GERMAN AIRMAN GIVES A LESSON IN CHIVALRY

(United Press Leased Wire)

SAN FRANCISCO, Oct. 3.—A note from Lieut. Immelmann, famous German flier, delivered in Australia, brought Edward Grimwade, Melbourne millionaire, to San Francisco today on his way to London, where he will seek the release of his son, Frank, from a prison camp in Germany.

Immelmann's note told how Frank, who is a British aviator,

had engaged the German aviator in a sky duel and how the Englishman, sorely wounded and with his observer dead beside him, brought his aeroplane to the ground, where he was taken prisoner.

Immelmann and his associate German aviators, moved by admiration for their defeated antagonist, risked their lives to bear a note addressed to Grim Wade's father.

CONTRACT BRIDE NEWEST OF NEW YORK PRODUCTS

New York's latest Way of Getting Married, and, Below, Mrs. Arthur Levy, the Contract Bride!

NEW YORK, Oct. 3.—How would be like to be a contract bride? Wouldn't you feel like a steel bridge, or a cement pavement, or a skyscraper, if you had

No Lohengrin march!
No shien train!
No veil of filmy white!
No glimpse of the bridesmaid!

BY ESTHER ANDREWS.
WOULD YOU FEEL, AFTER ALL, YOU HAD BEEN REALLY, TRULY MARRIED?
The contract bride is the very

secret, but some friends did find it out and for a day or two before, my telephone was going all the time, flowers and presents kept coming in—very tiring! And when I think that most girls go through that sort of thing for

WEEKS before the event, I don't see how they bear it.

Mrs. Levy is only one of a number of young women who have recently foresworn the religious ceremony in favor of the contract.

Aged Woman Is Lured to Death by Marriage Hope

(United Press Leased Wire.)

GRAND RAPIDS, Mich., Oct. 3.—The promise of marriage is believed to have lured Mrs. Ann H. St. John, 60, of Mayfield, to her death in a lonely forest at the edge of this city, according to Sheriff Berry.

John Alerton, who says his home is in Ashtabula, Ohio, is held in jail charged with the crime.

Letters found at the Commerce hotel, where the pair is said to have stayed the night previous to the murder, indicate that Mrs. St.

John came here to meet Alerton after a correspondence between the two had been established by a matrimonial bureau.

Alerton is believed to have come here to get her money.

A revolver said to have been purchased by Alerton at a local store was found in a package which he left at a grocery.

In the same package was a woman's handbag.

This has been identified as the property of Mrs. St. John.

Alerton had been employed on a farm a short distance from where the body was found by two boys Sunday morning.

No Frolicsome Farewells.

latest thing. She is never even than the justice of the peace bride. And the newest of the contract brides is Miss Pauline Cahn, or, rather, Mrs. Arthur M. Levy.

She is house manager of the Washington Square players at the Comedy theater. She and Levy simply sat down together at a little table and wrote: "We, the undersigned, agreed to take the other as man and wife." Then they took this contract before a judge of the supreme court, signed it, and had it witnessed. That was all.

Cool? Chilly? Bleak?

NOT A BIT OF IT! Mrs. Levy prophesies that just as soon as more women know that you can get married as quietly as you can get divorced, they will forsake the old way.

"Marriage seems to me simply a matter between the two people

FAMINE IN MILK PINCHES

(United Press Leased Wire)

NEW YORK, Oct. 3.—Only 25 to 30 per cent of the usual milk supply reached New York today according to varying estimates from both sides of the big milk strike.

Hospitals and the babies still had their share of fresh milk, but restaurants in many cases were without any and householders found only small portions of their required amounts at their doors this morning.

Meantime state authorities pushed work on an investigation of both a alleged distributing and producing combines now at loggerheads.

The distributors are making a bitter fight on Food Commissioner Dillon. Onecharge d him today with being interested from the combination standpoint. Dillon retorted with "liar."

Meantime the health department declines to let down the bars to unpasteurized milk and hence no relief at present is in sight.

The distributors are doing their utmost to get distant supplies but they admit that probably by Thursday the full pinch of famine will be upon the city unless unforeseen circumstances arise.

GAMBLERS TO COVER

(United Press Leased Wire.)

CHICAGO, Oct. 3.—Grafters and gamblers, who have been working under cover of police protection and political privilege are hustling to cover today following the announcement of Mayor William H. Thompson that he would prosecute even his friends who attempted to graft by alleging a pull at the city hall.

The raid by State's Attorney Hoyne of the Sportsmen's Club of America, of which Mayor Thompson formerly was president, is causing the panic among local politicians and saloon keepers, who are said to have bought promises of immunity through purchase of costly memberships in the Sportsmen's club.

RUMANIANS MOVING ON IMPORTANT RAIL POINT

(United Press Leased Wire.)

LONDON, Oct. 3.—The Rumanian force which invaded Bulgaria Sunday is believed to be moving southward against the important Rostchuk Varna railway.

The size of the army that crossed the Danube is not known here, but English military critics today declared they believed it was composed of at least 20,000 men.

They pointed out that a smaller force would be pinned against the

bank of the river by the Bulgarians and would meet the same fate as the Rumanian garrison that attempted to retreat across the river from Tutrakan fortress.

At the same hour that Rumanians invaded Bulgaria the Russians in Dobruja launched a series of heavy attacks, apparently to prevent the Teutons from shifting forces from that region.

The battle is going on with the Russo-Rumanians exerting heavy pressure against the enemy flanks.

To the Public

FOR THE past month the Tacoma Railway & Power Company has presented to the public through advertisements in the newspapers, through the circulation of pamphlets and by other means, facts concerning its financial and other operations. We have asked the public to consider the Company's arguments presented therein in order that they might have full information concerning the affairs of the Company and the position that it has taken that it is absolutely essential that some of the burdens which it is carrying be removed, in order that the citizens of Tacoma might get the full benefit of an adequate street car service and that the owners of the property might be reasonably assured of a more successful outcome of the Company's operations than has been experienced in the past. It has been the intention of the Company to seek relief from these burdens, and the Company's position in the matter has been put forward in advance of legal application for relief in order that the thinking people might have an opportunity to give due consideration to the matter when the legal step looking to relief was taken. On Oct. 2d the Tacoma Railway & Power Company petitioned the Public Service Commission, asking for consideration of these matters and for the relief thereby warranted. We trust that the public fully understands our position in this matter and will bear with patience the final adjustment of the matter by the proper legal authorities.
