FINDS MANY ISMS AT HOME COLONY

Meserve Says Free Love Does Not Flourish Much

"They talk a lot about swapping wives, but it's a door women advocates of free love have a jealous fit if their husbands so much as look at another woman."

Such is the picture of life at Home Colony, in the Bay Island country, largest anarchist settlement in the United States, drawn by Donald Vose Meserve, "Judas Iscariot" to Emma Goldman's followers, who lived there many years.

Many Isms Preached.

There Donald Meserve, confidant of the Goldman followers, turned up for the Burns detective agency David Caplan, soon to be tried a second time in connection with the Los Angeles Times dynamiting.

Schmidt, convicted in these cases, was found by Meserve on clues picked up at Home Colony.

Anarchists who preach dynamite, Tolstol non-resistants and rebels of all shades against the social order, from food faddists to self-styled messiahs, live together, he says, in more or less amity and tolerance; about 400 in all.

Little "Free Love."

"Probably a dozen couples practice so called free love, living together without marriage ceremony. But they are as decorous, rear their children as properly and are as faithful to home ties as most legally organized families," he says.

"In fact, most of their anarchism is in gas." No two agree on any subject.

"The town is haunted by fear of 'dicks'—plainclothes men. Home Colonists who have never harmed a mosquito thrill to the belief that they are being shadowed.

"Most of them are simply funny—not bloodthirsty!"

"A great many Russian Jews have latterly entered Home Colony, with a direct action brand of anarchism. There are four 'messiahs,' each 'knocking' the other. One old man goes about in women's dresses, claiming it's more healthful. One or two lives in caves. Some in tree houses. And there are perhaps a dozen Emma Goldman disciples.

Raise Chickens.

"There is a co-operative store, the most successful thing they have ever attempted, a dance hall and pientes key the social life of the colony.

"The settlement began in 1894 when a few anarchists took up the land for the taxes and sold it to other arrivals, under a life term lease, at \$2.50 an acre.

"International anarchists visit Home frequently, and radical propagandists are constantly coming in while the residents often leave intermittently to work outside.

"Between free love discussions most of them raise chickens, very successfully!"

second, Olson to Cutshaw. Gardner stopped at first. Scott up, foul strike one. Gardner out by a quick throw to Daubert by Miller. No runs, no hits, no errors.

Both Mowrey and Olson got an assist on Lewis' out. Gardner's wallop was really too hot for Mowrey to handle, but the ball caromed off Mowrey's hands. He then threw to Cutshaw. After repeated attempts to catch Gardner off first the Dodgers succeeded by a quick throw, by Miller.

THIRD INNING

Daubert up, ball one, Daubert fouled, strike one, Daubert missed getting a hit by inches when he popped along the left field line. Ball two, Johnston out, stealing. Thomas to Janvrin. AUTO REVERSES CUSTOM ESTABLISHED BY BUGGY

In discussing the left-hand drive which is now used on practically every automobile, Stewart McDonald, vice president of the Moon Mootor Car company, pointed out today how the automobile overturned a custom of hundreds of years.

"In the buggy and horse-drawn vehicle it became the custom for the driver to sit on the right, probably for the reason that it made the whip more accessible to his right hand and probably, too, to enable the driver to better watch the outside of the road.

"The automobile followed the custom at first, but soon it developed that the most important place to watch was the left side of the car because of the speed with which automobiles usually pass each other.

"This point brought about the adoption of the left-hand drive and I believe that fewer accidents have happened as a result."

SENATOR SURE OF SUCCESS

Senator Miles Pondexter arrived in Tacoma Monday morning for a two-days' visit with Pierce county republicans. Although he will discuss political issues and local questions, Senator Pondexter will make no public addresses during his visit. He plans to return later for a public appearance.

"I find everywhere in the state that the republicans are uniting on party lines, and that a splendid feeling of harmony exists," said the senator Monday.

"I feel that success for the party and for myself is certain. During my visit here I will be glad to meet all persons I wish to familiarize myself with local conditions. My headquarters will be at the Tacoma hotel."

LEGAL NOTICES

LOCAL IMPROVEMENT DISTRICT NO. 111F.—Notice is hereby given that in pursuance of Ordinance No. 591 of the City of Tacoma, a roll has been placed in my hands for the collection of the 3rd annual installment of the assessment levied for laying a sanitary sewer of eight (8) inch pipe, together with all necessary ways, tees, risers, and manholes on Wright Avenue from Ainsworth Avenue to Chandler Street, and on Chandler Street from South 35th Street to a connection with the present sewer 318 feet North of the North line of Wright Avenue.

Said installment may be paid on or before November 10, 1916, but if not paid on or before said date, added interest, penalty and costs will attach.

CHAS. D. ATKINS,
City Treasurer.
Oct. 9-10-25, 1916.

90 DAYS, DRY LAW PENALTY

The policy of imposing heavy punishment on violators of the dry law was continued by Judge Card Monday morning when he sentenced J. J. Connelly to 90 days and jail and a \$50 fine for having booze in his possession with intent to sell.

Connelly was proprietor of the former Oasis soft drink bar, 11th and K streets, raided by the officers Aug. 27. With him was arrested Ben Minniek, said to have been his partner, who was sentenced Tuesday to 30 days in jail and a \$50 fine.

Connelly failed to appear in court on the day set for sentence and a bench warrant was issued for him.

The judge gave him the limit in number of days in jail. The limit fine for the offense is \$250.

PAY YOUR BILLS NOW

Chief Clerk Louis Kreger of the light and water department issued a statement Monday urging patrons of city light to pay their bills promptly.

"More than \$1,000 worth of light bills to small consumers run delinquent each month," said Kreger. "Although the city charges a fee of 50 cents to cut the lights in again when the bills are paid, it costs us more than this amount to cut out the circuit and cut it in again."

Tuesday at 4:30 will be the last time for paying September bills in the district between Sixth avenue and 23rd street.

PLAN FOR CO. FERRY

The two republican nominees for county commissioner, James O'Farrell and T. J. Bellingham, are meeting with the present commissioners Monday afternoon to discuss the county ferry connecting Tacoma with Gig Harbor and Vashon Island and the Lincoln avenue fill.

Because they may have much to say on how the ferry proposition will be handled, they were invited to the conference.

The latest plans of the commissioners are to convert the concrete harbor at Gig Harbor into a ferry slip. They figure that while the initial cost may be greater, the county will save in the end by this means.

T. R. MAY COME HERE

Theodore Roosevelt is considering the possibility of accepting the invitation of the Hughes Business Men's league in Tacoma to deliver three speeches in Washington, according to a telegram received Monday by Ralph Metcalf, secretary of the league.

The telegram was from Charles H. Sherrill of the National Hughes Business Men's league, New York, in reply to an invitation sent to Roosevelt.

Metcalf also received a wire from Candidate Hughes, expressing appreciation of the support given him by the league.
