

# Schlitz Hops from Bohemia

We send our buyers there every year to get the best that are grown, and we pay twice what common hops cost

A partner in our business buys our barley, and selects the best from all.

We get our water from six wells, bored 1400 feet to rock.

Our yeast is all developed from the original mother cells which helped to make Schlitz Beer famous.

All the air that touches Schlitz Beer comes to it through air filters. And the beer itself is filtered through white wood pulp. Then we age it for months, until it can't cause biliousness.

We sterilize every bottle. Ask for the brewery bottling.

Phone Main 434, Bachtold & Achermann, Walla Walla, Wash.

## The Beer That Made Milwaukee Famous.

### HAVE NOOSE FOR TRUST

### CANADIAN PLAN TO CHECKMATE AMERICAN SYSTEM OF UN-DESELLING ON EXPORTS

### Policy of the Liberal Party Outlined and Which Will Be Unanimously Adopted.

OTTAWA, Can., June 15.—A tariff bill of protection for Canadian industries against attack from American trusts is about to be erected by the liberal party in control of the Canadian government. This radical departure of the Dominion has been announced by W. S. Fielding minister of finance, in parliament and as a part of the policy of the liberals, will be adopted probably without serious opposition.

It is against "slaughtered" or "dumped" goods that the Dominion parliament is asked to take action. Without any direct specific mention of the country which will be affected by the tariff which it is proposed to create, the minister's attack was straight at the American industries which export at a lower price than they sell at home.

In operation the special duty would work in this fashion: If an article sold in the United States for \$100, on which the Canadian duty was \$30, were offered in Canada for \$90, the regular duty of \$30 would be imposed, and in addition, \$19 special duty. If the article were offered for \$80, costing \$100 in the United States, the special duty, would be \$15 and not the full amount of \$30.

As a basis for this plan, it has been figured that the unfair price in Canada is about 15 per cent less than the price in the United States.

While the minister was interrupted by members of the opposition as he explained the government policy, and while certain theories advanced were attacked, the reception of the new ideas in tariff, backed as they are by the party in power, left little doubt as to the ultimate action.

### Diplomas for Cadets.

WEST POINT, N. Y., June 15.—One hundred and twenty-five cadets, forming the largest graduating class in the history of the United States Military Academy, received their diplomas this morning from the hands of Col. Albert L. Mills, superintendent of the academy. Among the spectators were Secretary of War Taft, and a large number of prominent army officers from Wash-

ington and other points, together with a number of congressmen and other persons distinguished in civil life.

The graduating exercises took place at 10.30 in front of the cadet chapel. The whole battalion, headed by the military band, marched to the spot in front of the old chapel, which has marked the scene of the graduation of every class since the institution was established. The program of exercises included music by the academy band, prayer by the chaplain, and addresses by the Secretary of War and General James R. Carnahan of Indiana, representing the board of visitors. The diplomas were given by Col. Mills. The high man of the class this year was Cadet Charles R. Pettis, of Mississippi.

### Sunday School Workers.

JAMESTOWN, N. D., June 15.—Scores of delegates and visitors are in the city attending the fifteenth annual convention of the state Sunday School association. The reports of the various officers and committees show great gains in the number of Sabbath schools and membership throughout the state. Last evening several hundred delegates were present at the well-coming demonstration. The regular program of papers and discussions and addresses was taken up this morning and will continue until the close of the convention next Friday.

### Charities and Correction.

PORTLAND, Me., June 15.—Hundreds of delegates representing all parts of the United States and Canada have gathered in Portland for a week's conference to discuss the cause and remedies of pauperism and crime. The occasion is the twenty-fifth anniversary meeting of the National Conference of Charities and Correction. The large attendance and the interesting program combine to give promise of the most notable meeting of the kind ever held in America. The gathering will be formally opened this evening with welcomes and responses. President Jeffrey R. Brackett of Baltimore will preside. The regular program of papers and discussions will be taken up tomorrow.

