

# We Occupy the Largest Space

possible in this newspaper for advertising, but it is not half large enough to tell you of our hundreds of new and dainty things for Spring, neither is it half large enough to quote all our low prices on our **up-to-the-minute merchandise**. We enjoy quoting the lowest prices in the city to you because we are not ashamed of them. We call our merchandise "**up-to-the-minute**", because we know absolutely that there is not a cleaner or better stock to be found anywhere. It is **CLEAN**, because **we never buy second-hand, job-lots, rusty, shelf-worn, or out-of-date goods**. We defy anyone to find an article of that kind in any department of our store. Our goods are all new and fresh. Come in and investigate.

## Wonderful Self-Locking Hoisting Device—the JUMBO

If you'll stop at our store for a few minutes we'll gladly show you the handiest, most useful device ever conceived to make hard work easy. Enables one man to lift two to six times as much as he ordinarily could. It's the

### HALL JUMBO "2-in-1" Safety Hoist and Wire Stretcher

#### The Only Block and Tackle With a Cock-Sure Automatic Locking Device on Pull Rope

The instant you slack up on the pull rope the lock locks the rope in a grip that can't slip. The load hangs suspended until a slight movement of the pull rope releases the lock. Lock works perfectly, whether the rope is wet, greasy, dry or badly worn from use. The patented adjustable lock shoe makes it safer, more dependable than any other hoist.

**JUMBO for Fence Building**—So powerful that wire can be drawn as tight as a fiddle string. Made of steel—very convenient to work with. Has double the strength of any cast iron wire stretcher on the market, yet it costs no more than the inferior kind. Lasts a lifetime.

**JUMBO for Heavy Lifting**—Easiest way to shift a wagon box on or off the gear—to swing baled hay to loft—handle heavy barrels of any kind. Just the thing for the farmer who does his own butchering. Can be put to a hundred different uses. Will save back-breaking lifting every day. The Jumbo has capacity of 1,500 lbs. Roped with half-inch pure manila rope, all ready for use.

#### Try One FREE for 30 Days

The manufacturers take all the risk. If you are not satisfied, come get your money back. Every Hall Hoist is absolutely guaranteed. We are glad to sell them because we know they are thoroughly reliable and will please every customer.

OTHER Hall Specialties which we carry are: corrugated galvanized baskets, lawn weeders, adjustable drain cleaners, post hole diggers and augers. The Hall auger is the only post hole auger with an auger point. It's a patented feature. It grips the earth with the first turn of the handle; no pushing or crowding necessary to get it started. No giant powder to keep it going. It feeds in the earth like a bit does into wood. Digs post holes four times quicker than with a spade—cuts out the back-breaking drudgery. In sizes from 3 to 10 inches. The 3-inch size is especially adapted for use in bring holes when blasting stumps. Try one, and see how it will lighten your work.
