THURSDAY, JULY 12th, 1894.

The Official Paper of San Juan County.

A. J. PAXSON, Editor and Prop.

Mr. John P. St. John the noted
Kansas Prohibitionist, has joined
the Populist ranks.

Rev. Myron W. Reed, pastor of
the First Congregational church of
Denver, Colorado, has resigned his
ministerial charge to stump the
state for the Populist cause.

The only way to settle questions
which give rise to strikes is by the
ballot. This a government of the
people and if laws do not suit us
we have none but ourselves to blame.

Populists, to the number of 25,
met at the B. B. hall, on Lopez,
July 30, and organized a populist
club. They number among their
ranks a number of the best farmers
on the island.

There was a riot at Butte, Mont.,
July 5th, in which two men were
killed and five others wounded.
The riot was caused by a saloon
keeper displaying an A. P. A. flag
over the door of his saloon.

At the Port Townsend city
election held last Monday, the
Republicans elected James Seavy,
mayor, by a majority of 6 votes,
and James Wilkes, marshal, while
the Democrats elected five out of
six councilmen.

Cassiniere-Perier, when premier
of France, used these golden words:
"We must reform our morals at
the same time as our laws. Those
who enjoy a superfluity must form
a larger idea of their social obligations
and resign themselves to assuming
a somewhat heavier proportion
of the public charges in order
to relieve those who buy bread for
their families with a daily wage."

The Western Union company says
the nation would lose money to
operate a telegraph system. Of
course all the voters must believe
the statement of this colossal
monopoly that pays dividends on
\$100,000,000 of watered stock. Mr.
Wanamaker says the nation can
send 15 words from New York to
San Francisco for 10 cents on a
public system. Which will you
believe?—Coming Nation.

Never before in the history of the
world has an issue between labor
and capital assumed such startling
proportions as at the present time.
The commercial business of a quarter
of a hemisphere is jeopardized.
The militia of the different states
have in a great many instances
refused duty, while in other cases
they have openly declared in favor
of the strikers. Seldom do questions
arise in which an innocent
public is forced to suffer as in the
present deplorable crisis. Our
sympathies are naturally with labor
so long as its representatives keep
within the pale of the law. But
for that element which destroys,
pillages, burns and creates a veritable
state of anarchy, we have no
sympathy, and sincerely hope that
they will be brought to justice for
the sake of the cause which they
are prejudicing the public against.

Mr. E. A. Taylor, of Lopez returned,
Tuesday, from Yakima where he had
been in attendance on the populist
convention as a delegate from San
Juan county. On account of the strike
he had to cross the mountains on horseback,
a distance of over two-hundred
miles, he lost his pony and was
compelled to walk twenty-five miles
through the snow. But judging
from a letter written by him since
his return, the cold did not cool his
enthusiasm for the Populist party,
but on the contrary has increased
it. He says the convention nominated
a good ticket and adopted a
good platform.

The United States Senate has passed the
tariff bill, income tax, sugar schedule and
all. David B. Hill alone of the Demo-
crats voted against the bill, boldly declar-
ing that it was not a Democratic tariff at
all such as was promised the people in the
Chicago platform but that it was a base
surrender to the Populist party.

Hill sees clearly that the senate tariff bill
with the income tax annexed will tempo-
rarily at least defeat the Democracy in New
York, and he does not propose to have the
routed Democracy of the state "shake
their gory locks at him" and say he did it
he known too that when the Democracy
of New York recover from the shock of
their surrender to Populism that he, Hill
will be the leader of the reorganized Demo-
cracy of New York state. He stands
upon a purely Democratic platform inexorably
opposed to the income tax, and he
knows when the fog of populism rises he,
Hill, will be sure to be the leader of his
party in the great state of New York—P. I.

We are glad to see that there is
a slight mist before the eyes of our
republican friends. Indeed, is not this
N. Y. fog about as thick as it
ever gets on the Banks of New-
foundland. We do not care what
party passes the bills, just so the
right bills are passed. As the in-
come tax is about the only good
feature the bill has, is it not a good
thing there were some populists
around.

A number of our readers have
asked us the question "what did
the Pullman employes strike for?"
The following statement, by Eugene
V. Debs, president of the A. R. U.,
sets forth their alleged claims, and
is printed as a matter of news to
our readers.

"The Pullman employes who struck on
May 6 last did so entirely of their own
accord. The officers of the A. R. U. used
all their influence to pacify the employes
and advised them repeatedly not to strike,
but to bear patiently their grievances until
a peaceful settlement could be effected.
The truth of this statement the employes
themselves will bear willing testimony.

But the grievances of the employes, men
and women, had become so aggravated, so
galling, that patience deserted them, and
they abandoned their employment rather
than submit longer to conditions against
which their very souls rebelled.

