**NEWS IN COLVILLE**

**TRAFFIC LAW CASES**

Some weeks ago L. H. Shrimpton, deputy state sealer and auto inspector, was in Colville, and published a notice in the Colville Examiner in which he stated that there were many autoists violating the automobile statute pertaining to lighting, and at the same time warning all automobile owners and drivers that he would be in Colville on a tour of inspection in a few days. Despite Mr. Shrimpton's warning, when he arrived last week Friday, accompanied by Bert S. Snyder, deputy superintendent of weights and measures, they found that full attention had not been accorded his published notice, whereupon he proceeded to arrest violators of the traffic statute, and the following cases were brought before Justice James Petty:

W. R. Phillips, for operating an automobile without a tail light.

W. A. McKern, for operating an automobile without a tail light.

Ross Corl, for operating an automobile with but one light.

Ross Corl, for operating a trailer without license plates.

D. C. Draper, for operating a trailer without a license.

City Transfer Co., for operating a truck without a head light.

Harry Gleason, operating an automobile without a tail light.

Lloyd Skidmore, operating an automobile without a tail light.

S. H. Bender, for operating an automobile without a tail light.

W. C. Underwood, operating an automobile without a tail light.

In each case the defendants plead guilty as charged, and were assessed the minimum fine of \$5 and \$2 costs and the state highway fund was made the richer by the autoists being negligent with their lights, licenses and number plates.

It was not found that the cases were of wilful violation, but largely carelessness or oversight, or actual ignorance that lights were not burning, hence Judge Petty assessed the minimum fine. However, it has been intimated that no advance notice will be given as to the advent of officers charged with enforcing the law, hence auto, truck and trailer owners must look to their equipment.

**MILL CREEK FISHERY**

(By Mrs. Elizabeth Walsmley, of Pueblo, Col., who recently visited at the Paddycood home, and enjoyed many days angling at Mill creek, going from here to Long Beach, Cal.)

I love to play in the ocean's surf,  
But I just can't keep from wishin'  
Each day when the sun is low in the west,  
I was down on Mill creek fishin'.

I'm not on friendly terms with work,  
And seem to lack ambition,  
And I dream each night of a shady stream  
Where I'd like to be a-fishin'.

The swimmin' here is good enough,  
But 'twould be a great addition  
If they could get a nulle or so  
Of Mill creek—just for fishin'.

**DANGERS OF A COLD**

Colville People Will Do Well to Heed Them

Many had cases of kidney trouble result from a cold or chill. Congested kidneys fall behind in filtering the poison-laden blood, and backache, headache, dizziness and disordered kidney action follow. Don't neglect a cold. Use Doan's Kidney Pills at the first sign of kidney trouble. Here is an experience told by a resident of this locality.

John Winkels, proprietor of meat market, 3015 E. Fifth Ave., Spokane, Wash., says: "Doan's Kidney Pills have my endorsement, for they certainly are good. I believe the sudden change in temperature, going in and out of the refrigerator, made me catch a cold, which settled on my kidneys and weakened them. My kidneys didn't act as they should, either. That's the shape I was in when I read about Doan's Kidney Pills and decided to try them. Before I used Doan's very long, I was cured of all the trouble and my back and kidneys have been in good shape ever since."

The above is not an isolated case. Mr. Winkels is only one of many in this vicinity who have gratefully endorsed Doan's. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Winkels had. 60c all stores. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.
