exclaimed.

"No," I answered, "but I don't think you carry yourself well enough to wear a picture hat."

She colored and I was afraid I had hurt her.

"I never say anything of this kind unless I am asked, but you asked me, I could not say that I thought you were too old at 40 to wear a large hat if you wished."

Age does not mean anything when we speak of beauty today. But a fine carriage, a good figure and complexion, clear eyes, heavy, vigorous hair and pearly teeth are beauty necessities to the woman who would be beautiful if she be 20 or 40.

The Venus slouch that Ethel Barrymore introduced to the American girl can be blamed for very many ugly women 20 years hence.

No woman over 30 can afford to slouch. If she is inclined to flesh, a roll of fat will form itself across the back of her shoulders, her abdomen will protrude and she will lose every bit of style she ever had and probably add a few more gray hairs to the head of her dressmaker.

You must make the bony structure of your body carry your weight. Stand in front of your class and raise yourself on tiptoes, then settle back lightly on the balls of your feet and you will find that your shoulders have resolved themselves into their proper position, that you bust is raised, your chin is up and if you hunker after youth you will see that years have dropped off your body.

Now settle back on your heels, immediately you will see that you are resting your weight principally on the soft, fatty walls of your abdomen, your chest is sunken and your shoulders rounded.

If mothers would only understand this simple exercise the makers of shoulder braces would have to go out of business.

Take heart, dear women who wish to wear big hats—take heart and take exercise, walk on the balls of your feet and you may soon be able to wear a hat as large as that worn by Mrs. Wilson

when she accompanied her husband, the president, on the street the other day.

Perhaps it will give you more encouragement to know that Mrs. Wilson is plump, 39 and beautiful.

## SOUND BEATS FRISCO

Outreaching San Francisco for the first time, Puget Sound has become the second most important shipping commissioner's district in the country, according to the annual report of the federal commissioner of navigation today.

This report shows that the sound, during the fiscal year ending June 30, handled 52,263 seamen, as compared with 29,285 for San Francisco. The Puget Sound district includes Tacoma, Seattle, Everett, Port Townsend, Port Ludlow, Port Gamble, Winslow and Port Blakeley.

## INSURANCE ON A HAT

PORTLAND, Jan. 20.—Fire Marshal Stevens today made public the results of a test to prove that nearly all fires, died yesterday at the county hospital, at the age of 104. Paine was a native of Ireland. After serving 14 years with the English navy he came to America, which he called "the only place on earth where a man can breathe a breath that is his own." When he came to Tacoma he worked as a carpenter, with a little shop on Puyallup avenue.

## AGED WAR HERO DIES

James Paine, old soldier, sword expert, hero of the famous siege of Sebastopol and resident of Tacoma, for 35 years, died yesterday at the county hospital, at the age of 104. Paine was a native of Ireland. After serving 14 years with the English navy he came to America, which he called "the only place on earth where a man can breathe a breath that is his own." When he came to Tacoma he worked as a carpenter, with a little shop on Puyallup avenue.

## W. J. ON PEACE TRIP

WASHINGTON, D. C., Jan. 20.—To speak in favor of universal peace, former Secretary of State Bryan may follow on the heels of President Wilson when he stumps the country in behalf of national defense, it was reported today. Nothing definite is known of Bryan's plans, however. The work of mapping out President Wilson's itinerary is almost completed.

## DEMAND DRY CANADA

OTTAWA, Ont., Jan. 20.—Prohibition in Canada while the war lasts and during a reconstructive period of three years after, was proposed in a resolution adopted today by the Dominion Alliance executive committee, organized recently to push the federal prohibition movement. The resolution demands the passage of a bill in congress.

## HOME VICE BREEDER

SPRINGFIELD, Ill., Jan. 20.—On account of unregulated conditions of domestic employment, the home is the breeding place of commercialized vice, says the report of the Illinois senate white slave investigating committee, made public today. Poverty is given as the direct and indirect cause of immorality among girls. The minimum wage for girls and women is fixed at \$8 a week.

## WAD OF WAR TAXES

At least half of the special war taxes due here, which congress extended to 1916, have been turned into the office of D. J. Williams, U. S. internal revenue collector for the Tacoma district. He expects most of the taxes will have been collected by Jan. 31. After that time a 50 per cent penalty will be added.

## BIG ORIENT CARGO

Loaded with one of the largest shipments of chemical wood pulp and a large amount of Tula lutea fiber from Yucatan, the Japanese steamer Shimo Maru left Tacoma yesterday for the Orient. The cargo is valued at \$218,774. The Canada Maru of the O. S. K. fleet arrived from the Orient yesterday with a full cargo.

## WHAT DYSEPTICS SHOULD EAT

Indigestion and practically all forms of stomach trouble, about nine times out of ten, are due to hyperacidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit to those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, it is suggested that you try a meal of any food or foods which you like, in moderate amount, taking immediately afterwards a teaspoonful of Bismarated Magnesia in a little hot or cold water. This will neutralize any excess acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you probably will find that your food agrees with you perfectly. There is nothing better than Bismarated Magnesia as a food corrector and antacid. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could be possibly done by any drug or medicine that acts upon the stomach lining rather than the stomach contents. Medicines of various kinds should be taken whenever necessary, but there is no sense in dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of the trouble. Get a little Bismarated Magnesia from your druggist, eat what you want at your next meal, take some of the Bismarated Magnesia, as directed above, and see if this isn't the best advice you ever had on the subject of eating.

## "The Sheperd of the Hills" Here Tonight

If you want to meet Sammy Lane and know all about her sweet love, her thrilling life among those good and bad folk of the Ozarks—if you want to know about the man who would not fight for her, and about the man who risked his life for her dear soul—if you want to know about Sammy's father, Jim Lane, the old Bald Knobber, Uncle Ike, the postmaster at the Forks, you can find it all in "The Sheperd of the Hills," the dramatization of Harold Ball Wright's novel, which opens its second annual engagement at the Tacoma theater tonight. The dramatization was made by Mr. Wright with the assistance of Elsbury W. Reynolds.

## "BABY MINE" IS BIG HIT

"Baby Mine" is a riotous success at the Empress theater this week and with it the Wilkes company is clinching the matter of its popularity with Tacoma audiences. There has never been a farce with more clean laughter crowded into three acts. Miss Helene Sullivan as Zola, Miss Marjorie Booth as Aggie, Richard Vivian as Jimmy and George Rand as Alfred, carry the acting honors brilliantly and there are many cleverly played character roles. There will be a matinee Saturday.

## ONE OF THE MEXICAN VICTIMS

JOHN P. COY, one of the 13 Americans who met death at the hands of a Mexican bandit gang, 50 miles from Chihuahua city. They were on their way to the Cusi mine when the bandits stopped their train and shot down the men as they came out of their car.
