Big line of wall paper just opened at Carroll's.

Wanted—A man to represent us in Colville and Chewelah territory. Good contract to right party. Singer Sewing Machine Company, 825 Riverside, Spokane.—adv.

Poisoned wheat at Carroll's.

The many friends of R. J. Townsend will be pleased to learn that he has greatly improved from his recent illness. Sunday evening he suffered a stroke of paralysis of the head. Several years ago Mr. Townsend was driving down a steep hill with a load of furniture when his team became frightened and ran away. Mr. Townsend fell from the load and the wagon wheels passed over his head, the injuries proving quite serious. His recent illness was the result of the injuries received at that time. The physicians say he is out of danger.

A demonstrator of the new 1914 model of the International delivery car came up from Spokane Wednesday. The car has many improvements over the old one.

Miss Della Hammond, who has been in the office of Dr. L. B. Harvey and has made her home with Mr. and Mrs. Harvey for several years, left this week for Weyburn, Saskatchewan, Canada, where she will make her home with her father, who is farming there. Miss Hammond's place in the office of Drs. Harvey & Rosenthal is supplied by Miss Nellie Joos, recently from North Dakota. She is a sister of Mrs. E. J. Milberg.

The Colville Garage and Willett Bros. have placed gasoline tanks and pumps in front of their places of business for the convenience of the public. These tanks strain and measure the gasoline as it is drawn and are a great convenience for automobilists.

Mrs. John Gilson underwent a mastoid operation on the right ear last Saturday at the Colville General hospital and is improving rapidly.

Charles Randolph and Ed Magee have taken a contract to build a two-story frame residence for Herman Huguenin on his farm about a mile and a half east of Orin. They are to commence work soon. Later they are to erect a large hay barn for Peter Morrison, two and a half miles south of Chewelah.

Miss Ruth Saleen, teacher in the Spokane schools, is spending her vacation with her cousin, Mrs. Grover Graham.

John Latson, a well-to-do farmer of the Palouse country, stopped off in Colville Tuesday on his way to Nelson, where he will visit relatives for a couple of weeks. He liked this country as much as he saw of it and expects to make a longer stay here on his return home.

New line of wall paper is now on display at Carroll's.

Miss Iva Simmons and Olivia Scott, both of Marcus, were married in Colville Thursday by authority of Justice A. L. Knapp. The couple returned to Marcus on the evening train. The groom is a tonsorial artist.

"Our Father Which Art in Heaven" will be the subject of the morning sermon, and "Little Things, but Exceedingly Wise" at the evening service of the M. E. church Sunday. All the other regular services of the day. You are cordially invited. M. L. Sanders, pastor.

Mr. and Mrs. Arthur Gammage returned to Colville Tuesday evening from an extended visit with friends and relatives in England. They left early last fall to visit their English home.

Millions Each Year can be saved by Proper Construction

A building put up with CONCRETE STONE

of the latest approved make, giving a continuous air space throughout the entire wall is practically indestructible

Warm in Winter and Cool in Summer
Concrete Stone has many advantages in building construction and is being adopted widely in this country. Buildings erected with our form of construction have the long sought continuous air space double wall and this air space in the wall counteracts all weather conditions, making the building absolutely frost and moisture proof. The building is therefore warm in winter and cool in summer.

Beautiful Results
We manufacture a number of different types of stone: The Natural Stone, Tool Face, Plain Face, Bevel Face and Granite Face; with our Stonekote facing we are able to furnish various colors which give the most attractive architectural effects, producing beautiful results both in residence and other construction.

Absolutely Fireproof
A building made of our concrete stone is absolutely fireproof. Do you realize the full meaning of a fireproof building? A concrete stone building grows harder from the day it is completed. It will last practically forever.

Cost of Concrete Stone Construction
The cost of erecting buildings with our concrete stone will come very little, if any, in excess of frame or brick construction and the distinct advantages in the way of fire proofness, durability, big saving of fuel, upkeep, etc., in the end make the concrete stone building cost considerably less than the frame or brick building. In the concrete stone building the first cost is the only cost; do you realize the saving yearly in cost which these buildings save their owners?

Our stone is made of the best materials obtainable. We use only sharp clean sand and Lehigh Portland cement in a very strong proportion. The stones are moulded in a machine under great pressure and then are allowed to steam twenty-four hours under the latest modern steam process thus hardening the stone to a maximum.

The advantages of our concrete stone may be summed up as follows:

- | | |
|---|---|
| 1 Artistic appearance | 8 Free from dampness, rats, mice and vermin |
| 2 Cheapness of construction | 9 Perfectly sanitary |
| 3 Buildings warmer in winter and cooler in summer | 10 Can be made into the most elaborate designs and colors |
| 4 Dry walls, fire and moisture proof | 11 The stone is thoroughly durable—becoming harder with age |
| 5 No need of insurance | 12 Absolutely fire-proof |
| 6 Requires no painting | |
| 7 Plastering done on back of stone—saving lathing | |

We also manufacture concrete brick, fancy fireplace brick, well curbing, irrigating and drainage tile, concrete fence posts, chimney stone and make all kinds of ornamental concrete work.

Mr. D. H. Kimple of the Colville Manufacturing Company is representing us in Colville. He has samples of our stone at his shop and will be pleased to have you call and inspect them and talk over your future building.

Our Guarantee
All our stone is guaranteed to be exactly as represented in every particular and to give perfect satisfaction in any locality and under all conditions.

You will be interested in reading our booklet showing the plant, cuts of the products manufactured, buildings we have constructed, etc. Sent free upon receipt of your name and address to
