

BEST FOR LIVER, BOWELS, STOMACH, HEADACHE, COLDS

They lighten the liver and bowels and straighten you right up
Don't be bilious, constipated, sick, with breath bad and stomach sour

Tonight sure! Take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up with your head clear, stomach sweet, breath rich and feeling fine. Get rid of sick headache, biliousness, constipation, furred tongue, sour stomach, bad clogs. Clear your skin, brighten your eyes, quicken your step and feel like doing a full day's work. Cascarets are better than salts, pills or calomel because they don't shock the liver or gripe the bowels or cause inconvenience all the next day. Mothers should give cross, sick, bilious, feverish children a whole Cascaret anytime as they can not injure the thirty feet of tender bowels.

U. S. MAY RUN TELEPHONES

(United Press Leased Wire.—SAN FRANCISCO, Nov. 2.—The general strike of electrical workers employed by the Pacific Telephone & Telegraph Co. will begin today unless the company accepts before 4 p. m. the compromise proposition suggested to company officials by Federal Mediator Verner Z. Reed.

This statement was made at noon today by International President McNally of the union who declared the workers could not be held at work and that the company would get only eight hours more in which to act on the compromise.

Simultaneously Mediator Reed announced that he had prepared a telegram to be sent to the government at Washington asking for government regulation of the telephone company if the strike is called. While Reed would not give out the exact nature of the telegram, it was understood that in it he would urge the government to "commandeer" the company's lines.

The agreement, accepted by the unions, provides 50 cents a day pay increase and recognition of the girl operators' union. The employees had demanded \$1 a day increase.

In the meantime the employees were growing restless and threatening to walk out, claiming that the company is too slow in acting upon the mediation suggestions. They hold that they have materially reduced their demands, and the company should meet them half way.

All California telephone exchanges were operating today with full crews while company officials declared that in the Northwest the situation was not serious.

RUSHING STRIKE-BREAKERS
(United Press Leased Wire.)
PORTLAND, Or., Nov. 2.—Both the electrical workers and operators' unions here last night voiced unanimously not to return to work and to carry the strike thru to a finish.

The streets in front of all exchanges were jammed with pickets, strike sympathizers and here and there a policeman, today.

Each change of shift is the cause of a near riot. Strike-breakers were rushed from Portland last night and today to various small towns in the Northwest affected by the strike.

In Aberdeen only calls for city, county and state officials are handled. Only the chief operators are on the job at Centuria. In Vancouver, Wash., The Dalles and other places former employees and girls from the company's training schools here are at work.

Turn own Request.
Striking telephone operators and linemen unanimously turned down a request from Federal Mediator Verner Z. Reed at San Francisco Thursday night that they return to work pending settlement of demands by the unions.

The refusal was made on the ground that the unions here had already postponed their strike twice, and that the last postponement was made only on the flat promise of Mortimer Fleischaker, former mediator, that the government would force a settlement of the strike immediately after Liberty Loan week.

Fleischaker, after making the promise, was removed by the government, and Reed was put in his place.

president of the linemen's union here.

Tacoma's telephone strike continued Thursday morning without other incident. Part of the switchboards are being operated by non-union girls, while more than half the phones in the city are "dead."

The company is without linemen, having been unable to replace the striking electricians. For this reason no attempt is being made to repair telephones that have gone out of order since Wednesday.

The telegrams between Federal Mediator Reed and the Tacoma unions follow:
"2:40 p. m., Nov. 1, 1917.—Having heard thru Grasser and Morgenthaler and others of your representatives that there is doubt about the reliability of the telegram sent by them to you last night, this is to advise you that I have reached an agreement with your officials to the effect that the matter is now in my hands as the president's commissioner.

"I am working in co-operation with your representatives to bring about a speedy and final adjustment of your difficulties. I ruled that the question of recognition of the girls' union is not in any sense a change of existing standards for the reason that they have been in existence and a part of the international for several years, and therefore should be treated with as any part of the union.

"I hope for your patience for myself and your representatives and that all of you will return to work, pending settlement.

"VERNER Z. REED."
Stewart's Reply.
Last evening the following reply was made by Mr. Stewart as sanctioned by the union:
"We acknowledge your telegram and fully considered same. We will return to work when our demands are granted. We have proved our loyalty

and patriotism by postponement on the 21st and 27th. Strike orders issued by international officers can only be called off by referendum vote of membership. We hold Mortimer Fleischaker's promise that if delay for Liberty loan week was agreed to the government would ask for no further postponement but would force the telephone company to settlement. We expect you to recognize and live up to this promise made in the name of the United States government.

