THOUGHTS BY A TINKER.

Jotted down for the ISLANDER by a Lone Villager, in reply to the "Ranchman." When some people have something to say, they think they can't say too much. It reminds me of the little boy, who stole preserves, "Just one mouthful more, only one more," "this is the last." Some writers for a newspaper never know when to quit.

Every community is composed of different kinds of people! Fortunately so! For if they were all of the same mind, one newspaper in a place could express all views. How time flies! You need not hold office or go to the penitentiary for a term. Give your note for it, see how quickly it matures.

When times are hard, the party in power is to blame. Who gets the credit when they are good? The farmer! The abuse of credit in prosperous times makes him scratch his head now. Some people want the earth, with a fence around it. Others want two acres more to plant seed to raise mischief.

Some Farmers don't know much about planting, others know less, others again write for newspapers when they ought to be planting. The Fern takes care of itself before planting, watch it after you get through. Next year will be Leap Year. Brush up and carry up a little, some of you old bachelors and widowers. Take the hayseed from your clothes and whiskers.

Editorial Ass In house of glass, Feeling gay, Has this to say: Poor speller The other feller. DEER HARBOR NOTES. Mr. Vaughn has bought a piece of land from H. T. Cayou and expects to erect a residence in the near future.

School opened, this week, for a six months term. Sheriff Jones was on the island last week. Mr. Dutton has purchased a piece of land from Wm. Bratton and will erect a house thereon in the near future. Mr. Cohoe has been on the sick list for the past week.

Some of the West Sound people visited the Deer Harbor Debating Club meeting last Saturday night. Miss Pearmain left for Port Townsend Tuesday. "Perhaps you would not think so, but a very large proportion of diseases in New York comes from carelessness about catching cold," says Dr. Cyrus Edson. "It is such a simple, thing and so common that very few people, unless it is a case of pneumonia, pay any attention to a cold. There are a great many cases of catarrh and consumption which have their origin in this neglect of the simplest precaution of every day life. The most sensible advice is, when you have one, get rid of it as soon as possible. By all means do not neglect it!" Dr. Edson does not tell you how to cure a cold but we will. Take Chamberlain's Cough Remedy. It will relieve the lungs, aid expectoration, open the secretions and soon effect a permanent cure. 50 cent bottles for sale by Druggists.

A SURE ROUTE TO SEATTLE. The only sure way of reaching Seattle the same day of starting is to travel on the mail steamer, Lydia Thompson. By this out there is no transferring and "missing the other boat at Anacortes." Returning you can leave Seattle in the morning by the Thompson, and reach Friday Harbor in time for dinner. The Thompson is the most comfortable passenger boat that ever was run on the Friday Harbor and Seattle route. You will avoid disappointments and the vexations, trials and tribulations incident to transfers, by traveling and shipping by the Thompson. Passengers may leave Friday Harbor by this route at 2 o'clock in the afternoon and reach Seattle by 9:30 o'clock the same evening. The Best and safest is always the cheapest. THOMPSON BROS., Props.

VALLEY GLEANINGS.

Some of the farmers are seeding, others are plowing and still others are clearing land, and that bustle and activity, which betokens the arrival of Spring, is in every where visible. Ex-Councilman Samuel J. Knight, of Fairhaven, is "Doing" the Valley, in the interest of the Fairhaven Sawmill, this week.

Charley Yeatman left, Monday, for his old home in Eastern Washington. Don't forget the "Three Minute" impromptu speeches before the Valley Literary, next Tuesday evening. On account of losing four of his horses, by the disease which has been going the rounds, Archie Fleming has been obliged to purchase a new horse to help do his spring work.

Charley Goodrich has purchased John H. Boyce's ten acre tract, near Union Grove Hall; giving a span of bay horses in part payment. Howard Conrad is slashing for Messrs Anderson and Knight, at present. The last meeting of the Valley Literary was a success in every way. The new organ having arrived, several songs and accompaniments were rendered by the choir. A very pleasing and instructive program was given, followed by a mock trial--State vs. Tom Tit--an assault and battery case. Nine witnesses were examined, for the prosecution, and four for the defense, but the evidence given by the defendant's witnesses was so convincing that, after an absence of just two minutes, the jury returned a verdict of acquittal. DE HARO.

PORT STANLEY NEWS. Frank P. Baum has returned from a business trip, to Seattle and Ballard. Capt. Frank McDonnell is home, for a few days, visiting with his family. S. N. Gustin is just finishing stumping the Wollert five-acre tract, which will be put into crop this spring. Rev. W. H. Black preached to a large audience, at Port Stanley, last Sunday afternoon. Prof. Cochran is instructing a class in vocal music, at Port Stanley. Hereafter Rev. Black will hold regular services at Port Stanley, his next regular appointment being April 7th, at three o'clock in the afternoon. George Troxell and wife of San Francisco are visiting at the home of the former's parents Mr. and Mrs. F. C. Troxell. The defeat of the Helms Morgan railroad rate bill together with the action of our senator has already made several populists in this vicinity. One of the latest, to leave the Republican fold, is Frank P. Baum, late editor of the Graphic. L'ARGENT.
