

CHICKENS, SQUIRRELS, NUTS

When a writer writes
With nothing to say
This agonized stuff
Which stops half way.
They take his lines
To keep him quiet
And run in a column
For the public diet.

CHICKENS have been declared
ALIEN ENEMIES as far as
GARDENS are concerned and
THEY ARE not to be allowed
WITHIN a certain distance of
THE VEGETABLE garden which is
JUST as valuable as keeping
ALIENS from the munitions factories.
ONE MAN who found his neighbor's
POULTRY tribe descending on his
SEED-FILLED trenches put up
A SIGN which warned that
ALL CHICKENS found within
THIS GARDEN PLOT would be
INTERNED for the duration of

THE WAR, and he prepared
A COOP to serve as a detention
CAMP for the enemy.
RUTHLESS WARFARE has also
BEEN DECLARED on Stevens county's
SQUIRRELS, and poisoned gas
AND POISONED grain await them
IN NO MAN'S land and the general
IN CHARGE of the drive is our
COUNTY agriculturalist, Mr. Hahner.
POOR LITTLE THINGS, they are
SO CUNNING and cute as they
RUN ALONG the ground, that
IT MAKES one quite sad to think
OF KILLING them, but when
YOU THINK of all the nuts in
STEVENS COUNTY who will breathe
EASIER when they are gone,
YOU ARE glad to have helped
SAVE them from their foes and

YOU, yourself, may then know
THAT YOU can walk out into
THE COUNTRY on a summer day
AND BE LEFT unmolested by the
RAVENOUS squirrels. Did you
KNOW that the large number of
SQUIRRELS here was the reason
I AM confined to the nut column
OF THIS PAPER? It is for your
OWN protection and Ye Editor—
YOU MAY rave and say all the
NUTTY things about the town or
ITS PEOPLE that you wish as
LONG as you stay within this
COLUMN, but if your stuff should
EVER be found in any other part
OF THIS PAPER you might get
CAUGHT up for libel and you know
THE SQUIRRELS might get you.
I SURELY am glad they are out
AFTER the squirrels. Aren't you
FOR THEY go wild, simply wild,
OVER ME. —By Miss Print.

IN THE HOME.
Householders to use not to exceed a total of one and one-half pounds per week of wheat products per person. This means not more than 1 1/4 pounds of victory bread containing the required percentage of substitutes, and about one half pound of cooking flour, macaroni, crackers, pastry, pies, cakes and wheat breakfast cereals all combined.

Whole wheat, graham and rye are not substitutes for wheat, nor are most breakfast foods and pancake flour.

FOOD DEALERS
Sell 1 pound of substitutes to every 1 pound of wheat flour.

Sale limit 49 pounds of wheat flour to one person. Crews, cookhouses or persons requiring more than 49 pounds at a time, must secure permit from J. C. Harrigan, Colville, county food administrator.

Complete list of official substitutes: Cornmeal, edible cornstarch, corn flour, hominy, corn grits, barley flour, rice, rice flour, oatmeal, rolled oats, buckwheat flour, potato flour, sweet potato flour, soybean flour, feterita flour and meals. There are NO other official substitutes.

Potatoes are no longer permitted as a substitute, and the county administrator is not granting any permission to buy flour without substitutes because of any purchaser already having substitutes in his possession.

Sugar sales limited to \$1 in towns, 25 pounds in country. Except that all grocers will have special methods of caring for customers who desire sugar for canning or preserving.

FOOD SERVING PLACES
Limited to 6 pounds of wheat to 50 meals served.

Mondays and Wednesdays and every evening meal wheatless, except that 50 per cent war breads and rolls may be served.

Bread, pastry, cakes, doughnuts, hot cakes, sweet goods, must be made of at least 50 per cent substitutes.

Noodles, spaghetti and macaroni not permitted at wheatless meals. When served at other meals, no wheat bread may be served.

Breakfast foods made entirely of wheat not permitted at any time.

Do not serve to any one guest at any one meal an aggregate of breadstuffs, macaroni, crackers, pastry, pies, cakes and wheat breakfast cereals containing a total of more than two ounces of wheat flour; no wheat products to be served unless specially ordered.

Encourage use of potatoes by charging them free when possible. Use as large proportion of potatoes in bread as possible.