### Kentucky's Day at St. Louis.

ST. LOUIS, Mo., June 15.—This was Kentucky day at the exposition and it was made notable by the attendance of hundreds of visitors from the Blue Grass state, including the full membership of the Kentucky Editorial association. Formal exercises were held this afternoon in Festival hall at which addresses were made by President Francis, Governor Beckham, President A. Y. Ford of the Kentucky commission, and others. An interesting feature was the presentation to the state of the "Home Bound Colors" of the battleship Kentucky, whose record-breaking run from Asiatic waters to New York established a new record a few weeks ago.

### AFTER THE CHAIRMANSHIP

### BOTH HILL AND BRYAN WANT TO MANAGE DEMOCRATIC NATIONAL CAMPAIGN.

### There Will Be a Lively Fight in Convention Over the Coveted Position.

WASHINGTON, June 15.—Democratic politicians expect a lively fight at the national convention over the organization of the committee on resolutions. It is understood that David B. Hill, who will head the delegation from New York, will have himself placed on the committee and all the democrats expect as a matter of course that W. J. Bryan will be Nebraska's member of the committee. They also expected that both Hill and Bryan will be candidates for the chairmanship and that in that fight will come the first test of Bryan's strength in the convention. Hill may have a fight on his hands in the New York delegation in order to get on the committee on resolutions. It is expected that the Tammany delegates will oppose him and they may have some support from up the state. At Kansas City four years ago he was kept off the committee by order of Richard Croker. If Bryan is defeated for the chairmanship of the committee and the platform reported does not indorse the Kansas City platform, he will, in the opinion of democratic politicians, present a minority report which will enable him to make a speech in the convention.

### Wisconsin Firemen's Tournament.

PORTAGE, Wis., June 15.—The Wisconsin State Firemen's association began its seventeenth annual meeting and tournament here today. Firemen accompanied by bands and citizens poured in on every train. They found the city elaborately decorated in their honor. Tomorrow morning a grand parade of all the firemen present will take place. Thursday afternoon and Friday will be devoted to the ladder climbs, races and hose coupling contests, for which \$1500 in prizes will be awarded.

### For Credit Co-Operation.

NEW YORK, June 15.—The National Association of Credit Men began its annual convention at the Savoy hotel today with about 400 delegates present from various parts of the United States. The business of the convention which will be in session three days, will be devoted to a consideration of commercial legislation, and the question of credit co-operation. On the

matter of legislation the association has reason to congratulate itself on the work done since the last meeting. It was largely instrumental in securing needed amendments to the national bankruptcy law, and its energies have been chiefly devoted this year to pushing the bulk sales law in the various state legislatures. The question of credit co-operation, which is foremost among the matters to receive attention, involves a proposition to establish a commercial clearing house, designed to gather and furnish information about the standing of buyers in the various lines of trade.

### JUDGE GRAY BOOM LAST RESORT

Foes of Parker Shift From McClellan to Delaware Jurist for President.

CHICAGO, June 13.—Walter Wellman, in a special to the Record-Herald from New York, says: Judge George Gray of Delaware and not Mayor George B. McClellan of New York is the man whom the democratic opponents of Judge Parker hope to nominate for president at the St. Louis convention, which is to meet a month from tomorrow. The hope is a faint one, however.

The Parker boom has made so much headway there is now but little confidence that it can be stopped. I am told on good authority that even Senator Gorman, who for some time has been maneuvering around in an effort to find a winning combination, of which he could make himself the center, instead of being compelled to play second fiddle to David B. Hill and August Belmont, has returned from New York quite hopeless as to the outlook.

It is believed here that Messrs. Gorman, Guffey of Pennsylvania and Smith of New Jersey are all "playing for position," that is to say, trying to hold aloof from the Parker movement with a view to making more favorable arrangement with the managers of the New Yorker's interests before they give out their opposition and come into the camp.

If Senator Gorman, former Senator Smith, Colonel Guffey, and John R. McLean of Ohio were to join the Parker forces at once, the nomination would be a foregone conclusion and there would be nothing left to trade upon.