"The Pullman company" he it under-
stood, owns the town of Pullman, owns
the homes of the employes, controls the
light and water and other necessities of
life, and wages are so adjusted to living
expenses that in a large majority of cases
the employes are barely able to support
their families. At the time they struck
the employes were in arrears to the Pull-
man company \$70,000 for rent alone.
Wages had been repeatedly reduced, but
rent and all other expenses remained the
same. The employes from the beginning
have been willing to arbitrate their differ-
ences with the company, but the company
declines that there is nothing to arbitrate
in this case why not allow a board of
fair and impartial arbitrators to determine
the case? Committee after committee
waited upon the officials of the company,
but all their advances were repelled. Up
to this point the trouble was confined to
the Pullman company and its employes.
How then did this strike extend to the
railways? Let the answer be given in
accordance with the facts. The day before
the order of the delegates declining to pull
Pullman cars went into effect the man-
ager's association, representing all of the
principal Western railways, met and
passed a series of resolutions declaring in
substance that they would uphold the
Pullman company in its fight upon the
employes, that they would haul Pullman
cars, that they would stand together
in crushing out the A. R. U. It was
seen that the railway companies virtually
joined forces with the Pullman com-
pany, went into a partnership with them,
so to speak, to reduce and defeat their
half starved employes. In this way the
trouble was extended from system to
system until a crisis has been reached.

It has been asked what sense there is in
sympathetic strikes. Let the corporations
answer. When one is assailed all go to
the rescue. They stand together, they
supply each other with men, money and
equipments, and labor in unifying its
forces simply follows their example. If
the proceeding is vicious and indefensible,
let them first abolish it. In this contest
labor will stand by labor. Other organi-
zations will not be called out but they
will go out, and the spectacle of Mr. Pull-
man, fanned by the breezes of the Atlantic,
while his employes are starving, is not
calculated to prevent their fellow wage-
workers from going to their rescue by
the only means at their command.

KIDS DID NOT PLAY.
The report has gone out that the
"Friday Harbor Kids" played ball, on
the Fourth and were defeated in a score
standing 27 to 6. The Kids did not
play ball on the Fourth, and are there-
fore somewhat offended that it should
be reported that they were so badly
defeated. Doubtless the game referred
to was the one played between the small
boys of the Harbor and Valley, in which
the Harbor boys were knocked out, in
three innings by the "Valley Infants."

But we think the boys from the Harbor
would surely have won the game if the
grass hadn't been so high—If Warren
had pitched—If the catcher had talked
—If the ball hadn't landed in Willie's
mouth or biffed Warren in the eye.

GEM OF THE GROUP.

The farmers on Shaw island are busy
in their hay fields.

Mrs. D. Kepler was on the island
the first of the week.

Mr. and Mrs. Grant Jones are the
happy parents of a ten pound boy, both
mother and child doing well.

Newton Jones and family, of Friday
Harbor, visited with his parents on the
island Sunday.

Erwin Jones, who is working on Lopez
island, spent Sunday on Shaw.

The Fourth of July celebration under
the management of T. C. Stewart, was
a success. After a bountiful repast had
been partaken of by all, Mr. S'ister
read the Declaration of Independence.
Rev. Dixon delivered an appropriate
address, after which there was singing
by the Choir. Some time was devoted
to sports, every one enjoyed Roy Gris-
wold's acting clown. After supper
dancing in the school house was in order
and lovers of the mazy waltz tried
the light fantastic until the "wee sma
hours," when all went home well satis-
fied with the day's entertainment.

Mrs. A. Burke's brother and family,
of Fort Simpson, B. C., are visiting at
the Burke homestead.

The Shaw Island Ball Club is pre-
paring to play the Lopez Club, Sunday,
the 22d.

L. D. Hix and a small party cele-
brated the Fourth on Turn island.

This year's strawberry crop is almost
gone.

The farmers say that a light shower
just now would hurt nothing.

Harry Jones returned to Seattle last
Tuesday, after spending a week on the
island.

Eugene Fowler returned to Edmond's
to resume his position after a Fourth of
July lay off.

ROCKER WASHER TESTED.

Charles McKay, agent for the Rocker
Washer, gave an exhibition of its ad-
vantages over others by a practical test
Monday; washing some 400 pieces in
about four and one-half hours. This
washer is guaranteed to wash one hun-
dred pieces per hour, as clean as it is
possible to wash them by hand. A lady
can set down and run the washer with
one hand and care for her baby with
the other at the same time. Following
are testimonials from those whom have
tested its merits:

TESTIMONIALS.
Mr. McKay washed 100 pieces for me
Monday, and gave entire satisfaction. I
purchased one of the Rocker Washers
and can recommend it to others needing
a washing machine.

MRS. P. WELCH.
The test of the Rocker Washer by Mr.
McKay proved entirely satisfactory. He
washed 120 pieces, and, although he
did not boil the clothes they are clean
and white.

MRS. SARA E. CLINTON.

I am well pleased with the Rocker
Washing Machine purchased of Charles
McKay. It washes the clothes as clean
if not cleaner than by hand; with very
little exertion and in half the time re-
quired by other machines. I have no
hesitation in recommending it to others.

MRS. JAMES ROSS.
Having secured the agency for the
Rocker Washing Machine I am now
prepared to fill all orders for them in
three weeks' time. For further infor-
mation enquire of
CHARLES MCKAY, Friday Harbor.
