And they're all good, too.
Prices the Lowest. Inquire before buying.

DeLaval Separators and Farm Prosperity almost go hand in hand. The farming outlook was never before so promising as now. First and always best, as they have been for thirty years, the DeLaval Separators were never before so good as are the new and improved 1908 machines.
Midsummer, the most profitable separator season, is now at hand. There was never a better time to make this most profitable of all farm implement purchases. It's high time to get aboard.
Drop us a card today and we will come and show you the best separator made, the DE LAVAL.
