## THE LOCAL NEWS

Madison Brown of Merna, Neb., is in the Colville vicinity looking for a location.

J. C. Seely, formerly of the Examiner, and wife and baby are visiting relatives in the Basin.

Mrs. Claude Lewis, formerly saleslady in Tacoma, is assisting at the Kravik millinery store.

James Clinton, the pioneer Columbia river orchardist, recently contracted for 30,000 apple boxes to handle his crop this fall.

The following letters remain in the Colville postoffice uncalled for: G. B. Aubin, L. F. Bowman, Mr. and Mrs. A. B. Barker, J. M. Johnson, Walter McCool, Mrs. R. A. Salvester, Mr. Ward.

Mr. Chatman from Wild Rose Prairie, one of the wealthy ranchers of that section, was in Colville yesterday looking over the country around here with the intention of locating in this vicinity.

Judge D. H. Carey has been holding court in Spokane since Wednesday. The judge will go to Seattle next Tuesday, where he will officiate at the Temple of Justice for the next two or three weeks.

David Barman, who went to Spokane about 10 days ago for the purpose of taking medical treatment, is now at the home of his daughter Mrs. Martin Schulline. His physicians state that Mr. Barman's condition is critical, and that he can live but a short time.

C. A. Maury, general insurance adjuster, of Seattle, was in Colville Thursday. Mr. Maury's visit was to ascertain the fire protection and water pressure here. After a thorough investigation Mr. Maury stated he was much pleased with the fire protection in Colville and that it was better than most towns of this size throughout his jurisdiction.

Mrs. Overman of Daisy, while driving with her nine-year-old son Ronald last Friday, had a runaway, the buggy being overturned, and Mrs. Overman having her right arm broken. Ronald was badly bruised about the head and face and his lower jaw was badly fractured. Local physicians administered to the mother, but Ronald was brought to Colville and taken to Drs. Diefenbacher and Hendley, where the fractured jaw was carefully set with inter-dental splints.

## Enthusiastic Meeting

At the Federated Commercial Clubs of Stevens county meeting at Marcus Tuesday 159 delegates represented the 21 commercial clubs of the county. The Spokane chamber of commerce was represented by E. F. Cartier Van Dissel.

The feature of the meeting was the address of John T. Burns, secretary of the Dry Farming Congress, who spoke on the growth of the dry farming movement. He suggested that Oct. 4 be made Stevens county day at the Dry Farming Congress, which was concurred in by the convention. An effort will be made to send 1000 delegates to Spokane on that date. Special trains will be run from Northport.

The federation has nearly \$2000 in the treasury and funds are being received almost daily. The J. G. White Company at Marble sent a delegate to the meeting and contributed \$500 to the fund. Other large companies have signified their willingness to make contributions, and J. H. C. Scurlock, manager of the Stevens county exhibit at the apple show, informed the convention that the federation would have the necessary money in the treasury for the Stevens county exhibit at the National Apple Show at Spokane and Chicago this fall.

Among the speakers were Rev. J. M. Hupp, C. J. Webb of Kettle Falls, Mayor Sax of Colville, Attorney Jesseph and Dr. Harvey of Colville; J. H. C. Scurlock, manager of the federation; W. H. Sterrett of Northport; G. B. Ide of Colville, manager of Stevens County Producers' Association; Howard Stull of Colville.

C. W. Baringer, in the report of the Columbia river improvement committee, appointed to meet the Canadian commission, told of the work already accomplished and of the enthusiastic meeting in Nelson on Aug. 29.

The Northport delegation, headed by H. W. Sterrett, made application for the next meeting of the federation, to be held Oct. 23, and the request was granted by an overwhelming vote.

Some weeks ago a school election was held in Colville for the purpose of selecting a site for a high school building. There were five candidates in the field. Each location had its particular friends and supporters, and not unlike other elections, but one site was selected out of the number, the one on the Jesseph addition northeast of the city. Since that time a number of the citizens presented to the school board a petition to have another vote on the matter, claiming that a central location is desired for so expensive a building and that the vote on the question before was so slight as to leave room for doubt as to

the desire of the majority of the citizens. The question will be submitted today as to trading the Jesseph addition site for the brick school site, in order to make the new high school more central.

Editor Faville of the Western Farmer will be the speaker on game day at the fair next week. He will speak at 11 o'clock.

The musicale last week Friday evening by Wm. H. Sherwood, the celebrated pianist, assisted by Miss Listemann, vocalist, was attended by a packed house, and highly appreciated. A Chickering grand was furnished by the Eilers piano house of Spokane.

# BALL GAMES

# EVERY DAY

At 10:30 at the Colville Ball Park

Colville's fast ball players, the champions of the Inland Empire, will play the Hazelwood pennant winners of Spokane every morning at 10:30. Now, talking about baseball, Colville people and Stevens county people have never had an opportunity to see two such fast teams meet in struggle to beat each other in such a small town as Colville. These two teams will put up just as fast and snappy ball as the Indians in the Northwestern League. And every one that misses these games will be sorry. Don't Forget the hour—10:30, at the Colville ball park. John Cook, umpire.
