John Lawson was over from Deer Harbor Thursday. He reports having sold thirty-five tons of rhubarb this year and he still has many tons in his field for which there is no market at present. The price this year has been much lower than it was last year.

The Island Passenger and Express Co., Fullerton & Briggs, are operating the handsome launch Buffalo, belonging to Mr. Howell, of Deatur, on the Waldron route, having chartered her for a short time. Lewis, of the firm of Liddy & Lewis, of Bellingham, was in town Tuesday accompanied by Mr. Smith Dolliver, of Oklahoma City, Oklahoma, a prominent banker and stockman, and Mr. John Olenoworth, a dairyman and cheese manufacturer. They are both old friends of Mr. Lewis' and are delighted with the Sound country.

The revenue cutter Arcata was in port Saturday night enroute to the Fraser river. Inspector Hamer, from the office of the Special Agent Rice, in Seattle, was on board, going to ascertain whether a Japanese arrested a few days previously at or near Steveston for smuggling is not the same one whose boat was seized here some months ago for operating without proper equipment.

FOR SALE—New 25-ft. launch, equipped with 7 1/2 h. p. Buffalo engine. Price \$600. John Douglas, Friday Harbor.

It is reported that the steamer Rosalie may replace the Perdita soon on the Seattle route. The two vessels are the most popular ones ever operated between the islands and Seattle and the people will be well satisfied with whichever one is continued on the route. The Perdita is considerably the faster and her tourist observation room is quite an attraction, but the Rosalie is the better sea-boat and as such is better suited for service in stormy weather on the straits.

FOR SALE—Fine coop-cat kittens. Inquire of or address Mrs. F. M. McCreary, Lingerlonger Farm, West Sound.

Mr. and Mrs. Paul E. Ladner, of Ladner, B. C., arrived from Seattle Friday and returned to their home Tuesday, S. M. Bugge taking them over to Point Roberts in the launch Owease, making the round trip in seven and a half hours. While on the island Mr. Ladner bought about 300 head of sheep which will be shipped to the Ladner meadows on the Fraser, from which they will be sold to the Vancouver markets. Mr. Ladner expects to buy a large number of sheep in this county, as he has for several years past, if the prices asked are not too high. He says that the mutton market at present is quite unsettled and that the demand is not as good as it usually is at this time of year. There are said to be 15,000 more people in the city of Vancouver than there were a year ago and yet sales of mutton sheep are reported less there by about one hundred a day than they were last summer.

Miss Brown, of Alexandria, Minnesota, has been the guest of Mrs. S. M. Bugge this week.

Mr. and Mrs. S. W. Cornish, of Bellingham, and J. C. Cornish, of Wilmington, Delaware, were in town the first of the week. The latter is looking for a business location. He has been connected with the Wilmington police force for many years but resigned on account of his health.

RANCH WANTED—I have a buyer for a small ranch with good buildings, stock and fruit. Price must not exceed \$1400 cash. W. H. Bishop, 812 Fairview Ave., Seattle.

Capt. Sam Barlow has been master of the steamer Perdita for the past few days, Capt. Hansen having laid off to recover from an injury received at West Sound a week ago when he was hit quite violently by the wheel when three of the spokes were broken as the captain was endeavoring to hold the wheel hard over as the steamer was backing from the dock.

Frank Christensen received a letter a few days ago from Capt. K. C. Masteller, of the Coast Artillery Corps, expressing his appreciation and that of the soldiers of the Fort Worden ball team of the courtesy shown them on the occasion of their visit here July 4. An Anacortes dispatch to the Post Intelligencer says: "One of the interesting enterprises of the present salmon fishing season is the floating fish trap just completed at Similk bay, near this city, by the Union fish Company, of Seattle. This contrivance is elaborate and expensive, built on the principle of the trap made with piles driven in the ground, but having floats and sinkers instead of piles. It can be towed from place to place and operated wherever anchorage is available."

A few years ago Mr. J. C. Waugh, of Mt. Vernon, purchased several hundred acres of logged-off upland in Skagit county and after experimenting with various grasses he sowed a considerable quantity of alfalfa with such gratifying and surprising result that there has been a very great advance in the prices of logged-off lands in that locality, and he says they are apparently no better, as regards fertility, than hundreds upon hundreds of acres of upland in this county from which the owners are now getting little, if any, return.
