### WAR VETERANS' MONUMENT.

Red Cross Awarded Contract to Roberts Monument Company at a Meeting Yesterday.

At yesterday afternoon's meeting of the Red Cross society the contract for erecting the Spanish-American war veterans' monument was awarded to the Roberts Monument company for \$1100. In placing such a low bid Manager Lee Roberts this morning stated the price represented the actual cost of the monument, the company expecting to profit either in the labor performed or on the material. The monument will be constructed entirely of Bedford stone, of which the finest monuments in the world are constructed, and will be 24 feet eight inches in height and seven and one-half feet wide at the base. There will be three bases surrounded by the figure of a soldier standing at rest. The figure will be seven feet high. The exact location of placing the monument has not been fully determined upon as yet, though members of the Red Cross have suggested the city park. Mr. Roberts made an excellent suggestion this morning. He is in favor of erecting the monument on the triangular piece of ground at Palouse and Alder streets, opposite the Congregational church. From this point the monument could be seen from the lower end of Alder

## THOUGHT

Is a very important study and to think right is essential in any business enterprise.

The question of buying right is also an important factor to one desiring to purchase.

## FILE BILLS EARLY

New Rule Adopted for Paying Current Accounts.

MUST BE IN BY FIRST OF MONTH

Board Will Sit As Board of Equalization on August 1st to Equalize 1903 Tax Rolls.

Business men and others who have monthly bills against the county have in the past been so dilatory about filing them that the board of commissioners this morning adopted a rule that hereafter monthly bills not filed the first of each month with the auditor will not be considered at all. The rule was made necessary by the fact that several bills contracted a year ago were not presented for payment until recently. Two bills contracted by the old board showed up this morning for payment.

The practice is so annoying and unbusinesslike that the only remedy the commissioners could suggest was to not consider at all bills filed after the usual time for presentation. The board today is auditing bills filed against the county for last month. It was decided upon today that the full board would sit as a board of equalization commencing August 1st to equalize 1903 tax rolls, which are being extended by Assessor Berryman and a force of deputies. The work will be completed within three weeks and the rolls turned over to Treasurer Hawley.

### LOCAL EVENTS.

### Who's Your DRUGGIST?

Perhaps you would not think the question important. A druggist is as good as another, you think, strange if that should be so in one of the skilled professions when it is not true of even the commonest trade. There is always something of skill and correctness which grades men in business. We claim to stand in the top grade where skill and accuracy in compounding of drugs is required. Bring us your prescriptions and you will see that we prove what we claim.
