Dr. Geo. S. Wright, county coroner
and health officer has called our atten-

tion to the fact that there are a num-
ber of people in this community who
are in the habit of throwing all kinds
of slop, right down at their back door,
thus making a filthy mess and one
as soon as the warm summer sun be-
gins to get action on the spot. Unless
this filthy practice is stopped it will be
his official duty to make more particu-
lar mention of the matter and take
steps toward putting a stop to it. This
he assures us he will do, and at no very
distant date either.

The Seattle Times of February 2nd
contains the following item which
will be of interest to many of our read-
ers, for the reason that the lady spoken
of was until recently a resident of this
place. Her mother, Mrs. Nichols, re-
sides here yet: "Miss Libbie Brad-
shaw of 2120 Second Avenue is a very
fortunate young woman. She went
into Dawson two years ago, en-
gaged in business and did a little
mining. When she returned to the
August last she had about \$5,000 in
cash she invested some of this in Mor-
ning Glory stock, which was selling at a
low price, and as the stock has ad-
vanced she can sell out at a good profit.
The other day she received news from
Dawson that a mine adjacent to her
claims on Bryant Creek was paying
\$40 to the pan and that those who were
working her other claims were doing
well. She will start back for Dawson
this week."

Eleven degrees above zero was the
lowest temperature recorded by a self-
registering thermometer at the custom
house during the latest cold snap. It
was doubtless colder at higher points
back from the water.

Saturday evening some individual,
who does not "hunger and thirst after
righteousness" as much as he does after
apple juice, feloniously appropriated a
gallon of cider which Dr. Capron had
just brought from Seagrass brook, for
the regulation of himself and a few guests,
and had left for a few moments in one
of the company's big lime sheds while
he went to the store. The doctor says