The only way to make terms with the Parker people is to organize an opposition which may have something to sell that the opposition want and possibly may need in their business.

Although Parker is almost as good as nominated, that "almost," that small element in doubt, presents a margin for the operations of such adroit and experienced players of the political game as Messrs. Gorman, Guffey, Smith and McLean. Hence some sort of an effort, sincere or otherwise, is to be made to start up a movement for Judge Gray.

My information is that the Gray suggestion had its origin in certain cor-

poration jealousies in New York city and I should not be surprised if it could be traced directly to 26 Broadway, the headquarters of the Standard Oil company. Mr. Belmont is altogether too prominent in the Parker organization, and there are rich and powerful men among his neighbors in the financial district of the lower end of Manhattan who would like to cut his comb by bringing some other democratic aspirant for the presidency to the front.

It is clear enough to any observer that the nominee of the convention is to be a conservative. Hearst and Bryan have been badly whipped, and nothing is left of them but the ability to make speeches and shout in big type.

### Oregon Grand Army Veterans.

HOOD RIVER, Ore., June 15.—This town has capitulated before an invading force of Grand Army Veterans and their friends who are here from every part of the state for the 23rd annual encampment of the Department of Oregon G. A. R. The program covers three days and is replete with interesting features, including camp-fires, a parade and numerous features of entertainment.

### High Jinks at Atlantic City.

ATLANTIC CITY, N. J., June 15.—This famous resort is decked out in her best bib and tucker and crowded with visitors who are to take part in the celebration of the city's semi-centennial. The celebration will last three days and will include several picturesque pageants, a marine parade, a civic parade, a military parade and a floral rolling chair parade on the famous board-walk.

### Honors for Julia Ward Howe.

MEDFORD, Mass., June 15.—At the forty-eighth annual commencement of Tufts college today the honorary degree of LL. D. was conferred on Secretary of the Navy William H. Moody and Mrs. Julian Ward Howe.

### \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

### SCHOOL GIRL MADE BRIDE

### FOURTEEN-YEAR-OLD BESSIE COOK IS MARRIED TO A BARTENDER.

### The Criminal Prosecution Against B. Cozza Is Dropped by Ceremony Being Performed.

TACOMA, Wash., June 15.—Bessie Cook, the school girl, 14 years of age, who was found by the police in company with Benna Cozza, a bartender, a few nights ago, figured as the bride in a ceremony before Judge Griffin at the city hall, in which Cozza was the groom and Mrs. Moore, mother of the bride, gave consent to the marriage of the girl, who was under the age limit.

Chief Malony was one of the guests at the ceremony, and after the knot was tied the couple left the city hall in a carriage, not without a complimentary shower of rice and a few discarded slippers from the "boys" about the police station.

Cozza has been out on bail since the affair first came to light a few nights ago, and upon investigating the circumstances Judge Griffin and Chief Malony decided that if the girl's parents were willing they would allow the matter to be fixed up as proposed by Cozza. The girl seemed very loth to take a hand in any proceedings against Cozza, and it was with the most undisguised satisfaction that she agreed to the proposal that would make her a bride instead of figuring as the complaining witness in criminal prosecution.

### Georgia Federation of Labor.

ROME, Ga., June 15.—Two hundred eminent representatives of the brain and brawn of the state were present today at the opening of the sixth annual convention of the Georgia Federation of Labor. The gathering was called to order at 10 o'clock by President L. J. Kilburn of Macon. The opening session was devoted to welcoming addresses and responses. A brief business session was held after luncheon for the appointment of committees and other routine business. Adjournment was taken early in the afternoon to permit the visitors to partake of an outdoor entertainment at Mobley park. The business sessions will be resumed tomorrow and will likely continue four or five days as many questions of importance to organized labor in the state are to be discussed and acted upon.

Mother—There, Ethel, don't cry. The spanking hurt mother more than it did you. Ethel—I know it. That's what I'm crying for.
