DENTISTS

ELECTRO DENTAL PARLORS

Tacoma's Oldest and Best Dental Office.
16 YEARS IN THE TACOMA THEATER BLDG.
CORNER 9TH AND BROADWAY
Our office, the Electro Dental Parlors, under the personal direction of Dr. J. F. Austin and Dr. A. B. Burns, give dental service to the people that has built a profession second to none on the Pacific Coast.
We give a dollar's worth of dentistry for every dollar you spend.
EXAMINATIONS AND CONSULTATIONS FREE.
ALL WORK GUARANTEED 10 YEARS.

\$5 PLATES \$15

We make plates from \$5 up, so you can get what you can afford.
We recommend the Electro Whalene Plates, \$5 to \$15; also the Imported French Maroon Rubber Plates, \$5 to \$10.
These plates are the best, not only in material, but in workmanship. If you wish we will be glad to show you a sample of each and advise you, for which we make no charge.
TEETH EXTRACTED WITHOUT PAIN, 50c
An expert at extracting teeth is constantly in attendance at our office. Don't have that tooth extracted until you see us.
GAS GIVEN WHEN DESIRED; \$1.00 EXTRA.

BERNHARDT WILL START U. S. TOUR FIRST OF MONTH

SARAH BERNHARDT.
Sarah Bernhardt, reported in better health than on her last American tour in 1913, is scheduled to arrive early in October for a tour of the United States. She will be supported by Max Urdian and a cast of young actors.

FALL OPENING AT COMMERCIAL CLUB
The first membership assembly of the Tacoma Commercial Club, opening the fall and winter activities, will be held in the club rooms Tuesday night, Sept. 26. It will be preceded by a banquet in honor of the officers of the 2nd infantry of Washington.

DOCTORS PAY BLACKMAILERS VAST SUM

WOMEN IN BOLD SCHEME

(Newspaper Enterprise Association)
CHICAGO, Ill., Sept. 25.—An amazing scheme to blackmail wealthy physicians has just been brought to light by secret service men in connection with the activities of the nation-wide syndicate said to have extorted more than \$1,000,000 from wealthy men and women.
The women sacrificed future motherhood to gather in thousands of dollars from victims.
In "getting" physicians, the face was blanched and lines of worry were drawn upon the spider woman's brow. She discarded her finery and dressed in the modest attire of a middle-aged married woman.
Thus she came to the office of a victim. She told a story of how she would soon become a mother, but would be unable to care for the child because of some ailment or some other reason. Her tears and pleas caused the victim to give in. Generally a small payment was made and a receipt signed by the victim secured.
Then money was drawn from the victim when the frate "husband" stamped into his office and declared the physician had deprived his home of a child and threatened to air the case.
Federal agents say they have names of several wealthy physicians in Chicago, New York and Philadelphia who were victimized this way.

WALLOP BLACKMAILER, ADVISES PINKERTON
Smash a blackmailer in the nose and he'll run, says William A. Pinkerton, famous detective.
"A blackmailer is a coward," Pinkerton says, "and there is only one way to deal with him. Talk with him, get an idea of the evidence he claims to have, then give him a good drubbing. That is a sure cure."

ENTIRE 2ND REGIMENT IN DRILL AT STADIUM

Details of the military pageant to be given in the Stadium Wednesday afternoon at 3 o'clock by the full strength of the 2nd Washington regiment, have been arranged.
The exhibition has been widely advertised in Western Washington, and the interest manifested indicated that it will be attended by thousands of out of town visitors.
Mayor Fawcett will declare a half holiday, Superintendent Geiger has announced that the schools will close at 2 o'clock to give the children an opportunity to attend; and many stores will close to let their employes see the spectacle.

Big Stores Open.
The big department stores all will remain open during the entire day.
This is the first time a regiment of the size of the 2nd Washington has ever staged a public exhibition of this character, and probably will be the last time the 2nd Washington men will ever appear together as one regiment, as the mustering out will reduce it to peace strength of 65 men per company out of 145.
It is also the first time a military pageant has been given in the Stadium in the afternoon, and representatives of three great moving picture concerns have arranged to photograph the event, to be sent in news pictures all over the United States.
For this reason, as well as in honor of the regiment, the Commercial club is anxious that the Stadium shall be filled to its 40,000 capacity, as an advertisement of the kind of a crowd Tacoma can turn out.
Machine Guns at Work.
Tacoma has never before had a chance to see machine guns in operation, or to see a regiment deployed as it would be in a battle.
The officers of the regiment will be the guests of the Commercial club Tuesday evening at a banquet. Wednesday, after the exhibition, the troops will be served with dinner at the armory by the women of Tacoma. A military dance will follow.