Sugar service limited to 3 cubelets or two medium sized lumps, or equal amount granulated.

Every eating place using more than three barrels of flour a month must secure a baker's license.

EXCESS WHEAT FLOUR

Every resident of the county who has not made report to the county food administrator of his excess flour holdings, or made return to his merchant, is guilty of failure to respond to the request of the food administration, and subject to the suspicion of hoarding. Merchants are all asked to accept return of flour on the basis of trade exchange at present market prices, but if the flour should happen to be of such kind or condition that it is not resalable and for that reason impossible of exchange, he or the owner of the flour should make report to the county food administrator of the amount, kind and ownership of the flour in question, so that in case of necessity it may be utilized if desired.

Merchants, companies or individuals who are compelled to appeal to the county food administration for flour

supplies, will be closely investigated as to the degree of patriotism they have exhibited in following the regulations of the food program.

White flour on which are stamped the words "government regulation flour" is flour which is made according to the present federal standard, where-in 71 1/2 per cent of the wheat berry is utilized for flour. Four bushels and 34 pounds of wheat (274 pounds) are used to make a barrel of flour (196 pounds). In some cases this regulation flour is a trifle darker than the former pure white flour, as pure white flour is made by removing all the middlings and bran, sometimes only 65 or 69 per cent of the wheat berry being used. Graham flour uses more of the wheat berry than any other kind, as nothing but the outer husk is removed. Whole wheat flour has more of the outer husk removed. White flour has all of the outer covering removed. That part of the wheat berry which is used in white flour is called middlings and bran.

In 1917 several hundred families planted vegetables on the Great Northern right-of-way for 1800 miles from St. Paul to the Pacific coast, and the returns show that they were well repaid for their trouble. The superintendent of the Marcus and all divisions of the Great Northern railway, has been given authority for the issuing of permits to employees or others, who wish to make use of some of this idle land for the purpose of growing crops of any kind. It is not the intention of the company to limit the privilege to employees, but the local people are encouraged to take advantage of the opportunity.—Marcus Messenger.

According to the latest report of the United States department of agriculture on the condition of winter wheat Stevens county is credited with having in sight a ninety three per cent of a hundred per cent crop. Last year Stevens county had only a seventy per cent crop. Such conditions are most gratifying to every patriotic citizen of this community.

CALL FOR WHEAT.

Under an order issued by Charles Hebbard, food administrator for Washington, all wheat held on farms in this state which is not necessary for home use will be requisitioned after May 15.

Most of the surplus wheat on the farms has already gone to market. There are, however, quantities in some localities still retained on the farms. In some cases holders of this wheat have been influenced by pro-German motives and in some instances by erroneous expectation of receiving a higher price. The higher price established for 1918 wheat in the Pacific northwest district, or any price that might be established hereafter by congressional act, is for 1918 crop only. There is no way, therefore, that any grower can benefit by holding his grain after May 15, and in case of such hoarding it can only be presumed that the hoarder is influenced by improper motives.

The food administration, therefore, calls upon all grain producers, as a patriotic service, that they bring to market by May 15 all surplus wheat. If the local miller is unable to buy all of the wheat that is offered, it should be marketed in the other customary trade channels through which it will reach the food administration grain corporation. Failure to voluntarily market surplus wheat will result in its being requisitioned under federal order.

CORN BREAD.

In Yankee land they make real corn meal bread. Of course there is Johnny-cake, Boston brown bread, corn muffins and a little farther south, corn pone and corn dodgers—all very well in their way but none of them corn bread. Yankee corn bread is just as different from those things as a dish of strawberries is different from a loaf of pumpkins. This cornbread is in loaves each the size and thickness of a loaf of bakers bread. It is light and has a consistency that prevents it from crumbling when you cut it. The flavor is so delightful that you have to tell folks that it is bread and to be eaten with butter or they will think it is cake.

This is the way it is made:

Mrs. Bertha Waite's Corn Bread.
2 cups buttermilk, 1/2 cup molasses, 1 level teaspoon salt, 1 teaspoon soda dissolved in hot water. Put ingredients in a mixing bowl and stir in corn meal until it reaches the consistency of a thick batter. Pour the potato batter into two bread baking pans and steam two and one-half ours. After steaming, bake the loaves ten minutes. This recipe will provide two loaves of ordinary size.