"JAMES STEWART."
No reply had been received to this message at a late hour Friday.

COMPILE REPORT ON VICE

(Special to The Times.)
SEATTLE, Nov. 2.—That the Seattle Ministers' Federation, thru its morals committee, has accumulated a mass of evidence for the purpose of placing the responsibility for unrestricted vice in the city, was the statement today of Rev. U. G. Murphy, acting secretary of the morals committee.

That the evidence will require explanation by Mayor Gill and Chief of Police Beckingham, was also claimed by the minister, and he added that instead of submitting their proof of the existence of organized vice to the mayor and city council, it would be turned over to the prosecuting attorney for presentation to the grand jury which will be convened Monday, Nov. 12.

STEAMER GOVERNOR PULLED OFF ROCKS

(United Press Leased Wire.)
SAN PEDRO, Cal., Nov. 2.—High tide and tugs succeeded in floating the steamer Governor off the breakwater rocks here at 11 o'clock this morning. She was towed into the inner harbor.

The extent of damage will not be known until the plates are removed and an investigation made. Her bow is considerably bent in and she is taking some water. No disposition of ten passengers has yet been made.

The Governor went on the rocks last night about 10 o'clock. Shortly after about 270 passengers were rescued after she had sent out wireless distress signals. There was no panic aboard ship and the unloading into boats that went to the rescue was quiet and orderly.

The steamship made her way carefully out of the harbor in a dense fog. Turning to skirt the breakwater rocks, she turned too far and drove back directly upon the extreme promontory, about 1000 feet inshore from the light-house.

On two other previous occasions directly due to fog. On June 13, 1917, she rammed the revenue cutter McCulloch off Point Conception, sinking the cutter. Prior to that, on Oct. 25, the Governor grounded at Vancouver, in a dense fog, but was floated at high tide.

The vessel is a twin screw, steel steamer of 5,475 tons, 393 feet long. She was built in New York in 1907.

TONG WAR TO BE RENEWED?

(United Press Leased Wire.)
PORTLAND, Or., Nov. 2.—Tong gunmen from San Francisco and Seattle are gathered in Portland, and a renewal of long hostilities is feared as a result of the trials of 22 Chinese, police said today.

The peace pact signed in San Francisco several months ago provided that if Chinese were compelled to testify in the tong murder trials, the witnesses must modify their testimony as much as possible to make acquittal easy.

Hop and Sney Sing tongmen are said to have violated this clause. Al Lee, alleged gunman, is under arrest today and the police increased in Chinatown guards this morning.

FIRST WOUNDED IN WAR A SEATTLEITE
(Special to The Times.)
SEATTLE, Nov. 2.—The first officer of the American expeditionary force to be wounded in France was Lieut. Devere H. Harden, of Seattle, the son of Mrs. Ella N. Harden, 1046 66th ave. south, and the brother of Charles H. Harden, vice president of the Steam Supply & Rubber Co., and Guy Harden, who is better known by his ring name, "Billie Wright." Notice of the wounding of Lieut. Harden by a piece of shrapnel was received in Seattle last evening. The wound is not serious, the report states.

BOARD'S RULING FINAL, SAYS JUDGE
(Special to The Times.)
SEATTLE, Nov. 2.—The federal court has no authority to interfere with the action of the military exemption board. This decision, considered one of the most important rendered in the west since the war began, was made by U. S. District Judge Jeremiah Neterer yesterday in the case of Peter Bonifac, an Italian who claimed exemption from service as an alien. Bonifac will be sent to Camp Lewis.

TEACHERS SCARCE
Only about a quarter as many candidates as heretofore presented themselves for teachers' examinations at Lincoln high school Thursday. The war is blamed, as usual.

FERRY CUTS CAPER AGAIN
The county ferry bumped another dock Thursday morning, broke a lot of her own windows and tore up some of the wharf piling. Partly because of the fog and partly because the county commissioners are trying to run a ferry without a keel, it was the London dock this time.

CONTINUE BONUS FOR CAMP WORKERS
The 50-cent bonus to employees remaining on construction work at Camp Lewis will be continued until Dec. 1. All construction work is expected to be finished by that time. About 2,000 workmen are still employed.