COUNCIL RAKING BUDGET

There will be no wasting of taxpayers' money at the city hall next year.
For the simple reason that there won't be any money to waste.
Members of the council began their annual deliberation of the budget Monday morning.
During a two-hour session the commissioners waded through one-half of the mayor's itemized estimate of expense for the health department. Not a postage stamp or a gallon of gasoline or a bacteriologist test tube sought by Fawcett was overlooked.
At noon adjournment the council had chopped out \$750. The largest single item eliminated was \$200.
The council faces a job of cutting down estimated expenses \$227,890. Each commissioner declares that he cannot operate his department efficiently for one penny below the estimates.
For instance, Mayor Fawcett has allowed himself \$20 for office supplies and telegraph and postal bills during the entire year. All other departments are cut likewise.
Fawcett has cut down the salary of Police Court Clerk E. J. Hackett from \$125 to \$75 during 1917. Hackett has been getting \$100 from the city and \$25 from the county. The city will only pay him \$50 hereafter.

NIGHT SCHOOL OPEN MONDAY

The public night schools will open Monday evening at Stadium and Lincoln Park high school buildings.
Sessions will be held Monday, Wednesday and Friday evenings, from 7:30 to 9:30. Early enrollment is urged by Superintendent Geiger.
The following courses will be given at both buildings:
Commercial courses: Gregg shorthand, typewriting, bookkeeping, penmanship, commercial arithmetic, business English, advertising, salesmanship, office practice, preparatory commercial subjects.
Home economics courses: Cooking, sewing, dressmaking, tailoring, millinery.
Mechanical arts courses: Mechanical drawing, cabinet making, carpentry, wood turning and wood working.

New Americans' courses: Beginner's class in English, and special work for those desiring citizenship papers.
At the Stadium high school, courses in high school English, French, German, Spanish, physics and chemistry will be offered.
At the Lincoln Park high school art metal work, machine shop practice, electricity and show card and sign writing will be given; also a special course introduced for the first time, in home industrial arts, including rush basketry, chair caning, leather tooling, stitchery, block printing and other forms of applied design.

VENIZELOS TO HEAD REVOLT?

(United Press Lensed Wire)
LONDON, Sept. 25.—Unconfirmed dispatches from Athens this afternoon reported that former Premier Venizelos had decided to go to Salonika to head a revolutionary movement seeking the overthrow of King Constantine and Greece's entry into the war on the side of the allies.
These dispatches were partly corroborated later by an Athens dispatch to the Evening News, and by dispatches to the Berlin Lokal

Anzeiger, stating that Venizelos had arrived at Salonika.
Diplomatic circles here had no confirmation of the reports, but the dispatches occasioned little surprise.
Many of Venizelos' most ardent supporters have been urging him to end the situation at Athens by overthrowing the king.
Complete success of the revolutionists of the island of Crete may have inspired him to immediate action.

Proposes Clear Lake Timber Be Included In U. S. Negotiations

In a letter to The Times, A. H. Denman, attorney, 1123 National Realty building, makes the suggestion that the timber around Clear Lake should be included in negotiations which, he says, were begun some time ago by the Seattle-Tacoma Rainier National Park committee to preserve the timber along the mountain road by arranging to have the United States exchange timber on government lands, for timber owned by abutting owners.
Applauds Movement.
His letter follows:
"Editor The Times:
I have just seen a contribution to The Times of Friday, Sept. 15, 1916, by Mabel Abbott, illustrated by a fine photograph made by A. H. Barnes, forcefully calling attention to the urgent need of saving the timber of Clear Lake on Eatonville road to Mt. Tacoma.
"I suggest that you lay this matter before the secretary of agriculture, Washington, D. C. The Seattle-Tacoma Rainier National Park committee a year or two ago undertook to preserve the timber along the Mountain road by negotiating between the United States government and the owners of abutting land an exchange of their timber for timber elsewhere on government lands.
"This movement was successful to some extent at least. Clear Lake might be and should be included in these negotiations. This beautiful and interesting body of water is all that your correspondent says it is.
Raps Martin.
"The efforts of the committee and its secretary, Mr. T. H. Martin, in collusion with the officials of the interior department have for the past year or two been wholly absorbed in the promotion of a private monopoly of all forms of traffic within the park including public highways. If this committee and the inner council or star chamber who rules the Commercial club can be made to see that there is some profit in this for a few individuals that have secured the monopoly of Mt. Tacoma they may help in saving Clear Lake.
"A communication addressed to the Secretary of Agriculture at Washington, D. C., will be referred to Mr. Graves, the official

head of the U. S. forestry service, and I am sure will receive earnest attention. Let this be done by individuals and also by our civic bodies including the Rotary club, the city council and county commissioners, and also the town of Eatonville.
"A. H. DENMAN."
"1123 National Realty Bldg."
Too Late, Griggs Thinks.
"It is true that Clear Lake is a pretty spot," said Maj. Everett G. Griggs, president of the St. Paul & Tacoma Lumber Co., Friday, "but the people who are agitating the matter of saving the timber have waited until proceedings have reached a stage where I do not see what can be done.
"If anything were done, the state ought to do it, and own a strip around the lake. If the state wished to exchange timber that would be all right with us, if it were not that we are already tied up with logging contracts. If the logging roads have got into the neighborhood, as I rather think they have, they cannot leave a belt of timber, and then come back for it later in case the arrangement were not made. All the logging must be done at one time.
"The proposition to leave a narrow fringe of trees along the edge of the lake is not practical, in my opinion. Trees blow over unless they are in a wide enough belt to protect themselves. The people around American lake are cutting trees that were left there, because they are a menace."