Stevens County, Washington OPEN GAME SEASON 1918.

Deer, Oct. 1-Nov. 15 inc. Season limit 1 deer.
Bear, Sept. 1-May 1.
Pheasants (native) and Blue Grouse, Sept. 1-Nov. 15 inc.

No fish to be kept that is under 6 inches in length, nor by any other method than by angling with hook and line held in the hand or attached to a pole or rod.

Daily creel limit 50 game fish or 20 pounds and 1 game fish.

Weekly creel limit 30 pounds and 1 game fish.

Week begins at midnight Saturday night.

They had lost their way in their new and expensive car.

"There's a sign, dear," she said to her husband, who got out of the car and flashed his flashlight on the board. "Are we on the right road?" she asked.

"He read: 'To the Poorhouse.'"

"Yes," he answered. "We're on the right road and didn't know it."

"YOU MUST WORK 8 HOURS EVERY DAY FOR BONDS"

Prominent Woman Worker Says American Women Must Quit Being Parasites

Mrs. Frank A. Vanderlip of New York City, treasurer of the National Woman's Liberty Loan Committee, is urging upon the women of America definite and consistent war service. In a recent interview she said: "American women must quit being parasites and learn to give instead of always taking. An hour or two a few days a week is not enough for any woman to give her country. We must give a full business day, an 8 hour day every day of the week if we are to count for anything while the war lasts."

Mrs. Vanderlip outlined the splendid work which has been done by the women of Great Britain and France and congratulated American women on having as their allies in their new work such women.

"If we ever have another war," said Mrs. Vanderlip, "women will be in the trenches. What do the pacifists mean when they want us to stop before our present job is done?"

"There is but one standard for measuring a woman in this new day of war. That is dependability. The woman who can be depended upon is the one we want. The one who cannot be counted upon is the one who will be dropped forever. A professional spirit is the need of American women, who have been parasitic for too long. We must stop taking and give. Eight hours a day is a short day for this great work we have before us. Two or three hours a day to the Red Cross is not enough for any woman to give as her war work."

"We must get as our personal point of view the realization that we cannot have our cake and eat it too. We must ask ourselves, in this war of equipment rather than men, who must go without if we have the things we have been accustomed to. Business and pleasure cannot go on as usual if we are successfully to conduct this tremendous new business of war."

"We have forgotten, when we are buying new clothes and eating the wheat and sweets that we want and riding in our motor cars, that we are hampering the Government. We are standing in the way of the Government's business which is war."

"When you want to spend a dollar for candy or unnecessary clothes (and we buy more clothes than we need because of pride) count that dollar as a traitor dollar. If you save that dollar and invest it with the Government you are serving the Government doubly, for you are aiding in financing the war and you are releasing the labor and materials needed for the necessities which you have demanded formerly."

"We are fighting an enemy that is far from beaten. It has won everything it started out after. Its dream of Mittel Europa is realized now. Only a military victory can save democracy. We must sacrifice ourselves as we have sacrificed our men folks. We must learn to hate that we may effectively kill the evil thing that is ruining not only the bodies but the souls of its people and threatens the rest of the world."

LIBERTY BONDS

1. Are United States Government Bonds.
2. Are supported by every dollar of the enormous resources of the United States.
3. They bear interest at a rate higher than earned by any other class of Government bonds.
4. They do not represent a war gift or donation but the highest type of profit-producing investment.
5. They are in denominations ranging upward from \$50 to suit the convenience and the finances of every American who wants to help his country.
6. They are transferable and constitute an ideal security.
7. If you are willing to help your country any bank or trust company will help you by accepting your order and arranging terms of payment without the imposition of any commission or charge for its services.

ANY BANK WILL HELP YOU

LIBERTY LOAN MONTH GOOSE RHYMES

Sing a song of pennies,
For pennies now rank high;
Five and twenty pennies
A thrift stamp will buy.
Sixteen stamps of thrift
Will buy a little bond
And bonds will give short shift
To Hans and Fritz beyond.

Buy Baby Bunting
A baby bond for hunting
Submarine and Zeppelin
Before they hunt the Babykin.

See saw, Marjorie Daw,
Prussia shall have a new master
His name will be Democracy
Which spells a Junker disaster.

Sing, sing, what shall we sing?
Let every one open his own purse
string.

Martha Newland.
