It has been stated that a man's stomach is his boiler, his body is his engine and the mouth is the firebox. Is your boiler (stomach) in good working order or is it so weak that it will not stand a full load and not able to supply the needed energy to your engine (body)? If you have any trouble with your stomach Chamberlain's Tablets will do you good. They strengthen and invigorate the stomach and enables it to do its work naturally. **WHAT THE KIDNEYS DO**

Their Unceasing Work Keeps Us Strong and Healthy

All of the blood in the body passes through the kidneys every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter every day, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—which vary widely but may include pains in the back, headache, nervousness, hot dry skin, rheumatic pains, gout, gravel, disorders of the eyesight and hearing, dizziness, irregular heart, debility, drowsiness, dropsy, deposits in the urine, etc. But if you keep the filter right the danger is overcome. Doan's Kidney Pills have proven an effective kidney remedy.

Mrs. F. A. Rhodes, 3825 Alki st., Seattle, Wash., says: "My back was lame and weak and ached all of the time. I had headaches and often got dizzy. When I saw Doan's Kidney Pills advertised I tried them and I soon found that they were helping me. After using two boxes of Doan's Kidney Pills my back got strong and I haven't been troubled since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—Get Doan's Kidney Pills—the same that Mrs. Rhodes had. Foster-Millburn Co., Props., Buffalo, N. Y. E. P. Remington, Agency.

**A Mutiny.**  
Some years ago the secretary of the navy issued an order that officers should not permit their wives to live at the foreign stations to which their husbands were attached. The order was once set at naught by a commodore who wrote to the secretary:

"It becomes my painful duty to report that my wife, Eleanor Franklin, has, in disobedience to my orders and in the face of regulations of the department, taken up her residence at the station and persistently refuses to leave."—Harper's.

**Chinese Sweetmeats.**  
The Chinese are very skillful in making confectionery and possess the reputation of having some secrets, the knowledge of which our own confectioners would find very desirable. They are able to empty an orange of its pulp entirely and then fill it up with fruit jelly without one being able to find the smallest cut in the rind or even a tiny hole. Indeed, they even empty an egg in this manner and fill it with a sort of almond nugget, without one being able to find the slightest break or incision in the shell.

**Sleepers.**  
A sleeper is one who sleeps. A sleeper is that in which a sleeper sleeps. A sleeper is that on which the sleeper runs while the sleeper sleeps. Therefore, while the sleeper sleeps in the sleeper the sleeper carries the sleeper over the sleeper under the sleeper, etc., etc., and so forth.

**Delusion and Madness.**  
In Boswell's "Life of Johnson" he quotes Professor Gaubius of Leyden, physician to the Prince of Orange: "If a man tells me that he is grievously disturbed, for that he imagines he sees a ruffian coming against him with a drawn sword, though at the same time he is conscious it is a delusion, I pronounce him to have a disordered imagination; but if a man tells me that he sees this and in consternation calls to me to look at it, I pronounce him to be mad."
