NEAR RIOT OVER NAME

(United Press Leased Wire.)

KITCHENER, Ont., Jan. 2.—To prevent rioting over the possibility of this city's reverting to the pre-war name of Berlin, martial law is in force today.

Riots followed the municipal elections in which David Cross, jr., with 15 aldermen, all members of the citizens' league, were elected. The league favors the return of the name.

The office of the News-Record, which supported the citizens' league, was dismantled by mobs before the military took charge.

COULDN'T TELL MOTHER

FRIDAY HARBOR, Jan. 2.—Albert Blaneett, 23, who was arrested Sunday on information from Albuquerque, N. M., charging him with murder and the attempted theft of an automobile, is in a hospital here today, seriously wounded, as the result of an attempt to take his own life rather than tell his mother what had happened. He denies the charges against him. It is thought he will live.

REPORT RASPUTIN DEAD

(United Press Leased Wire.)

LONDON, Jan. 2.—For the third time in two years, the death of the monk Gregory Rasputin was reported today.

Special dispatches from Petrograd asserted today that the monk, who is supposed to wield such enormous influence over the czar, was found dead on the bank of the Neva river, some dispatches hinting at assassination.

Rasputin is of peasant stock and a Siberian. In the summer of 1914 he was reported to have been mortally wounded at Pokrovsky by a woman who accused him of blasphemy. He recovered. A year later Berlin reported his assassination. Petrograd denied it.

INN BURIED BY SNOW

Sixty-eight mountaineers returned on the Tacoma Eastern Monday night from their annual New Year's outing, which was spent in a trip to Paradise valley.

The party stayed at the new Paradise Inn, which they were obliged to enter through tunnels in 12 feet of snow.

The stay was spent in snowshoeing, skiing, tobogganing and other winter sports. One party of 14 went to Camp Muir. It is said only five persons have ever before visited the camp in winter.

U.S. PLANS WITHDRAWAL

(United Press Leased Wire.)

EL PASO, Tex., Jan. 2.—That preparations are already under way in the supply department of the army for the withdrawal of Gen. Pershing's expeditionary column from Mexico, as indicated by certain moves last week, was the statement of army officers here today.

All property clerks at every point along the border have been ordered to proceed to Columbus, N. M., officers declare.

REPORT VILLA NOW HAS 5,000 TROOPS

EL PASO, Tex., Jan. 2.—A Villista army of 5,000 men is within striking distance of Chihuahua City today, according to reports made to U. S. department authorities.

Native refugees declare that residents of the northern capital anticipate an attack while the movements of Gen. Mugger's forces point to an evacuation if the government troops were outnumbered.

In Juarez persistent reports are in circulation today that Gen. Jose Salazar, Villa's chief lieutenant, is attacking Chihuahua City from the south.

Military officials here scouted reports of an attack upon the city but admitted that fighting was in progress south of the capital where a column of Carranzistas in every engagement, foreign refugees reaching the border stated today.

In the fighting south of Chihuahua City large numbers of Carranzistas are deserting to Villa in every engagement, foreign refugees reaching the border stated today.

As news of Villa successes spreads, government troops are turning to him everywhere. Refugees say that the fact that Villa is paying his troops in silver and feeding the men well and equipping them thoroughly is drawing recruits toward him from all parts of Northern Mexico.

PRINTER'S INK TURNS LITTLE COUNTRY STORE INTO BIG \$465,000 PROPOSITION

The Garver Brothers' New Store at Strasburg, and Inset, Their Old Store.

(Newspaper Enterprise Association)

STRASBURG, O., Jan. 2.—This village boasts the biggest country store in America—Garver Bros., general merchandising!

Business done by Garver Bros. in 1916 totaled \$465,000.

Can Strasburg, a town of 1000 inhabitants buried in the heart of a rural district, support such a store? Strasburg can't and doesn't.

To ring up \$465,000 on the Garver cash register, every man, woman and child in the village would have to spend in the store \$1.50 a day.

Thirty-Mile Radius

Why is it, then, so many people who might just as well patronize Canton and Massillon store are convinced Garver Bros. have just as good quality and selection of goods at just as reasonable prices?

G. Albert Garver, the head of the firm answers:

"WE ADVERTISE."

The store was started by the Garver boys' father. Twenty-two years later the father turned the business over to his sons, the late G. Rudolph Garver and G. Albert.

Gets a Suggestion

The father's business was just that of the ordinary country store.

Has Reason For It

Page advertisements bring results, G. Alfred says. And every paper within 16 miles and some as far away as 20 and 25 miles are employed. Newspaper ads attract to the store scores of customers even from Canton, 25 miles away. People living at a distance drive to

An annual turn-over of \$10,000 had been its peak performance. The boys struggled along a short time, then accident taught them the value of advertising.

A hand printing press and some type were sent to Rudolph by a friend who couldn't sell them in Columbus. Rudolph set up a circular announcing certain alluring propositions the firm had to offer. There was no newspaper in Strasburg.

Feel Stimulus

No sooner had the circular been distributed than the stimulus to business was felt. The next month a second circular was distributed, then a third and fourth.

In spite of the prediction of the boys' father that they would "bust" because they were spending too much money for advertising, they showed a gain in the first year, and the business has shown a gain every year since, except one.

Advertising thus has become a regular part of the Garver Bros. half-million-dollar-a-year business institution. Of the big annual appropriation for advertising a huge sum goes to newspapers.