HOPE TO PREVENT WALKOUT

(United Press Lensed Wire)
NEW YORK, Sept. 25.—Labor leaders today worked out details of their plans for the walkout of union workers which they confidently expected to occur next Wednesday.
The public meanwhile looks hopefully to the sessions of the state board of conciliation and arbitration, starting tomorrow, at which an attempt will be made to adjust the differences between the traction company and striking car men.
One hundred and fifty trades unions with about 180,000 members have already voted to stop work Wednesday in support of the car men, Ernest Bohm, secretary of the Central Federated union, announced.
Labor leaders estimated today 250,000 would walk, explaining it is not their intention to bring out all union workers.
The unions more directly connected with the city's transportation are to answer the call.

JUST LIKE IN MOVIES

(United Press Lensed Wire)
NEW YORK, Sept. 15.—A face built of modeling clay, constructed on the bare bones of a skull, a check for \$10 found in the clothing of a man supposedly murdered, and the recognition by friends of the murdered man by his reconstructed features, are responsible for the fact that Giovanni Romana of Brooklyn and Victor Vicciotto, are in the Raymond street jail today.
Lieut. Grant Williams of the bureau of missing persons, added by Dr. Peccidini, an expert in the testing laboratories of the board of estimate, rebuilt the features of Dominic la Rosa and dressed a skeleton in clothing supposed to be his.
The two suspects are now charged with the murder of la Rosa and his friend Rosario Passarello and the police are investigating a report that the skeletons of two children also have been found on the truck farm of Vicciotto.

EXPORTS GAIN BIG

(United Press Lensed Wire)
WASHINGTON, D. C., Sept. 25.—A world's record for exports was set by this country during August, the department of commerce announced today. The exports totalled \$510,000,000. This is \$35,000,000 higher than the previous record established in May, and \$95,000,000 higher than the June total.

AFTER RECKLESS RUNABOUT DRIVER

(United Press Lensed Wire)
SAN FRANCISCO, Sept. 25.—County and city authorities are today bending every effort to locate the driver of a runabout who, in attempting to pass a heavy auto truck at a cut on the ocean shore late yesterday, struck one wheel of the larger machine and caused it to topple over a forty-foot embankment, killing one and injuring ten of its 20 passengers.
The driver of the small machine, instead of stopping to offer assistance, drove away.

SOCIETY GOES BAREFOOT TO DANCE

(Newspaper Enterprise Association)
This costume was worn by Mrs. Fisher of Indianapolis at a Hawaiian ball given by Mrs. Talbot Hannans at Narragansett Pier, R. I. Mrs. Fisher and other members of society appeared barefoot in typical Hawaiian costumes made of grass.

EARL OF ESSEX IS FOUND DEAD

(United Press Lensed Wire)
NEWARKET, England, Sept. 25.—The earl of Essex was found dead this morning.
The Earl of Essex was 58 years of age.
His second wife was Adela Grant of New York.
He served in the South African war, winning the rank of colonel in Hert's Imperial Yeomanry.

HUGHES STARTS A MARATHON IN OHIO

(United Press Lensed Wire)
DAYTON, O., Sept. 25.—Republican Nominee Hughes brought his policies to the Buckeye state today, beginning a three-day oratorical Marathon.
Because his throat is still frayed by his long distance speaking in Indiana, Mrs. Hughes and the nominee's physician forbade any out-of-door speeches here in Dayton.

BAKERS GET A WARNING

(United Press Lensed Wire)
CHICAGO, Sept. 25.—The cost of bread in Chicago for a year will jump \$6,843,000 as a result of the proposed increase in prices announced by the bakers effective Thursday.
This morning the Ward Baking company, one of the largest Chicago bakeries, carried advertisements in local papers announcing a new price of six cents for the present five-cent loaf to take effect Thursday.
U. S. District Attorney Kline said he would demand that bakers justify the increase or face prosecution under the Sherman act.

SHOWERS DODGERS FROM AEROPLANE

SAN FRANCISCO, Sept. 25.—The effectiveness of the aeroplane in more than one kind of campaign was shown today when Miss Hazel Hunkins, lecturer for the national woman's party, flew over Redwood City, showering party literature upon the townspeople.

REMOVE A DIAMOND FILLING BEFORE BURIAL

ALTOONA, Pa., Sept. 22.—Just before the funeral of Carmel Bave, a jewelry salesman, his \$100 diamond, which he had set between his two upper front teeth some years ago, was removed by a dentist. His family had not thought of disturbing the gem in his mouth until it was suggested that grave robbers might attempt to recover it.
Dr. Austin and Dr. Burns at the Electro Dental Parlors make a specialty of setting diamonds in teeth.
