The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

both irrigation and drainage. But being formed according to nature's dictates their courses do not always jibe with man's desires or needs. Rock ledges impede their progress. Overhanging stumps and trees retard their flow. Numerous irregularities cause them to meander about in apparently wasteful ways, and man's carelessness has added to these troubles by allowing driftwood and loose earth to form dams and sandbars.

All of these things help to hold the flood of waters back and cause either flooding or swamps, which not only occupy land that could be more profitably used for farming, but also form fine breeding places for mosquitoes and other obnoxious pests. Incidentally they cause an annual loss running into millions of dollars per year.

In this day of enlightenment such things are both wasteful and, one might add, criminal, especially so in view of the fact that almost instant relief may be had by a few well placed charges of dynamite. Not only will these blasts straighten out the kinks and bends and remove ledges and sand bars, but they will deepen and improve the channels as nature has really intended. Incidentally by straightening the winding course of a creek much area of tillable land can be obtained and farm operation in many instances made much easier.

Good News

Many Colville readers have heard it and profited thereby.

"Good news travels fast," and the many bad back sufferers in this vicinity are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Thousands upon thousands of people are telling of good news of their experience with this tested remedy. Here is an example worth reading:

Mrs. C. R. Petrie, Davenport, Wash., says: "For some time I was troubled by weak kidneys. The kidney secretions were unnatural and I had backaches of the worst kind. If I stooped over, I could hardly straighten up again, and often I could scarcely get out of a chair. Doan's Kidney Pills proved to be the best medicine I had ever used and since then I have had but little trouble from my kidneys."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Petrie had. Foster-Milburn Co., Props., Buffalo, N. Y.

Ask the Lehigh Dealer

Before you do any building or remodeling, see the Lehigh Dealer. You'll find him the progressive dealer in your community, who can give you practical advice and tell you which materials are best suited for your purpose.

Ask him why he sells Lehigh, the National Cement. He will tell you because he knows it to be absolutely dependable. It's only logical that he selects his other materials with the same care and judgment.

Ask him some of the ways you can use concrete to advantage. Right now there are probably half a dozen repairs and real improvements to your property that you could best build of concrete.
